Management's Discussion of Fund Performance (unaudited)

The total return of Project and Trade Finance Core Fund (the "Fund"),¹ based on net asset value for the 12-month reporting period ended March 31, 2024, was 8.73% compared to a return of 5.41% for the ICE BofA U.S. Dollar 1-Month Deposit Offered Rate Constant Maturity Index (ICE1MDOR),² the Fund's benchmark. The weighted average life of the Fund's portfolio was 17.79 months as of the end of the reporting period. The Fund's total return for the most recently completed fiscal year reflected actual cash flows, transaction costs and expenses which were not reflected in the total return of the ICE1MDOR.

The following discussion will focus on Fund performance relative to the ICE1MDOR.

MARKET OVERVIEW

After several quarters of decline, global trade showed signs of a rebound early in 2024 per the United Nations Conference on Trade and Development. This indication was further supported by the World Trade Organization's (WTO) trade barometer, which was slightly above the baseline of 100 and indicated a gradual recovery. At the end of the reporting period, the WTO was predicting global merchandise trade growth of 3.3% in 2024.

In 2023, the world was affected by two military conflicts and associated geopolitical effects, uncertainty over global economic growth, continued nearshoring and an inflationary environment and maritime trade-specific events that affected global trade flows. With these continued events, there is a significant degree of uncertainty over trade rebound in 2024.

Decreased trade impacted sub-categories of trade finance such as supply chain finance, revenues of which are expected to contract by some 7% in 2024. Interestingly, the commodity trading industry, which accounts for a significant portion of global trade volume, posted another record year in net profits in 2023. This was partly a result of commodity price volatility created by the above-referenced events, and traders tend to seek more opportunities in volatile markets by monetizing optionality in their assets, trade flows and contracts.

Over the past several months, trade flows have been impacted by two notable events. First, maritime trade flows passing through the Red Sea have been significantly disrupted by Iran-backed Houthi rebels operating out of Yemen. The Red Sea, connected to the Mediterranean by the 120-mile Suez Canal, is the primary maritime gateway for cargo flows from Asia to Europe and the Mediterranean. This led to re-routing of vessels via longer routes.

Second, container flows to the Port of Baltimore have been affected after the Francis Scott Key Bridge across the Patapsco River collapsed in March 2024 because of a container ship striking one of its piers. The Port of Baltimore handles about 10% of imports to the Northeast U.S. Importantly, the vast majority of trade flow is containerized and likely to be re-routed to nearby ports in Philadelphia and New Jersey.

The Project and Trade Finance investment team continues to monitor direct and indirect impacts of macro and trade-specific events. In addition to ongoing monitoring of existing positions, the Federated Hermes Trade Finance Strategy implements diversification by region, sector and transaction type. This further minimizes the potential impacts of idiosyncratic trade disruptions, a decrease in investment opportunities in certain sub-categories of trade finance and bilateral trade restrictions.

FUND PERFORMANCE

During the reporting period, the most significant factors positively affecting the Fund's performance relative to the ICE1MDOR were the selection of individual securities within each sector, sector diversification and the relatively elevated London Inter-Bank Offered Rate (LIBOR) and Secured Overnight Financing Rate (SOFR) rates. Factors that negatively affected performance were cash balances and mark-to-market price volatility.

The Fund was invested in a portfolio of trade finance related holdings that was widely diversified over geographic regions and sectors. Regionally, the Fund's holdings (excluding other assets and liabilities), as of the end of the fiscal year, were invested 22.58% Sub-Saharan Africa, 14.73% Latin America, 11.53% Middle East/North Africa, 11.33% Western Europe, 11.19% Eastern Europe, 9.70% Asia, 4.67% North America and 14.27% Cash.

The countries represented in those regions in which the Fund held investments include: Angola, Argentina, Azerbaijan, Benin, Brazil, Chile, China, Colombia, Congo, Republic of, Denmark, Dominican Republic, Egypt, Estonia, Ghana, Indonesia, Italy, Ivory Coast, Kenya, Mauritius, New Caledonia, Nigeria, Oman, Papua New Guinea, Qatar, Russia, Saudi Arabia, Senegal, Serbia, Singapore, South Africa, Spain, Suriname, Switzerland, Trinidad & Tobago, Turkey, Ukraine, United Arab Emirates, United Kingdom, United States, Uzbekistan and Zambia.

The sector diversification³ of the Fund at the end of the reporting period was as follows: 29.68% Energy, 13.01% Foreign Sovereign, 11.72% Banking, 9.96% Basic Industry, 7.26% Utility, 7.13% Telecommunications, 2.92% Transportation, 2.14% Supranational, 0.83% Consumer Goods, 0.65% Automotive, 0.37% Technology & Electronics, 0.07% Capital Goods and 14.27% Cash.

The Fund's broad diversification on both a regional and sector basis and the increase in LIBOR and SOFR rates made positive contributions to Fund performance on both an absolute basis and relative to the ICE1MDOR. The Fund's cash position and mark-to-market valuation effects were the largest detractors from Fund performance during the period.

MARKET SPREADS

Spreads in the market remained stable during the reporting period, resulting in an average coupon rate⁴ of 7.54% for transactions in the Fund. The Fund's 30-day yield⁵ was 8.08% as of the end of the reporting period.

- 1 *Project and Trade Finance Core Fund is NOT a mutual fund. The Fund operates as an open-end extended payment fund. Shareholders of the Fund will have a restricted ability to redeem shares of the Fund ("Shares"). When a redeeming shareholder presents Shares to the transfer agent in proper order for redemption, the Fund has up to thirty-one (31) days to make payment to the redeeming shareholder. The price of the redeemed Shares will be determined as of the closing net asset value (NAV) of the Fund twenty-four (24) days after receipt of a shareholder redemption request or if such date is a weekend or holiday, on the preceding business day (the "Redemption Pricing Date"). Under normal circumstances, the Fund will make payment to the redeeming shareholder one business day after the Redemption Pricing Date (the "Redemption Payment Date"). However, the Fund reserves the right to make payment up to seven (7) days after the Redemption Pricing Date, provided such date does not exceed thirty-one (31) days after the Shares have been presented for redemption in proper order. Shareholders that redeem Shares will incur the risk that the value of their Shares presented for redemption will be worth less on the Redemption Pricing Date than on the date they submitted their redemption request.*
- 2 *Please see the footnotes to the line graph under "Fund Performance and Growth of a \$10,000 Investment" below for the definition of, and more information about, the ICE1MDOR.*
- 3 *Diversification does not assure a profit or protect against loss.*
- 4 *Weighted average coupon is calculated by weighting each bond's coupon by its relative size in the portfolio. This figure indicates whether the portfolio has more high- or low-coupon bonds.*
- 5 *The 30-day yield (also known as "SEC yield") is a compounded and annualized figure calculated according to a formula set by the Securities and Exchange Commission (SEC). For an indefinite period of time, the investment adviser is waiving all or part of its fee and, in addition, may reimburse the Fund for some of its expenses. Otherwise, the yield would have been 7.26%.*

FUND PERFORMANCE AND GROWTH OF A \$10,000 INVESTMENT

The graph below illustrates the hypothetical investment of \$10,000¹ in the Project and Trade Finance Core Fund (the “Fund”) from March 31, 2014 to March 31, 2024, compared to the ICE BofA U.S. Dollar 1-Month Deposit Offered Rate Constant Maturity Index (ICE1MDOR).² The Average Annual Total Returns table below shows returns averaged over the stated periods.

