## Federated Hermes California Municipal Cash Trust

---

A Portfolio of Federated Hermes Money Market Obligations Trust

A money market mutual fund seeking to provide current income exempt from federal regular income tax and the personal income taxes imposed by the State of California consistent with stability of principal by investing in a portfolio of high-quality California tax-exempt securities maturing in 397 days or less.

As with all mutual funds, the Securities and Exchange Commission (SEC) has not approved or disapproved these securities or passed upon the adequacy of this Prospectus. Any representation to the contrary is a criminal offense.

*The Fund is a Retail Money Market Fund and is only available for investment to accounts beneficially owned by natural persons.*

# Fund Summary Information – Wealth Shares

## Federated Hermes California Municipal Cash Trust (the "Fund")

### RISK/RETURN SUMMARY: INVESTMENT OBJECTIVE

The Fund is a money market fund that seeks to maintain a stable net asset value (NAV) of \$1.00 per Share. The Fund's investment objective is to provide current income exempt from federal regular income tax and the personal income taxes imposed by the State of California consistent with stability of principal.

### RISK/RETURN SUMMARY: FEES AND EXPENSES

This table describes the fees and expenses that you may pay if you buy, hold and sell Wealth Shares (WS) of the Fund. **You may pay other fees, such as brokerage commissions and other fees to financial intermediaries, which are not reflected in the tables and examples below.**

#### Shareholder Fees (fees paid directly from your investment)

	WS
Maximum Sales Charge (Load) Imposed on Purchases (as a percentage of offering price) .....	None
Maximum Deferred Sales Charge (Load) (as a percentage of original purchase price or redemption proceeds, as applicable) .....	None
Maximum Sales Charge (Load) Imposed on Reinvested Dividends (and other Distributions) (as a percentage of offering price) .....	None
Redemption Fee (as a percentage of amount redeemed, if applicable) .....	None
Exchange Fee .....	None

#### Annual Fund Operating Expenses (expenses that you pay each year as a percentage of the value of your investment)

	WS
Management Fee <sup>1</sup> .....	0.25%
Distribution (12b-1) Fee .....	None
Other Expenses .....	0.13% <sup>2</sup>
Total Annual Fund Operating Expenses <sup>1</sup> .....	0.38%
Fee Waivers and/or Expense Reimbursements <sup>1,3</sup> .....	(0.10)%
Total Annual Fund Operating Expenses After Fee Waivers and/or Expense Reimbursements .....	0.28%

1 The Management Fee, Total Annual Fund Operating Expenses and Fee Waivers and/or Expense Reimbursements have been restated to reflect current fees due to a reduction in the stated gross Management Fee for the Fund effective January 1, 2025.

2 The Fund may incur and pay shareholder services/account administration fees on its WS class of up to a maximum of 0.25%. No such fees are currently incurred and paid by the WS class of the Fund. The WS class of the Fund will not incur and pay such fees until such time as approved by the Fund's Board of Trustees (the "Trustees").

3 The Adviser and certain of its affiliates, on their own initiative, have agreed to waive certain amounts of their respective fees and/or reimburse expenses. Total annual fund operating expenses (excluding acquired fund fees and expenses, extraordinary expenses, interest expense and proxy-related expenses, if any) paid by the Fund's WS class (after the voluntary waivers and/or reimbursements) will not exceed 0.28% (the "Fee Limit") up to but not including the later of (the "Termination Date"): (a) March 1, 2027; or (b) the date of the Fund's next effective Prospectus. While the Adviser and its affiliates currently do not anticipate terminating or increasing these arrangements prior to the Termination Date, these arrangements may only be terminated or the Fee Limit increased prior to the Termination Date with the approval of the Trustees.

#### Example

This Example is intended to help you compare the cost of investing in the Fund with the cost of investing in other mutual funds.

The Example assumes that you invest \$10,000 for the time periods indicated and then redeem or hold all of your Shares at the end of those periods. The Example also assumes that your investment has a 5% return each year and that operating expenses remain the same. The Example does not reflect sales charges (loads) on reinvested dividends. If these sales charges (loads) were included, your costs would be higher. Although your actual costs and returns may be higher or lower, based on these assumptions your costs would be:

1 Year	\$ 39
3 Years	\$122
5 Years	\$213
10 Years	\$480

## RISK/RETURN SUMMARY: INVESTMENTS, RISKS AND PERFORMANCE

### What are the Fund's Main Investment Strategies?

The Fund invests primarily in a portfolio of high-quality California tax-exempt securities maturing in 397 days or less. The Fund will invest its assets so that, normally, distributions of annual interest income are exempt from federal regular income tax and California state income tax. Interest from the Fund's investments may be subject to the federal alternative minimum tax for individuals (AMT).

