Management's Discussion of Fund Performance

The following discussion compares the performance of the Fund to the Bloomberg US Corporate High Yield 2% Issuer Capped Index (the "Index") to show how the Fund's performance compares to the returns of similar investments for the reporting period. See the Average Annual Total Returns table below for the returns of the Fund and related indexes, including the Bloomberg US Aggregate Bond Index, which represents the overall U.S. fixed-income market. The Fund seeks high current income by investing primarily in lower-rated corporate fixed-income securities, including debt securities issued by U.S. or foreign businesses.

Top Contributors to Performance

- The Fund was positively impacted by security selection in the Building Materials, Consumer Cyclical Services, Healthcare, Cable & Satellite and Pharmaceutical industry sectors.
- The Fund was positively impacted by its underweight position in the underperforming Metals and Mining sector.
- Specific Fund holdings that positively impacted performance relative to the Index included: Clydesdale Acquisition, NFP Corp, Community Health Systems, SRS Distribution and Condor Merger Sub.

Top Detractors from Performance

- The Fund was negatively impacted by security selection overall, especially in the Media & Entertainment, Electric Utility, Automotive and Technology industry sectors.
- The Fund was also negatively impacted by its industry allocation, especially its underweight allocations to the strong performing Wireline Telecommunications and Retail industry sectors. It was also negatively impacted by its overweight allocations to the underperforming Automotive and Packaging industry sectors. Given the strong absolute performance during the period, the Fund's cash position was also a drag on relative performance.
- Specific Fund holdings that negatively impacted performance relative to the Index included: Enviva Inc., iHeartCommunications, Ardagh Packaging, Terrier Media Buyer and Rackspace Technologies.

Fund Performance

Keep in mind that the Fund's past performance is not a good predictor of how the Fund will perform in the future. The graph and table do not reflect the deduction of taxes that a shareholder would pay on fund distributions or redemption of fund shares.