GROWTH OF A \$10,000 INVESTMENT

Growth of \$10,000 as of March 31, 2024

Average Annual Total Returns for the Period Ended 3/31/2024

	1 Year	5 Years	10 Years
Fund	8.73%	4.69%	3.81%
ICE1MDOR	5.41%	2.10%	1.49%

Performance data quoted represents past performance which is no guarantee of future results. Investment return and principal value will fluctuate so that an investor’s shares, when redeemed, may be worth more or less than their original cost. Fund performance changes over time and current performance may be lower or higher than what is stated. For current to the most recent month-end performance and after-tax returns, current shareholders may call 1-800-341-7400. Returns shown do not reflect the deduction of taxes that a shareholder would pay on Fund distributions or the redemption of Fund shares.

1 The Fund’s performance assumes the reinvestment of all dividends and distributions.

2 The ICE1MDOR is an independent calculation of the ICE BofA 1-Month SOFR. The ICE1MDOR is a widely used benchmark for short-term interest rates, providing an indication of the average rates at which SOFR panel banks could obtain wholesale, unsecured funding for set periods in particular currencies. The ICE1MDOR is not adjusted to reflect sales charges, expenses or other fees that the Securities and Exchange Commission (SEC) requires to be reflected in the Fund’s performance. The index is unmanaged and, unlike the Fund, is not affected by cash flows. It is not possible to invest directly in an index.

Portfolio of Investments Summary Table (unaudited)

At March 31, 2024, the Fund's portfolio composition¹ was as follows:

Security Type	Percentage of Total Net Assets
Trade Finance Agreements	88.4%
Derivative Contracts ²	0.1%
Cash Equivalents ³	14.8%
Other Assets and Liabilities—Net ⁴	(3.3)%
TOTAL	100%

1 See the Fund's Private Offering Memorandum and Part B: Information Required in a Statement of Additional Information for a description of these security types.

2 Based upon net unrealized appreciation (depreciation) or value of the derivative contracts as applicable. Derivative contracts may consist of futures, forwards, options and swaps. The impact of a derivative contract on the Fund's performance may be larger than its unrealized appreciation (depreciation) or value may indicate. In many cases, the notional value or amount of a derivative contract may provide a better indication of the contract's significance to the portfolio. More complete information regarding the Fund's direct investments in derivative contracts, including unrealized appreciation (depreciation), value and notional values or amounts of such contracts, can be found in the table at the end of the Portfolio of Investments included in this report.

3 Cash Equivalents include any investments in money market mutual funds and/or overnight repurchase agreements.

4 Assets, other than investments in securities and derivative contracts, less liabilities. See Statement of Assets and Liabilities.

At March 31, 2024, the Fund had the following outstanding foreign exchange contracts:

Settlement Date	Counterparty	Foreign Currency Units to Deliver/Receive	In Exchange For	Net Unrealized Appreciation
Contracts Sold:				
6/20/2024	Bank of America, N.A.	112,865,859,600	IDR 7,150,605	\$ 47,093
6/27/2024	Credit Agricole CIB	103,900,000	EUR 113,055,387	\$ 574,992
6/27/2024	Barclays Bank PLC	103,500,000	EUR 112,545,186	\$ 497,823
NET UNREALIZED APPRECIATION ON FOREIGN EXCHANGE CONTRACTS				\$1,119,908

Net Unrealized Appreciation on Foreign Exchange Contracts is included in "Other Assets and Liabilities—Net."

Transactions with affiliated investment companies, which are funds managed by the Adviser or an affiliate of the Adviser, during the period ended March 31, 2024, were as follows:

	Federated Hermes Institutional Prime Value Obligations Fund, Institutional Shares
Value as of 3/31/2023	\$ 52,770,412
Purchases at Cost	\$ 745,001,490
Proceeds from Sales	\$(666,775,161)
Change in Unrealized Appreciation/Depreciation	\$ 5,209
Net Realized Gain/(Loss)	\$ 9,931
Value as of 3/31/2024	\$ 131,011,881
Shares Held as of 3/31/2024	130,998,781
Dividend Income	\$ 5,193,866

1 Denotes a restricted security that either: (a) cannot be offered for public sale without first being registered, or availing of an exemption from registration, under the Securities Act of 1933; or (b) is subject to a contractual restriction on public sales. At March 31, 2024, these restricted securities amounted to \$784,552,654, which represented 88.4% of total net assets.

2 Floating/variable note with current rate and current maturity or next reset date shown.

3 Issuer in default.

4 Market quotations and price evaluations are not available. Fair value determined using significant unobservable inputs in accordance with procedures established by and under the general supervision of the Fund's Adviser acting through its Valuation Committee ("Valuation Committee").

5 Non-income-producing security.

6 Principal amount and interest were not paid upon final maturity.

7 Zero coupon bond.

8 7-day net yield.

9 The cost of investments for federal tax purposes amounts to \$934,837,966.

10 Assets, other than investments in securities, less liabilities. See Statement of Assets and Liabilities.

Note: The categories of investments are shown as a percentage of total net assets at March 31, 2024.

Various inputs are used in determining the value of the Fund's investments. These inputs are summarized in the three broad levels listed below:

Level 1—quoted prices in active markets for identical securities.

Level 2—other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.). Also includes securities valued at amortized cost.

Level 3—significant unobservable inputs (including the Fund's own assumptions in determining the fair value of investments).

The inputs or methodology used for valuing securities are not an indication of the risk associated with investing in those securities.

The following is a summary of the inputs used, as of March 31, 2024, in valuing the Fund's assets carried at fair value:

Valuation Inputs

	Level 1— Quoted Prices	Level 2— Other Significant Observable Inputs	Level 3— Significant Unobservable Inputs	Total
Debt Securities:				
Trade Finance Agreements	\$ —	\$ —	\$784,552,654	\$784,552,654
Investment Company	131,011,881	—	—	131,011,881
TOTAL SECURITIES	\$131,011,881	\$ —	\$784,552,654	\$915,564,535
Other Financial Instruments¹				
Assets	\$ —	\$1,119,908	\$ —	\$ 1,119,908

1 Other financial instruments are foreign exchange contracts.

Trade finance agreements' fair values are primarily derived from discounted cash flow methodologies utilizing unobservable inputs due to the lack of market transactions. The discount rate used within the methodologies to discount the future anticipated cash flows is considered a significant unobservable input. Increases/(decreases) in the discount rate would result in a (decrease)/increase to an investment's fair value. The discount rates used as of March 31, 2024, as inputs for valuing Fund investments ranged from (1.53)% to 100% and the weighted average discount rate based on the Value in U.S. dollars is 3.54%.