Tax-exempt securities are fixed-income securities that, in the opinion of bond counsel to the issuer or on the basis of another authority believed by Federated Investment Management Company (the "Adviser") to be reliable, pay interest that is not subject to federal regular income taxes. The types of securities in which the Fund may principally invest include: (a) tax-exempt securities such as the following types, some of which may be subject to credit enhancement: variable rate demand instruments, municipal notes, general obligation bonds, special revenue bonds, private activity bonds and tax-exempt commercial paper; and (b) interests in securities of other investment companies.

In pursuing its investment objective and implementing its investment strategies, the Fund will comply with Rule 2a-7 under the Investment Company Act of 1940, as amended ("1940 Act"). In response to unusual circumstances, such as adverse market, economic or other conditions (for example, to help avoid potential losses, or during periods when there is a shortage of appropriate tax-exempt securities), to maintain liquidity to meet shareholder redemptions, or to accommodate cash inflows, the Adviser may leave a portion of the Fund's assets uninvested, or may invest in securities subject to state and/or federal income tax. The Adviser invests in securities subject to the AMT in an attempt to seek appropriate risk adjusted returns and provide diversification.

Under normal circumstances, the Fund will invest its assets so that at least 80% of its annual interest income will be exempt from federal regular income tax and California state income tax or so that 80% of its net assets is invested in obligations, the interest income from which is exempt from federal regular income tax and California state income tax. This policy may not be changed without shareholder approval.

The Fund will count securities subject to the AMT toward satisfaction of the 80% basket in accordance with Rule 35d-1 under the 1940 Act.

### What are the Main Risks of Investing in the Fund?

Pursuant to Rule 2a-7 the Fund is designated as a "retail" money market fund and is permitted to use amortized cost to value its portfolio securities and to transact at a stable \$1.00 net asset value. As a retail money market fund, the Fund has adopted policies and procedures reasonably designed to limit investments in the Fund to accounts beneficially owned by natural persons.

All mutual funds take investment risks. Therefore, even though the Fund is a money market fund that seeks to maintain a stable NAV, it is possible to lose money by investing in the Fund. The primary factors that may negatively impact the Fund's ability to maintain a stable NAV, delay the payment of redemptions by the Fund, or reduce the Fund's daily dividends include:

- **Tax-Exempt Securities Risk.** The securities in which the Fund invests may include those issued by state or local governments, other political subdivisions or authorities, or directly or indirectly supported by taxes, assessments, tolls, fees or other revenue collected by or otherwise derived from or through such issuers. Special factors, such as legislative changes, and state and local economic and business developments, may adversely affect the yield and/or value of the Fund's investments in tax-exempt securities. Changes in tax policy could adversely affect the tax-exempt status of securities held by the Fund.
- **Issuer Credit Risk.** It is possible that interest or principal on securities will not be paid when due. Money market funds try to minimize this risk by purchasing higher-quality securities.
- **Counterparty Risk.** A party to a transaction involving the Fund may fail to meet its obligations. This could cause the Fund to lose money or to lose the benefit of the transaction or prevent the Fund from selling or buying other securities to implement its investment strategies.
- **Risk Related to the Economy.** The value of the Fund's portfolio may decline in tandem with a drop in the overall value of the markets in which the Fund invests and/or other markets. Global economic, political and financial conditions, including geopolitical and other events (e.g., wars, sanctions and terrorism), legislative changes, industry or economic trends and developments, natural disasters or public health risks, such as epidemics or pandemics, may, from time to time, and for varying periods of time, have a significant effect on the economies of many nations, including the U.S., and financial markets generally and cause the Fund to experience volatility, illiquidity, loss of value, shareholder redemptions and/or other potentially adverse effects.

- **Liquidity Fees Risk.** Pursuant to Rule 2a-7, the Fund may impose discretionary liquidity fees on redemptions subject to a determination by the Fund’s Board, or its delegate, that such a liquidity fee is in the Fund’s best interests. Such determination will be based on current market conditions and the Fund’s particular circumstances, and it is expected that such fee would be imposed, if at all, during periods of extraordinary market stress. If the Fund’s Board, including a majority of the Independent Trustees, or its delegate, determines that imposing a liquidity fee is in the Fund’s best interests, the Fund will impose a discretionary liquidity fee not to exceed 2% of the value of the shares redeemed. The discretionary liquidity fee would be applied to all Fund redemptions and would remain in effect until the Fund’s Board, or its delegate, determines that the fee is no longer in the Fund’s best interests. If the Fund imposes a liquidity fee, depending on how the redemption order is communicated, the proceeds delivered may be for an amount that is less than the original redemption.
- **Interest Rate Risk.** Prices of fixed-income securities (including tax-exempt securities) generally fall when interest rates rise. Recent and potential future changes in monetary policy made by central banks and/or their governments are likely to affect the level of interest rates. Very low or negative interest rates magnify interest rate risk. During periods when interest rates are low or there are negative interest rates, the Fund’s yield (and total return) also is likely to be lower or the Fund may be unable to maintain a positive return, or yield, or a stable NAV.
- **Call Risk.** The Fund’s performance may be adversely affected by the possibility that an issuer of a security held by the Fund may redeem the security prior to maturity at a price below or above its current market value.
- **Sector Risk.** A substantial part of the Fund’s portfolio may be comprised of securities issued or credit enhanced by businesses with similar characteristics or by issuers located in the same state. As a result, the Fund will be more susceptible to any economic, business, political or other developments which generally affect these issuers or entities.
- **Tax Risk.** In order to be tax exempt, tax-exempt securities must meet certain legal requirements. Failure to meet such requirements may cause the interest received and distributed by the Fund to shareholders to be taxable. The Fund and the Adviser will rely on the opinions of issuers’ bond counsel on the tax-exempt status of interest on municipal bonds. The Fund and the Adviser do not guarantee or represent that such opinions are correct when issued or that underlying facts and circumstances will not change such that such opinions remain correct, and the Fund and the Adviser will not undertake independent investigations to review the bases for or ongoing effect of those tax opinions. Income from tax-exempt securities held by the Fund could also become taxable because of changes in tax laws or interpretations by taxing authorities, resulting in a higher tax liability for shareholders and potentially impacting Fund performance. The Fund may invest in securities whose interest is subject to state tax, federal regular income tax or AMT. Consult your tax professional for more information.
- **Liquidity Risk.** Liquidity risk is the risk that the Fund will experience significant net redemptions of Fund Shares at a time when it cannot find willing buyers for its portfolio securities or can only sell its portfolio securities at a material loss.
- **Credit Enhancement Risk.** The securities in which the Fund invests may be subject to credit enhancement (for example, guarantees, letters of credit or bond insurance). If the credit quality of the credit enhancement provider (for example, a bank or bond insurer) is downgraded, a security credit enhanced by such credit enhancement provider also may be downgraded. Having multiple securities credit enhanced by the same enhancement provider will increase the adverse effects on the Fund that are likely to result from a downgrading of, or a default by, such an enhancement provider. Adverse developments in the banking or bond insurance industries also may negatively affect the Fund, as the Fund may invest in securities credit enhanced by banks or by bond insurers without limit.
- **Risk Associated with Investing Share Purchase Proceeds.** On days during which there are net purchases of Fund Shares, the Fund must invest the proceeds at prevailing market yields or hold cash. If the yield of the securities purchased is less than that of the securities already in the Fund’s portfolio, or if the Fund holds cash, the Fund’s yield will likely decrease. Conversely, net purchases on days on which short-term yields rise will likely cause the Fund’s yield to increase. In the event of significant changes in short-term yields or significant net purchases, the Fund retains the discretion to close to new investments. However, the Fund is not required to close, and no assurance can be given that this will be done in any given circumstance.
- **Risk Associated with Use of Amortized Cost.** In the unlikely event that the Fund’s Board of Trustees (“Board”) were to determine, pursuant to Rule 2a-7, that the extent of the deviation between the Fund’s amortized cost per share and its market-based NAV per share may result in material dilution or other unfair results to shareholders, the Board will cause the Fund to take such action as it deems appropriate to eliminate or reduce to the extent practicable such dilution or unfair results.
- **Additional Factors Affecting Yield.** There is no guarantee that the Fund will provide a certain level of income or that any such income will exceed the rate of inflation. Further, the Fund’s yield will vary. Periods of very low or negative interest rates impact, in a negative way, the Fund’s ability to maintain a positive return, or yield, or pay dividends to Fund shareholders.