Following is a reconciliation of assets in which significant unobservable inputs (Level 3) were used in determining fair value:

	Investments in Trade Finance Agreements
Balance as of 3/31/2023	\$ 601,497,620
Accreted/amortized discount/premiums	4,212,626
Realized gain (loss)	(7,648,467)
Change in unrealized appreciation/depreciation	3,782,358
Purchases	905,371,598
(Sales)	(722,663,081)
Balance as of 3/31/2024	\$ 784,552,654
Total change in unrealized appreciation/depreciation attributable to investments still held at 3/31/2024	\$ (439,487)

The following acronym(s) are used throughout this portfolio:

EUR —Euro

EURIBOR—Euro Interbank Offered Rate

IDR —Indonesian Rupiah

JSC —Joint Stock Company

LIBOR —London Interbank Offered Rate

SOFR —Secured Overnight Financing Rate

Statement of Cash Flows

Year Ended March 31, 2024

Operating Activities:

Change in net assets resulting from operations	\$ 64,949,573
--	---------------

Adjustments to Reconcile Change in Net Assets Resulting From Operations to Net Cash Used By Operating Activities:

Purchase of investment securities	(905,371,598)
Proceeds from disposition of investment securities	722,663,081
Purchase of short-term investments, net	(78,226,329)
Amortization/accretion of premium/discount, net	(4,212,626)
Increase in income receivable	(5,312,881)
Decrease in receivable for investments sold	12,065,808
Increase in accrued expenses	46,442
Net realized loss on investments	7,638,536
Net change in unrealized appreciation/depreciation of investments	(3,787,567)
Net change in unrealized appreciation/depreciation of foreign exchange contracts	(1,349,182)
NET CASH USED BY OPERATING ACTIVITIES	(190,896,743)

Financing Activities:

Increase in cash overdraft	52,210,926
Proceeds from sale of units	228,995,901
Income distributions to participants	(4,823,118)
Payments for units redeemed	(76,818,000)
NET CASH PROVIDED BY FINANCING ACTIVITIES	199,565,709
Increase in cash	8,668,966
Cash at beginning of year	542,037
Cash at end of year	\$ 9,211,003

Non-cash financing activities not included herein consist of reinvestment of dividends and distributions to participants of \$51,570,892.

Notes to Financial Statements

March 31, 2024

1. ORGANIZATION

Project and Trade Finance Core Fund (the “Fund”) is a diversified portfolio of Federated Hermes Core Trust III (the “Trust”). The Trust is registered under the Investment Company Act of 1940, as amended (the “Act”), as an open-end management investment company. The Fund operates as an open-end extended payment fund. The Fund’s investment objective is to provide total return. Currently, the Fund is only available for purchase by organizations or entities that are “accredited investors” within the meaning of Regulation D of the Securities Act of 1933, as amended (the “1933 Act”) and “qualified purchasers” as defined in Section 2(a)(51) of the Act. The Fund is not a mutual fund, and its shares are offered pursuant to an exemption from registration under the 1933 Act.

2. SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies consistently followed by the Fund in the preparation of its financial statements. These policies are in conformity with U.S. generally accepted accounting principles (GAAP).

Investment Valuation

In calculating its net asset value (NAV), the Fund generally values investments as follows:

- Fixed-income securities are fair valued using price evaluations provided by a pricing service approved by Federated Investment Management Company (the “Adviser”).
- Equity securities listed on an exchange or traded through a regulated market system are valued at their last reported sale price or official closing price in their principal exchange or market.
- Shares of other mutual funds or non-exchange-traded investment companies are valued based upon their reported NAVs, or NAV per share practical expedient, as applicable.
- Derivative contracts listed on exchanges are valued at their reported settlement or closing price, except that options are valued at the mean of closing bid and ask quotations.
- Over-the-counter (OTC) derivative contracts are fair valued using price evaluations provided by a pricing service approved by the Adviser.
- For securities that are fair valued in accordance with procedures established by and under the general supervision of the Adviser, certain factors may be considered, such as: the last traded or purchase price of the security, information obtained by contacting the issuer or dealers, analysis of the issuer’s financial statements or other available documents, fundamental analytical data, the nature and duration of restrictions on disposition, the movement of the market in which the security is normally traded, public trading in similar securities or derivative contracts of the issuer or comparable issuers, movement of a relevant index, expected recovery rate on distressed securities, opinion of legal counsel regarding the outcome of any relevant legal matters or other factors including but not limited to industry changes and relevant government actions.

If any price, quotation, price evaluation or other pricing source is not readily available when the NAV is calculated, if the Fund cannot obtain price evaluations from a pricing service or from more than one dealer for an investment within a reasonable period of time as set forth in the Adviser’s valuation policies and procedures for the Fund, or if information furnished by a pricing service, in the opinion of the Adviser’s valuation committee (“Valuation Committee”), is deemed not representative of the fair value of such security, the Fund uses the fair value of the investment determined in accordance with the procedures described below. There can be no assurance that the Fund could obtain the fair value assigned to an investment if it sold the investment at approximately the time at which the Fund determines its NAV per share, and the actual value obtained could be materially different.

Fair Valuation and Significant Events Procedures

Pursuant to Rule 2a-5 under the Act, the Fund’s Board of Trustees (the “Trustees”) has designated the Adviser as the Fund’s valuation designee to perform any fair value determinations for securities and other assets held by the Fund. The Adviser is subject to the Trustees’ oversight and certain reporting and other requirements intended to provide the Trustees the information needed to oversee the Adviser’s fair value determinations.

The Adviser, acting through its Valuation Committee, is responsible for determining the fair value of investments for which market quotations are not readily available. The Valuation Committee is comprised of officers of the Adviser and certain of the Adviser’s affiliated companies and determines fair value and oversees the calculation of the NAV. The Valuation Committee is also authorized to use pricing services to provide fair value evaluations of the current value of certain investments for purposes of calculating the NAV. The Valuation Committee employs various methods for reviewing third-party pricing-service evaluations including periodic reviews of third-party pricing services’ policies, procedures and valuation methods (including key inputs, methods, models and assumptions), transactional back-testing, comparisons of evaluations of different pricing services, and review of price challenges by the Adviser based on recent market activity. In the event that market quotations and price evaluations are not available for an investment, the Valuation Committee determines the fair value of the investment in accordance with procedures adopted by the Adviser. The Trustees periodically review the fair valuations made by the Valuation Committee. The Trustees have also approved the Adviser’s fair valuation and significant events procedures as part of the Fund’s compliance program and will review any changes made to the procedures.

The Fund’s investments in trade finance agreements are primarily determined by applying discounted cash flow methodologies utilizing various inputs such as available or implied credit ratings, loan characteristics, seniority, collateral, comparable debt instruments, yield curves or indices, broader loan data, bond data and bond sector curves. When appropriate, other considerations may include asset liquidation analyses, internal credit assessments and general market conditions. The Fund utilizes third-party pricing specialists in determining its valuations. Typically, there are no other sources of evaluations for these investments and the inputs utilized are less observable. Additionally, trade finance agreements are typically held to maturity by investors and therefore do not trade on a consistent

basis. Accordingly, executed trade prices are usually unavailable and thus, generally cannot be relied upon to support valuations of these investments. Therefore, inputs unobservable in active markets must be relied upon more heavily and as such, the Fund's management has determined these to be Level 3 investments. The prices realized for these investments upon sale may be different than prices used by the Fund to value them and the differences could be material.

Some pricing services provide a single price evaluation reflecting the bid-side of the market for an investment (a "bid" evaluation). Other pricing services offer both bid evaluations and price evaluations indicative of a price between the prices bid and ask for the investment (a "mid" evaluation). The Fund normally uses bid evaluations for any U.S. Treasury and Agency securities, mortgage-backed securities and municipal securities. The Fund normally uses mid evaluations for any other types of fixed-income securities and any OTC derivative contracts. In the event that market quotations and price evaluations are not available for an investment, the fair value of the investment is determined in accordance with the Adviser's procedures.

The Adviser has also adopted procedures requiring an investment to be priced at its fair value whenever the Valuation Committee determines that a significant event affecting the value of the investment has occurred between the time as of which the price of the investment would otherwise be determined and the time as of which the NAV is computed. An event is considered significant if there is both an affirmative expectation that the investment's value will change in response to the event and a reasonable basis for quantifying the resulting change in value. Examples of significant events that may occur after the close of the principal market on which a security is traded, or after the time of a price evaluation provided by a pricing service or a dealer, include:

- With respect to securities traded principally in foreign markets, significant trends in U.S. equity markets or in the trading of foreign securities index futures contracts;
- Political or other developments affecting the economy or markets in which an issuer conducts its operations or its securities are traded;
- Announcements concerning matters such as acquisitions, recapitalizations, litigation developments, or a natural disaster affecting the issuer's operations or regulatory changes or market developments affecting the issuer's industry.

The Adviser has adopted procedures whereby the Valuation Committee uses a pricing service to provide factors to update the fair value of equity securities traded principally in foreign markets from the time of the close of their respective foreign stock exchanges to the pricing time of the Fund. For other significant events, the Fund may seek to obtain more current quotations or price evaluations from alternative pricing sources. If a reliable alternative pricing source is not available, the Valuation Committee will determine the fair value of the investment in accordance with the fair valuation procedures approved by the Adviser. The Trustees periodically review fair valuations made in response to significant events.

Investment Income, Gains and Losses, Expenses and Distributions

Investment transactions are accounted for on a trade-date basis. Realized gains and losses from investment transactions are recorded on an identified-cost basis. Interest income and expenses are accrued daily. Dividend income and distributions to shareholders are recorded on the ex-dividend date. Foreign dividends are recorded on the ex-dividend date or when the Fund is informed of the ex-dividend date. Distributions of net investment income, if any, are declared daily and paid monthly. Non-cash dividends included in dividend income, if any, are recorded at fair value. Amortization/accretion of premium and discount is included in investment income. The detail of the total fund expense waiver and reimbursement of \$777,582 is disclosed in Note 5.

Federal Taxes

It is the Fund's policy to comply with the Subchapter M provision of the Internal Revenue Code of 1986 (the "Code") and to distribute to shareholders each year substantially all of its income. Accordingly, no provision for federal income tax is necessary. As of and during the year ended March 31, 2024, the Fund did not have a liability for any uncertain tax positions. The Fund recognizes interest and penalties, if any, related to tax liabilities as income tax expense in the Statement of Operations. As of March 31, 2024, tax years 2021 through 2024 remain subject to examination by the Fund's major tax jurisdictions, which include the United States of America and the State of Delaware.

The Fund may be subject to taxes imposed by governments of countries in which it invests. Such taxes are generally based on either income or gains earned or repatriated. The Fund accrues and applies such taxes to net investment income, net realized gains and net unrealized gains as income and/or gains are earned.

Foreign Exchange Contracts

The Fund enters into foreign exchange contracts to manage currency risk. Purchased contracts are used to acquire exposure to foreign currencies, whereas, contracts to sell are used to hedge the Fund's securities against currency fluctuations. Risks may arise upon entering into these transactions from the potential inability of counterparties to meet the terms of their commitments and from unanticipated movements in security prices or foreign exchange rates. The foreign exchange contracts are adjusted by the daily exchange rate of the underlying currency and any gains or losses are recorded for financial statement purposes as unrealized until the settlement date.

Foreign exchange contracts are subject to Master Netting Agreements which are agreements between the Fund and its counterparties that provide for the net settlement of all transactions and collateral with the Fund, through a single payment, in the event of default or termination. Amounts presented on the Portfolio of Investments and Statement of Assets and Liabilities are not net settlement amounts but gross.

Foreign exchange contracts outstanding at period end, including net unrealized appreciation/depreciation or net settlement amount, are listed after the Fund's Portfolio of Investments.

The average value at settlement date payable and receivable of foreign exchange contracts purchased and sold by the Fund throughout the period was \$631,064 and \$1,928,000, respectively. This is based on the contracts held as of each month-end throughout the fiscal period.

Foreign Currency Translation

The accounting records of the Fund are maintained in U.S. dollars. All assets and liabilities denominated in foreign currencies are translated into U.S. dollars based on the rates of exchange of such currencies against U.S. dollars on the date of valuation. Purchases and sales of securities, income and expenses are translated at the rate of exchange quoted on the respective date that such transactions are recorded. The Fund does not isolate that portion of the results of operations resulting from changes in foreign exchange rates on investments from the fluctuations arising from changes in market prices of securities held. Such fluctuations are included with the net realized and unrealized gain or loss from investments.

Reported net realized foreign exchange gains or losses arise from sales of foreign currencies, currency gains or losses realized between the trade and settlement dates on securities transactions, the difference between the amounts of dividends, interest and foreign withholding taxes recorded on the Fund's books, and the U.S. dollar equivalent of the amounts actually received or paid. Net unrealized foreign exchange gains and losses arise from changes in the value of assets and liabilities other than investments in securities at fiscal year end, resulting from changes in the exchange rate.

Restricted Securities

The Fund may purchase securities which are considered restricted. Restricted securities are securities that either: (a) cannot be offered for public sale without first being registered, or being able to take advantage of an exemption from registration, under the 1933 Act; or (b) are subject to contractual restrictions on public sales. In some cases, when a security cannot be offered for public sale without first being registered, the issuer of the restricted security has agreed to register such securities for resale, at the issuer's expense, either upon demand by the Fund or in connection with another registered offering of the securities. Many such restricted securities may be resold in the secondary market in transactions exempt from registration. Restricted securities may be determined to be liquid under criteria established by the Trustees. The Fund will not incur any registration costs upon such resales. The Fund's restricted securities, like other securities, are priced in accordance with procedures established by and under the general supervision of the Adviser.

Additional Disclosure Related to Derivative Instruments

Other

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts of assets, liabilities, expenses and revenues reported in the financial statements. Actual results could differ materially from those estimated. The Fund applies investment company accounting and reporting guidance.

3. SHARES OF BENEFICIAL INTEREST

The following table summarizes share activity:

	Year Ended 3/31/2024	Year Ended 3/31/2023
Shares sold	18,654,697	18,613,445
Shares issued to shareholders in payment of distributions declared	5,880,606	4,287,902
Shares redeemed	(8,780,036)	(30,145,311)
NET CHANGE RESULTING FROM FUND SHARE TRANSACTIONS	15,755,267	(7,243,964)

4. FEDERAL TAX INFORMATION

The tax character of distributions as reported on the Statement of Changes in Net Assets for the years ended March 31, 2024 and 2023, was as follows:

	2024	2023
Ordinary income	\$56,261,725	\$42,981,477

As of March 31, 2024, the components of distributable earnings on a tax-basis were as follows:

Undistributed ordinary income	\$ 3,134,297
Net unrealized depreciation	\$(19,226,338)
Capital loss carryforwards	\$(43,255,995)
Other temporary differences	\$ (38,126)
TOTAL	\$(59,386,162)

At March 31, 2024, the cost of investments for federal tax purposes was \$934,837,966. The net unrealized depreciation of investments for federal tax purposes was \$19,226,338. This consists of unrealized appreciation from investments for those securities having an excess of value over cost of \$4,381,753 and unrealized depreciation from investments for those securities having an excess of cost over value of \$23,608,091. The amounts presented are inclusive of derivative contracts. The difference between book-basis and tax-basis net unrealized depreciation is attributable to differing treatments for defaulted securities and mark to market of foreign exchange contracts.