- California Risk.** Because the Fund will invest a significant portion of its assets in securities of California issuers, an investment in the Fund may involve additional risks compared to a fully diversified money market fund that invests in multiple states, and the Fund’s performance also may be negatively impacted by other local, state or regional factors. For example, natural disasters may affect the creditworthiness of municipal issuers or otherwise disrupt the local, state or regional economy or certain sectors of the economy. California’s credit strength is based on its large and diverse economy, manageable debt burden and strong demographics. However, California’s budget and fiscal operations face certain structural impediments and rely on revenue sources which have been historically sensitive to the economic environment. California’s diverse economy is the largest in the United States and one of the largest in the world with major components including high technology, trade, entertainment, manufacturing, tourism, construction, agriculture and services. Any downturn in these sectors or related industries may adversely affect the economy of the state.
- Technology Risk.** The Adviser uses various technologies in managing the Fund, consistent with its investment objective(s) and strategy described in this Prospectus. For example, proprietary and third-party data and systems are utilized to support decision making for the Fund. Data imprecision, software or other technology malfunctions, programming inaccuracies and similar circumstances may impair the performance of these systems, which may negatively affect Fund performance.

You could lose money by investing in the Fund. Although the Fund seeks to preserve the value of your investment at \$1.00 per share, it cannot guarantee it will do so. The Fund may impose a fee upon the sale of your shares. An investment in the Fund is not a bank account and is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. The Fund’s sponsor is not required to reimburse the Fund for losses, and you should not expect that the sponsor will provide financial support to the Fund at any time, including during periods of market stress.

**PERFORMANCE: BAR CHART AND TABLE**

**Risk/Return Bar Chart**

The bar chart and performance table below reflect historical performance data for the Fund and are intended to help you analyze the Fund’s investment risks in light of its historical returns. The bar chart shows the variability of the Fund’s WS class total returns on a calendar year-by-year basis. The Average Annual Total Return Table shows returns *averaged* over the stated periods. *The Fund’s performance will fluctuate, and past performance (before and after taxes) is not necessarily an indication of future results.* Updated performance information for the Fund is available under the “Products” section at [FederatedHermes.com/us](http://FederatedHermes.com/us) or by calling 1-800-341-7400.

Within the periods shown in the bar chart, the Fund’s WS class highest quarterly return was 0.85% (quarter ended December 31, 2023). Its lowest quarterly return was 0.00% (quarter ended September 30, 2021).

**Average Annual Total Return Table**

The following table represents the Fund’s WS class Average Annual Total Returns for the calendar period ended December 31, 2025.

Share Class	1 Year	5 Years	10 Years
WS:	2.53%	1.96%	1.37%

The Fund’s WS class 7-Day Net Yield as of December 31, 2025, was 2.79%. You may go to [FederatedHermes.com/us](http://FederatedHermes.com/us) or call the Fund at 1-800-341-7400 for the current 7-Day Net Yield.

**FUND MANAGEMENT**

The Fund’s Investment Adviser is Federated Investment Management Company.

## **PURCHASE AND SALE OF FUND SHARES**

The minimum initial investment amount for the Fund's WS class is generally \$25,000 and there is no minimum subsequent investment amount. Certain types of accounts are eligible for lower minimum investments. The minimum investment amount for Systematic Investment Programs is \$50.

Financial intermediaries may impose higher or lower minimum investment requirements on their customers than those imposed by the Fund. If an intermediary's aggregate account (omnibus account) meets the Fund's investment minimum requirements, there is no minimum requirement for the underlying sub-accounts. Keep in mind that financial intermediaries may charge you fees for their services in connection with your Share transactions.

You may purchase, redeem or exchange Shares of the Fund on any day the New York Stock Exchange (NYSE) is open. Shares may be purchased through a financial intermediary or directly from the Fund, by wire or by check. Please note that certain purchase restrictions may apply. Redeem or exchange Shares through a financial intermediary or directly from the Fund by telephone at 1-800-341-7400 or by mail.