As of March 31, 2024, the Fund had a capital loss carryforward of \$43,255,995 which will reduce the Fund's taxable income arising from future net realized gains on investments, if any, to the extent permitted by the Code, thereby reducing the amount of distributions to shareholders which would otherwise be necessary to relieve the Fund of any liability for federal income tax. Pursuant to the Code, these net capital losses retain their character as either short-term or long-term and do not expire.

The following schedule summarizes the Fund's capital loss carryforwards:

Short-Term	Long-Term	Total
\$1,014,202	\$42,241,793	\$43,255,995

5. INVESTMENT ADVISER FEE AND OTHER TRANSACTIONS WITH AFFILIATES

Investment Adviser Fee

The advisory agreement between the Fund and the Adviser provides for an annual fee equal to 0.10% of the Fund's average daily net assets. The Adviser and certain of its affiliates on their own initiative have agreed to waive their respective fees (if any), and/or reimburse expenses of the Fund for competitive reasons such as to maintain the Fund's expense ratio, or as and when appropriate, to maintain positive or zero net yields. Total annual fund operating expenses (as shown in the financial highlights excluding fees and expenses that may be charged by the Adviser and its affiliates, operating expenses associated with premiums for risk insurance policies on portfolio securities and certain legal fees related to specific investments, if any) paid by the Fund's shares (after the voluntarily waivers and reimbursements) will not exceed 0.15% of the Fund's average daily net assets. The Adviser and its affiliates can modify or terminate this voluntary reimbursement at any time at its sole discretion. For the year ended March 31, 2024, the Adviser voluntarily waived \$680,572 of its fee.

The Adviser has agreed to reimburse the Fund for certain investment adviser fees as a result of transactions in other affiliated investment companies. For the year ended March 31, 2024, the Adviser reimbursed \$97,010.

Certain of the Fund's assets are managed by Federated Hermes (UK) LLP (the "Sub-Adviser"). Under the terms of a sub-advisory agreement between the Adviser and the Sub-Adviser, the Sub-Adviser receives an annual fee equal to 0.39% of the daily net assets of the Fund paid by Adviser out of its resources and is not an incremental Fund expense. For the year ended March 31, 2024, the Sub-Adviser earned a fee of \$3,032,569.

Administrative Services

Federated Administrative Services (FAS), under the Administrative Services Agreement, provides the Fund with administrative personnel and services. FAS does not charge the Fund an administrative services fee but is entitled to reimbursement for certain out-of-pocket expenses incurred in providing administrative services to the Fund.

Directors'/Trustees' and Miscellaneous Fees

Certain Officers and Trustees of the Fund are Officers and Directors or Trustees of certain of the above companies. To efficiently facilitate payment, Independent Directors'/Trustees' fees and certain expenses related to conducting meetings of the Directors/Trustees and other miscellaneous expenses are paid by an affiliate of the Adviser which in due course are reimbursed by the Fund. These expenses related to conducting meetings of the Directors/Trustees and other miscellaneous expenses may be included in Accrued and Miscellaneous Expenses on the Statement of Assets and Liabilities and Statement of Operations, respectively.

Affiliated Shares of Beneficial Interest

As of March 31, 2024, a majority of the shares of beneficial interest outstanding are owned by an affiliate of the Adviser.

6. INVESTMENT TRANSACTIONS

Purchases and sales of investments, excluding long-term U.S. government securities and short-term obligations, for the year ended March 31, 2024, were as follows:

Purchases	\$351,930,311
Sales	\$279,292,200

7. CONCENTRATION OF RISK

A substantial part of the Fund's portfolio may be comprised of entities in the Energy sector. As a result, the Fund may be more susceptible to any economic, business, political or other developments which generally affect these entities.

The Fund invests in securities of non-U.S. issuers. Political or economic developments may have an effect on the liquidity and volatility of portfolio securities and currency holdings. At March 31, 2024, the diversification of countries was as follows:

Country	Percentage of Total Net Assets
Brazil	9.5%
Turkey	9.3%
Uzbekistan	6.3%
Angola	4.8%
United Arab Emirates	4.8%
United States	4.7%
Nigeria	4.7%
Switzerland	4.1%
Senegal	3.6%
Oman	3.1%
Ivory Coast	3.0%
Egypt	2.5%
United Kingdom	2.1%
Ghana	1.9%
Colombia	1.7%
Mauritius	1.7%
Trinidad And Tobago	1.6%
Denmark	1.6%
China	1.5%
Serbia	1.4%
Qatar	1.4%
Benin	1.3%
Russia	1.1%
Estonia	1.0%
Chile	0.9%

South Africa	0.9%
Indonesia	0.8%
Suriname	0.7%
Azerbaijan	0.7%
Dominican Republic	0.7%
Italy	0.7%

Country	Percentage of Total Net Assets
Kenya	0.6%
Papua New Guinea	0.6%
Singapore	0.6%
Ukraine	0.5%
Zambia	0.5%
New Caledonia	0.2%
Congo, Republic Of	0.2%
Argentina	0.1%
Saudi Arabia	0.1%
India	0.0% ¹

¹ Represents less than 0.1%.

CASH

The Fund may place its cash on deposit with financial institutions in the United States, which is insured by the Federal Deposit Insurance Company ("FDIC") up to \$250,000. The Fund's credit risk in the event of failure of these financial institutions is represented by the difference between the FDIC limit and the total amounts on deposit. The Fund from time to time may have amounts on deposit in excess of the insured limits.

8. INDEMNIFICATIONS

Under the Fund's organizational documents, its Officers and Directors/Trustees are indemnified against certain liabilities arising out of the performance of their duties to the Fund (other than liabilities arising out of their willful misfeasance, bad faith, gross negligence or reckless disregard of their duties to the Fund). In addition, in the normal course of business, the Fund provides certain indemnifications under arrangements with third parties. Typically, obligations to indemnify a third party arise in the context of an arrangement entered into by the Fund under which the Fund agrees to indemnify such third party for certain liabilities arising out of actions taken pursuant to the arrangement, provided the third party's actions are not deemed to have breached an agreed-upon standard of care (such as willful misfeasance, bad faith, gross negligence or reckless disregard of their duties under the contract). The Fund's maximum exposure under these arrangements is unknown as this would involve future claims that may be made against the Fund that have not yet arisen. The Fund does not anticipate any material claims or losses pursuant to these arrangements at this time, and accordingly expects the risk of loss to be remote.

9. RECENT ACCOUNTING PRONOUNCEMENTS

In December 2022, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2022-06 "Reference Rate Reform (Topic 848)". ASU No. 2022-06 updates and clarifies ASU No. 2020-04, which provides optional, temporary relief with respect to the financial reporting of contracts subject to certain types of modifications due to the planned discontinuation of LIBOR and other interbank-offered reference rates. The temporary relief provided by ASU No. 2022-06 is effective immediately for certain reference rate-related contract modifications that occur through December 31, 2024. Management does not expect ASU No. 2022-06 to have a material impact on the financial statements.

10. FEDERAL TAX INFORMATION (UNAUDITED)

For the year ended March 31, 2024, 100.00% of total ordinary income distributions qualified as business interest income for purposes of 163(j) and the regulations thereunder.

Report of Independent Registered Public Accounting Firm

TO THE BOARD OF TRUSTEES OF FEDERATED HERMES CORE TRUST III AND THE SHAREHOLDERS OF PROJECT AND TRADE FINANCE CORE FUND:

Opinion on the Financial Statements

We have audited the accompanying statement of assets and liabilities of Project and Trade Finance Core Fund (the Fund), including the portfolio of investments, as of March 31, 2024, the related statements of operations and cash flows for the year then ended, the statements of changes in net assets for each of the years in the two-year period then ended, and the related notes (collectively, the financial statements) and the financial highlights for each of the years in the five-year period then ended. In our opinion, the financial statements and financial highlights present fairly, in all material respects, the financial position of the Fund as of March 31, 2024, the results of its operations and its cash flows for the year then ended, the changes in its net assets for each of the years in the two-year period then ended, and the financial highlights for each of the years in the five-year period then ended, in conformity with U.S. generally accepted accounting principles.

Basis for Opinion

These financial statements and financial highlights are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Fund in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement, whether due to error or fraud. Our audits included performing procedures to assess the risks of material misstatement of the financial statements and financial highlights, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements and financial highlights. Such procedures also included confirmation of securities owned as of March 31, 2024, by correspondence with the transfer agent of the underlying fund, agent banks, and brokers; when replies were not received from agent banks and brokers, we performed other auditing procedures. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements and financial highlights. We believe that our audits provide a reasonable basis for our opinion.

KPMG LLP

We have served as the auditor for one or more of Federated Hermes' investment companies since 2006.

Boston, Massachusetts

May 23, 2024

Shareholder Expense Example (unaudited)

As a shareholder of the Fund, you incur ongoing costs, including management fees and to the extent applicable, distribution (12b-1) fees and/or other service fees and other Fund expenses. This Example is intended to help you to understand your ongoing costs (in dollars) of investing in the Fund and to compare these costs with the ongoing costs of investing in other mutual funds. It is based on an investment of \$1,000 invested at the beginning of the period and held for the entire period from October 1, 2023 to March 31, 2024.

ACTUAL EXPENSES

The first section of the table below provides information about actual account values and actual expenses. You may use the information in this section, together with the amount you invested, to *estimate* the expenses that you incurred over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first section under the heading entitled “Expenses Paid During Period” to estimate the expenses attributable to your investment during this period.

HYPOTHETICAL EXAMPLE FOR COMPARISON PURPOSES

The second section of the table below provides information about hypothetical account values and hypothetical expenses based on the Fund’s actual expense ratio and an *assumed* rate of return of 5% per year before expenses, which is not the Fund’s actual return. Thus, you should *not* use the hypothetical account values and expenses to estimate the actual ending account balance or your expenses for the period. Rather, these figures are required to be provided to enable you to compare the ongoing costs of investing in the Fund with other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds.

Please note that the expenses shown in the table are meant to highlight your ongoing costs only. Therefore, the second section of the table is useful in comparing ongoing costs only, and will not help you determine the relative *total* costs of owning different funds.

	Beginning Account Value 10/1/2023	Ending Account Value 3/31/2024	Expenses Paid During Period ¹
Actual	\$1,000	\$1,043.70	\$0.46 ²
Hypothetical (assuming a 5% return before expenses)	\$1,000	\$1,024.55	\$0.46 ²

1 Expenses are equal to the Fund’s annualized net expense ratio of 0.09%, multiplied by the average account value over the period, multiplied by 183/366 (to reflect the one-half-year period).

2 Actual and Hypothetical expenses paid during the period utilizing the Fund’s current Fee Limit of 0.15% (as reflected in the Notes to Financial Statements, Note 5 under Expense Limitation), multiplied by the average account value over the period, multiplied by 183/366 (to reflect expenses paid as if they had been in effect throughout the most recent one-half-year period) would be \$0.77 and \$0.76, respectively.

Board of Trustees and Trust Officers

The Board of Trustees is responsible for managing the Trust's business affairs and for exercising all the Trust's powers except those reserved for the shareholders. The following tables give information about each Trustee and the senior officers of the Fund. Where required, the tables separately list Trustees who are "interested persons" of the Fund (i.e., "Interested" Trustees) and those who are not (i.e., "Independent" Trustees). Unless otherwise noted, the address of each person listed is 1001 Liberty Avenue, Pittsburgh, PA 15222-3779. The address of all Independent Trustees listed is 4000 Ericsson Drive, Warrendale, PA 15086-7561; Attention: Mutual Fund Board. As of December 31, 2023, the Trust comprised one portfolio(s), and the Federated Hermes Fund Family consisted of 33 investment companies (comprising 101 portfolios). Unless otherwise noted, each Officer is elected annually. Unless otherwise noted, each Trustee oversees all portfolios in the Federated Hermes Fund Family and serves for an indefinite term. The Fund's Statement of Additional Information includes additional information about the Trust and the Trustees and is available, without charge and upon request, by calling 1-800-341-7400, Option #4.

Previous associations include roles with: Deutsche Bank; VTB Capital; Bank of America; PricewaterhouseCoopers (PwC). Education: BSc, University of London.

Evaluation and Approval of Advisory Contract – May 2023

PROJECT AND TRADE FINANCE CORE FUND (THE “FUND”)

At its meetings in May 2023 (the “May Meetings”), the Fund’s Board of Trustees (the “Board”), including those Trustees who are not “interested persons” of the Fund, as defined in the Investment Company Act of 1940 (the “Independent Trustees”), reviewed and unanimously approved the continuation of the investment advisory contract between the Fund and Federated Investment Management Company (the “Adviser”) and the investment sub-advisory contract between the Adviser and Federated Hermes (UK) LLP (the “Sub-Adviser” and together with the Adviser, the “Advisers”) with respect to the Fund (together, the “Contracts”) for an additional one-year term. The Board’s determination to approve the continuation of the Contracts reflects the exercise of its business judgment after considering all of the information and factors believed to be relevant and appropriate on whether to approve the continuation of the existing arrangements. The information, factors and conclusions that formed the basis for the Board’s approval are summarized below.

The Board considered that the Fund is distinctive in that it is designed for the efficient management of a particular asset class and is made available for investment only to other funds (each, a “Federated Hermes Fund” and, collectively the “Federated Hermes Funds”) advised by the Adviser or its affiliates (collectively, “Federated Hermes”) and a limited number of other accredited investors.

In addition, the Board considered that, although the Adviser charges the Fund an investment advisory fee for its services, the Adviser has agreed to waive its fee and/or reimburse the Fund’s expenses so that the investment advisory fee is waived in its entirety and the total operating expenses are minimal. The Board noted that Federated Hermes may, however, receive compensation for managing assets invested in the Fund.

Information Received and Review Process

At the request of the Independent Trustees, the Fund’s Chief Compliance Officer (the “CCO”) furnished to the Board in advance of its May Meetings an independent written evaluation of the Fund’s management fee (the “CCO Fee Evaluation Report”). The Board considered the CCO Fee Evaluation Report, along with other information, in evaluating the reasonableness of the Fund’s management fee and in determining to approve the continuation of the Contracts. The CCO, in preparing the CCO Fee Evaluation Report, has the authority to retain consultants, experts or staff as reasonably necessary to assist in the performance of his duties, reports directly to the Board, and can be terminated only with the approval of a majority of the Independent Trustees. At the request of the Independent Trustees, the CCO Fee Evaluation Report followed the same general approach and covered the same topics as that of the report that had previously been delivered by the CCO in his capacity as “Senior Officer” prior to the elimination of the Senior Officer position in December 2017.