The Fund operates as a retail money market fund. Accordingly, only accounts beneficially owned by natural persons ("Eligible Accounts") may be invested in the Fund. Accounts that are not Eligible Accounts are not permitted to invest in the Fund and will be redeemed in accordance with policies and procedures adopted by the Fund's Board.

Neither the Fund nor the Adviser will be responsible for any loss of income in an investor's account or tax liability resulting from an involuntary redemption.

## **TAX INFORMATION**

It is anticipated that Fund distributions will be primarily dividends that are exempt from federal regular income tax, although a portion of the Fund's dividends may not be tax exempt. Dividends may be subject to state and local taxes (except for California taxes, to the extent derived from California tax-exempt investments and eligible for tax-exempt treatment under California law). Although the Fund does not seek to realize capital gains, the Fund may realize and distribute capital gains from time to time as a result of the Fund's normal investment activities. Any Fund distributions of capital gains are taxable at applicable capital gains rates. The Fund is generally not a suitable investment for retirement accounts. Interest from the Fund's investments and the Fund's distributions to shareholders may be subject to AMT.

## **PAYMENTS TO BROKER-DEALERS AND OTHER FINANCIAL INTERMEDIARIES**

If you purchase the Fund through a broker-dealer or other financial intermediary (such as a bank), the Fund and/or its related companies may pay the intermediary for the sale of Fund Shares and related services. These payments may create a conflict of interest by influencing the broker-dealer or other intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary's website for more information.

## Fund Summary Information – Service Shares

### Federated Hermes California Municipal Cash Trust (the "Fund")

#### RISK/RETURN SUMMARY: INVESTMENT OBJECTIVE

The Fund is a money market fund that seeks to maintain a stable net asset value (NAV) of \$1.00 per Share. The Fund's investment objective is to provide current income exempt from federal regular income tax and the personal income taxes imposed by the State of California consistent with stability of principal.

#### RISK/RETURN SUMMARY: FEES AND EXPENSES

This table describes the fees and expenses that you may pay if you buy, hold and sell Service Shares (SS) of the Fund. **You may pay other fees, such as brokerage commissions and other fees to financial intermediaries, which are not reflected in the tables and examples below.**

#### Shareholder Fees (fees paid directly from your investment)

	SS
Maximum Sales Charge (Load) Imposed on Purchases (as a percentage of offering price) .....	None
Maximum Deferred Sales Charge (Load) (as a percentage of original purchase price or redemption proceeds, as applicable) .....	None
Maximum Sales Charge (Load) Imposed on Reinvested Dividends (and other Distributions) (as a percentage of offering price) .....	None
Redemption Fee (as a percentage of amount redeemed, if applicable) .....	None
Exchange Fee .....	None

#### Annual Fund Operating Expenses (expenses that you pay each year as a percentage of the value of your investment)

	SS
Management Fee <sup>1</sup> .....	0.25%
Distribution (12b-1) Fee .....	None
Other Expenses .....	0.38%
Total Annual Fund Operating Expenses <sup>1</sup> .....	0.63%
Fee Waivers and/or Expense Reimbursements <sup>1,2</sup> .....	(0.10)%
Total Annual Fund Operating Expenses After Fee Waivers and/or Expense Reimbursements .....	0.53%

1 The Management Fee, Total Annual Fund Operating Expenses and Fee Waivers and/or Expense Reimbursements have been restated to reflect current fees due to a reduction in the stated gross Management Fee for the Fund effective January 1, 2025.

2 The Adviser and certain of its affiliates, on their own initiative, have agreed to waive certain amounts of their respective fees and/or reimburse expenses. Total annual fund operating expenses (excluding acquired fund fees and expenses, extraordinary expenses, interest expense and proxy-related expenses, if any) paid by the Fund's SS class (after the voluntary waivers and/or reimbursements) will not exceed 0.53% (the "Fee Limit") up to but not including the later of (the "Termination Date"): (a) March 1, 2027; or (b) the date of the Fund's next effective Prospectus. While the Adviser and its affiliates currently do not anticipate terminating or increasing these arrangements prior to the Termination Date, these arrangements may only be terminated or the Fee Limit increased prior to the Termination Date with the approval of the Fund's Board of Trustees.