In addition to the extensive materials that comprise and accompany the CCO Fee Evaluation Report, the Board considered information specifically prepared in connection with the approval of the continuation of the Contracts that was presented at the May Meetings. In this regard, in the months preceding the May Meetings, the Board requested and reviewed written responses and supporting materials prepared by Federated Hermes in response to requests posed to Federated Hermes by independent legal counsel on behalf of the Independent Trustees encompassing a wide variety of topics, including those summarized below. The Board also considered such additional matters as the Independent Trustees deemed reasonably necessary to evaluate the Contracts, which included detailed information about the Fund and Federated Hermes furnished to the Board at its meetings throughout the year and in between regularly scheduled meetings on particular matters as the need arose.

The Board’s consideration of the Contracts included review of materials and information covering the following matters, among others: the nature, quality and extent of the advisory and other services provided to the Fund by Federated Hermes; Federated Hermes’ business and operations; the Advisers’ investment philosophy, personnel and processes; the Fund’s investment objectives and strategies; the Fund’s short-term and long-term performance (in absolute terms, both on a gross basis and net of expenses, and relative to the Fund’s particular investment program and a group of its peer funds and/or its benchmark, as appropriate); the Fund’s fees and expenses, including the advisory fee and the overall expense structure of the Fund, with due regard for contractual or voluntary expense limitations (if any); the financial condition of Federated Hermes; the Adviser’s profitability with respect to managing the Fund; distribution and sales activity for the Fund; and the use and allocation of brokerage commissions derived from trading the Fund’s portfolio securities (if any).

The Board also considered judicial decisions concerning allegedly excessive investment advisory fees charged to other registered funds in evaluating the Contracts. Using these judicial decisions as a guide, the Board observed that the following factors may be relevant to an adviser’s fiduciary duty with respect to its receipt of compensation from a fund: (1) the nature and quality of the services provided by the adviser to the fund and its shareholders, including the performance of the fund, its benchmark and comparable funds; (2) the adviser’s cost of providing the services and the profitability to the adviser of providing advisory services to the fund; (3) the extent to which the adviser may realize “economies of scale” as the fund grows larger and, if such economies of scale exist, whether they have been appropriately

shared with the fund and its shareholders or the family of funds; (4) any “fall-out” benefits that accrue to the adviser because of its relationship with the fund, including research services received from brokers that execute fund trades and any fees paid to affiliates of the adviser for services rendered to the fund; (5) comparative fee and expense structures, including a comparison of management fees paid to the adviser with those paid by similar funds managed by the same adviser or other advisers as well as management fees charged to institutional and other advisory clients of the same adviser for what might be viewed as like services; and (6) the extent of care, conscientiousness and independence with which the fund’s board members perform their duties and their expertise, including whether they are fully informed about all facts the board deems relevant to its consideration of the adviser’s services and fees. The Board noted that the Securities and Exchange Commission (“SEC”) disclosure requirements regarding the basis for a fund board’s approval of the fund’s investment advisory contract generally align with the factors listed above. The Board was guided by these factors in its evaluation of the Contracts to the extent it considered them to be appropriate and relevant, as discussed further below. The Board considered and weighed these factors in light of its substantial accumulated experience in governing the Fund and working with Federated Hermes on matters relating to the oversight of the other Federated Hermes Funds.

In determining to approve the continuation of the Contracts, the members of the Board reviewed and evaluated information and factors they believed to be relevant and appropriate through the exercise of their reasonable business judgment. While individual members of the Board may have weighed certain factors differently, the Board’s determination to approve the continuation of the Contracts was based on a comprehensive consideration of all information provided to the Board throughout the year and specifically with respect to the continuation of the Contracts. The Board recognized that its evaluation process is evolutionary and that the factors considered and emphasis placed on relevant factors may change in recognition of changing circumstances in the registered fund marketplace. The Independent Trustees were assisted throughout the evaluation process by independent legal counsel. In connection with their deliberations at the May Meetings, the Independent Trustees met separately in executive session with their independent legal counsel and without management present to review the relevant materials and consider their responsibilities under applicable laws. In addition, senior management representatives of Federated Hermes also met with the Independent Trustees and their independent legal counsel to discuss the materials and presentations furnished to the Board at the May Meetings. The Board considered the approval of the Contracts for the Fund as part of its consideration of agreements for funds across the family of Federated Hermes Funds, but its approvals were made on a fund-by-fund basis.

Nature, Extent and Quality of Services

The Board considered the nature, extent and quality of the services provided to the Fund by the Advisers and the resources of Federated Hermes dedicated to the Fund. In this regard, the Board evaluated, among other things, the terms of the Contracts and the range of services provided to the Fund by Federated Hermes. The Board considered the Advisers’ personnel, investment philosophy and process, investment research capabilities and resources, trade operations capabilities, experience and performance track record. The Board reviewed the qualifications, backgrounds and responsibilities of the portfolio management team primarily responsible for the day-to-day management of the Fund and Federated Hermes’ ability and experience in attracting and retaining qualified personnel to service the Fund. The Board considered the trading operations by the Advisers, including the execution of portfolio transactions and the selection of brokers for those transactions. The Board also considered the Advisers’ ability to deliver competitive investment performance for the Fund when compared to the Fund’s benchmark index, which was deemed by the Board to be a useful indicator of how the Advisers are executing the Fund’s investment program.

In addition, the Board considered the financial resources and overall reputation of Federated Hermes and its willingness to consider and make investments in personnel, infrastructure, technology, cybersecurity, business continuity planning and operational enhancements that are designed to benefit the Federated Hermes Funds. The Board noted that the significant acquisition of Hermes Fund Managers Limited by Federated Hermes has deepened Federated Hermes’ investment management expertise and capabilities and its access to analytical resources related to environmental, social and governance (“ESG”) factors and issuer engagement on ESG matters. The Board considered the quality of Federated Hermes’ communications with the Board and responsiveness to Board inquiries and requests made from time to time with respect to the Federated Hermes Funds. The Board also considered that Federated Hermes is responsible for providing the Federated Hermes Funds’ officers.

The Board received and evaluated information regarding Federated Hermes’ regulatory and compliance environment. The Board considered Federated Hermes’ compliance program and compliance history and reports from the CCO about Federated Hermes’ compliance with applicable laws and regulations, including responses to regulatory developments and any compliance or other issues raised by regulatory agencies. The Board also noted Federated Hermes’ support of the Federated Hermes Funds’ compliance control structure and the compliance-related resources devoted by Federated Hermes in support of the Fund’s obligations pursuant to Rule 38a-1 under the Investment Company Act of 1940, including Federated Hermes’ commitment to respond to rulemaking and other regulatory initiatives of the SEC. The Board considered Federated Hermes’ approach to internal audits and risk management with respect to the Federated Hermes

Funds and its day-to-day oversight of the Federated Hermes Funds' compliance with their investment objectives and policies as well as with applicable laws and regulations, noting that regulatory and other developments had over time led, and continue to lead, to an increase in the scope of Federated Hermes' oversight in this regard, including in connection with the implementation of new rules on derivatives risk management and fair valuation.

The Board also considered the implementation of Federated Hermes' business continuity plans. In addition, the Board noted Federated Hermes' commitment to maintaining high quality systems and expending substantial resources to prepare for and respond to ongoing changes due to the market, regulatory and control environments in which the Fund and its service providers operate.