#### Example

This Example is intended to help you compare the cost of investing in the Fund with the cost of investing in other mutual funds.

The Example assumes that you invest \$10,000 for the time periods indicated and then redeem or hold all of your Shares at the end of those periods. The Example also assumes that your investment has a 5% return each year and that operating expenses remain the same. The Example does not reflect sales charges (loads) on reinvested dividends. If these sales charges (loads) were included, your costs would be higher. Although your actual costs and returns may be higher or lower, based on these assumptions your costs would be:

1 Year	\$ 64
3 Years	\$202
5 Years	\$351
10 Years	\$786

## RISK/RETURN SUMMARY: INVESTMENTS, RISKS AND PERFORMANCE

### What are the Fund's Main Investment Strategies?

The Fund invests primarily in a portfolio of high-quality California tax-exempt securities maturing in 397 days or less. The Fund will invest its assets so that, normally, distributions of annual interest income are exempt from federal regular income tax and California state income tax. Interest from the Fund's investments may be subject to the federal alternative minimum tax for individuals (AMT).

Tax-exempt securities are fixed-income securities that, in the opinion of bond counsel to the issuer or on the basis of another authority believed by Federated Investment Management Company (the "Adviser") to be reliable, pay interest that is not subject to federal regular income taxes. The types of securities in which the Fund may principally invest include: (a) tax-exempt securities such as the following types, some of which may be subject to credit enhancement: variable rate demand instruments, municipal notes, general obligation bonds, special revenue bonds, private activity bonds and tax-exempt commercial paper; and (b) interests in securities of other investment companies.

In pursuing its investment objective and implementing its investment strategies, the Fund will comply with Rule 2a-7 under the Investment Company Act of 1940, as amended ("1940 Act"). In response to unusual circumstances, such as adverse market, economic or other conditions (for example, to help avoid potential losses, or during periods when there is a shortage of appropriate tax-exempt securities), to maintain liquidity to meet shareholder redemptions, or to accommodate cash inflows, the Adviser may leave a portion of the Fund's assets uninvested, or may invest in securities subject to state and/or federal income tax. The Adviser invests in securities subject to the AMT in an attempt to seek appropriate risk adjusted returns and provide diversification.

Under normal circumstances, the Fund will invest its assets so that at least 80% of its annual interest income will be exempt from federal regular income tax and California state income tax or so that 80% of its net assets is invested in obligations, the interest income from which is exempt from federal regular income tax and California state income tax. This policy may not be changed without shareholder approval.

The Fund will count securities subject to the AMT toward satisfaction of the 80% basket in accordance with Rule 35d-1 under the 1940 Act.

### What are the Main Risks of Investing in the Fund?

Pursuant to Rule 2a-7 the Fund is designated as a "retail" money market fund and is permitted to use amortized cost to value its portfolio securities and to transact at a stable \$1.00 net asset value. As a retail money market fund, the Fund has adopted policies and procedures reasonably designed to limit investments in the Fund to accounts beneficially owned by natural persons.

All mutual funds take investment risks. Therefore, even though the Fund is a money market fund that seeks to maintain a stable NAV, it is possible to lose money by investing in the Fund. The primary factors that may negatively impact the Fund's ability to maintain a stable NAV, delay the payment of redemptions by the Fund, or reduce the Fund's daily dividends include:

- **Tax-Exempt Securities Risk.** The securities in which the Fund invests may include those issued by state or local governments, other political subdivisions or authorities, or directly or indirectly supported by taxes, assessments, tolls, fees or other revenue collected by or otherwise derived from or through such issuers. Special factors, such as legislative changes, and state and local economic and business developments, may adversely affect the yield and/or value of the Fund's investments in tax-exempt securities. Changes in tax policy could adversely affect the tax-exempt status of securities held by the Fund.
- **Issuer Credit Risk.** It is possible that interest or principal on securities will not be paid when due. Money market funds try to minimize this risk by purchasing higher-quality securities.
- **Counterparty Risk.** A party to a transaction involving the Fund may fail to meet its obligations. This could cause the Fund to lose money or to lose the benefit of the transaction or prevent the Fund from selling or buying other securities to implement its investment strategies.
- **Risk Related to the Economy.** The value of the Fund's portfolio may decline in tandem with a drop in the overall value of the markets in which the Fund invests and/or other markets. Global economic, political and financial conditions, including geopolitical and other events (e.g., wars, sanctions and terrorism), legislative changes, industry or economic trends and developments, natural disasters or public health risks, such as epidemics or pandemics, may, from time to time, and for varying periods of time, have a significant effect on the economies of many nations, including the U.S., and financial markets generally and cause the Fund to experience volatility, illiquidity, loss of value, shareholder redemptions and/or other potentially adverse effects.