The Board considered Federated Hermes' efforts to provide shareholders in the Federated Hermes Funds with a comprehensive array of funds with different investment objectives, policies and strategies. The Board considered the expenses that Federated Hermes had incurred, as well as the entrepreneurial and other risks assumed by Federated Hermes, in sponsoring and providing on-going services to new funds to expand these opportunities for shareholders. The Board noted the benefits to shareholders of being part of the family of Federated Hermes Funds, which include the general right to exchange investments between the same class of shares without the incurrence of additional sales charges.

Based on these considerations, the Board concluded that it was satisfied with the nature, extent and quality of the services provided by the Advisers to the Fund.

Fund Investment Performance

The Board considered the investment performance of the Fund. In evaluating the Fund's investment performance, the Board considered performance results in light of the Fund's investment objective, strategies and risks. The Board considered detailed investment reports on, and the Advisers' analysis of, the Fund's performance over different time periods that were provided to the Board throughout the year and in connection with the May Meetings. The Board considered that, in its evaluation of investment performance at meetings throughout the year, it focused particular attention on information indicating less favorable performance of certain Federated Hermes Funds for specific time periods and discussed with Federated Hermes the reasons for such performance as well as any specific actions Federated Hermes had taken, or had agreed to take, to seek to enhance Fund investment performance and the results of those actions.

The Board considered that for the one-year, three-year and five-year periods ended December 31, 2022, the Fund outperformed its benchmark index.

Based on these considerations, the Board concluded that it had continued confidence in the Advisers' overall capabilities to manage the Fund.

Fund Expenses

The Board considered that the Adviser charges the Fund an investment advisory fee for its services but has agreed to waive its fee and/or reimburse the Fund's expenses so that the investment advisory fee is waived in its entirety and the total operating expenses are minimal. Because the Fund's total operating expenses will remain minimal due to waiver of the entirety of the investment advisory fee and waiver and/or reimbursement of a portion of other expenses, the Board noted that it did not consider fee comparisons to other registered funds or other types of clients of Federated Hermes to be relevant to its evaluation.

Profitability

The Board received and considered profitability information furnished by Federated Hermes. The Board considered that the Fund's investment advisory fee is waived in its entirety and noted, therefore, that the Advisers do not profit from providing advisory services to the Fund under the Contracts.

The Board also reviewed information compiled by Federated Hermes comparing its profitability information to other publicly held fund management companies, including information regarding profitability trends over time. The Board recognized that profitability comparisons among fund management companies are difficult because of the variation in the type of comparative information that is publicly available, and the profitability of any fund management company is affected by numerous factors. The Board considered the CCO's conclusion that, based on such profitability information, Federated Hermes' profit margins did not appear to be excessive. The Board also considered the CCO's view that Federated Hermes appeared financially sound, with the resources necessary to fulfill its obligations under its contracts with the Federated Hermes Funds.

Economies of Scale

Because of the distinctive nature of the Fund as primarily an internal product with a net advisory fee of zero, the Board noted that it did not consider the assessment of whether economies of scale would be realized if the Fund were to grow to a sufficient size to be particularly relevant to its evaluation.

Other Benefits

The Board considered information regarding the compensation and other ancillary (or “fall-out”) benefits that Federated Hermes derived from its relationships with the Federated Hermes Funds. The Board noted that an affiliate of the Adviser is entitled to reimbursement for certain out-of-pocket expenses incurred in providing administrative services to the Fund. In connection with the Board’s governance of other Federated Hermes Funds, the Board noted that, in addition to receiving advisory fees under the Federated Hermes Funds’ investment advisory contracts, Federated Hermes’ affiliates also receive fees for providing other services to the Federated Hermes Funds under separate service contracts including for serving as the Federated Hermes Funds’ administrator and distributor. In this regard, the Board considered that certain of Federated Hermes’ affiliates provide distribution and shareholder services to the Federated Hermes Funds, for which they may be compensated through distribution and servicing fees paid pursuant to Rule 12b-1 plans or otherwise. The Board also received and considered information detailing the benefits, if any, that Federated Hermes may derive from its receipt of research services from brokers who execute portfolio trades for the Federated Hermes Funds.

Conclusions

The Board considered: (i) the CCO’s conclusion that his observations and the information accompanying the CCO Fee Evaluation Report show that the management fee for the Fund is reasonable; and (ii) the CCO’s recommendation that the Board approve the management fee. The Board noted that, under these circumstances, no changes were recommended to, and no objection was raised to the continuation of, the Contracts by the CCO. The CCO also recognized that the Board’s evaluation of the Federated Hermes Funds’ advisory and sub-advisory arrangements is a continuing and ongoing process that is informed by the information that the Board requests and receives from management throughout the course of the year and, in this regard, the CCO noted certain items for future reporting to the Board or further consideration by management as the Board continues its ongoing oversight of the Federated Hermes Funds.

On the basis of the information and factors summarized above, among other information and factors deemed relevant by the Board, and the evaluation thereof, the Board, including the Independent Trustees, unanimously voted to approve the continuation of the Contracts. The Board based its determination to approve the Contracts on the totality of the circumstances and relevant factors and with a view of past and future long-term considerations. Not all of the factors and considerations identified above were necessarily deemed to be relevant to the Fund, nor did the Board consider any one of them to be determinative.

Voting Proxies on Fund Portfolio Securities

A description of the policies and procedures that the Fund uses to determine how to vote proxies, if any, relating to securities held in the Fund's portfolio, as well as a report on "Form N-PX" of how the Fund voted any such proxies during the most recent 12-month period ended June 30, are available, without charge and upon request, by calling 1-800-341-7400, Option #4. A report on "Form N-PX" of how the Fund voted any such proxies during the most recent 12-month period ended June 30 is available via the Proxy Voting Record (Form N-PX) link associated with the Fund at FederatedHermes.com/us under the "Private Funds" section of the "Products" tab, where you will be directed to a statement of agreement that you are an "accredited investor" before proceeding. Click "I agree" to agree to the terms then you will be taken to the "Private Funds" home page where you can select the appropriate asset class or category. Select a Fund to access the "Documents" tab. Form N-PX filings are also available at the SEC's website at sec.gov.

Quarterly Portfolio Schedule

Each fiscal quarter, the Fund will file with the SEC a complete schedule of its monthly portfolio holdings on "Form N-PORT." The Fund's holdings as of the end of the third month of every fiscal quarter, as reported on Form N-PORT, will be publicly available on the SEC's website at sec.gov within 60 days of the end of the fiscal quarter upon filing. You may also access this information at FederatedHermes.com/us under the "Private Funds" section of the "Products" tab, where you will be directed to a statement of agreement that you are an "accredited investor" before proceeding. Click "I agree" to agree to the terms then you will be taken to the "Private Funds" home page where you can select the appropriate asset class or category. Select a Fund to access the "Characteristics" tab.

The Fund is not a bank deposit or obligation, is not guaranteed by any bank and is not insured or guaranteed by the U.S. government, the Federal Deposit Insurance Corporation, the Federal Reserve Board or any other government agency. Investment in the Fund involves investment risk, including the possible loss of principal.

This Report is authorized for distribution to prospective investors only when preceded or accompanied by the Fund's Private Offering Memorandum, which contains facts concerning its objective and policies, management fees, expenses and other information.