- **Liquidity Fees Risk.** Pursuant to Rule 2a-7, the Fund may impose discretionary liquidity fees on redemptions subject to a determination by the Fund’s Board, or its delegate, that such a liquidity fee is in the Fund’s best interests. Such determination will be based on current market conditions and the Fund’s particular circumstances, and it is expected that such fee would be imposed, if at all, during periods of extraordinary market stress. If the Fund’s Board, including a majority of the Independent Trustees, or its delegate, determines that imposing a liquidity fee is in the Fund’s best interests, the Fund will impose a discretionary liquidity fee not to exceed 2% of the value of the shares redeemed. The discretionary liquidity fee would be applied to all Fund redemptions and would remain in effect until the Fund’s Board, or its delegate, determines that the fee is no longer in the Fund’s best interests. If the Fund imposes a liquidity fee, depending on how the redemption order is communicated, the proceeds delivered may be for an amount that is less than the original redemption.
- **Interest Rate Risk.** Prices of fixed-income securities (including tax-exempt securities) generally fall when interest rates rise. Recent and potential future changes in monetary policy made by central banks and/or their governments are likely to affect the level of interest rates. Very low or negative interest rates magnify interest rate risk. During periods when interest rates are low or there are negative interest rates, the Fund’s yield (and total return) also is likely to be lower or the Fund may be unable to maintain a positive return, or yield, or a stable NAV.
- **Call Risk.** The Fund’s performance may be adversely affected by the possibility that an issuer of a security held by the Fund may redeem the security prior to maturity at a price below or above its current market value.
- **Sector Risk.** A substantial part of the Fund’s portfolio may be comprised of securities issued or credit enhanced by businesses with similar characteristics or by issuers located in the same state. As a result, the Fund will be more susceptible to any economic, business, political or other developments which generally affect these issuers or entities.
- **Tax Risk.** In order to be tax exempt, tax-exempt securities must meet certain legal requirements. Failure to meet such requirements may cause the interest received and distributed by the Fund to shareholders to be taxable. The Fund and the Adviser will rely on the opinions of issuers’ bond counsel on the tax-exempt status of interest on municipal bonds. The Fund and the Adviser do not guarantee or represent that such opinions are correct when issued or that underlying facts and circumstances will not change such that such opinions remain correct, and the Fund and the Adviser will not undertake independent investigations to review the bases for or ongoing effect of those tax opinions. Income from tax-exempt securities held by the Fund could also become taxable because of changes in tax laws or interpretations by taxing authorities, resulting in a higher tax liability for shareholders and potentially impacting Fund performance. The Fund may invest in securities whose interest is subject to state tax, federal regular income tax or AMT. Consult your tax professional for more information.
- **Liquidity Risk.** Liquidity risk is the risk that the Fund will experience significant net redemptions of Fund Shares at a time when it cannot find willing buyers for its portfolio securities or can only sell its portfolio securities at a material loss.
- **Credit Enhancement Risk.** The securities in which the Fund invests may be subject to credit enhancement (for example, guarantees, letters of credit or bond insurance). If the credit quality of the credit enhancement provider (for example, a bank or bond insurer) is downgraded, a security credit enhanced by such credit enhancement provider also may be downgraded. Having multiple securities credit enhanced by the same enhancement provider will increase the adverse effects on the Fund that are likely to result from a downgrading of, or a default by, such an enhancement provider. Adverse developments in the banking or bond insurance industries also may negatively affect the Fund, as the Fund may invest in securities credit enhanced by banks or by bond insurers without limit.
- **Risk Associated with Investing Share Purchase Proceeds.** On days during which there are net purchases of Fund Shares, the Fund must invest the proceeds at prevailing market yields or hold cash. If the yield of the securities purchased is less than that of the securities already in the Fund’s portfolio, or if the Fund holds cash, the Fund’s yield will likely decrease. Conversely, net purchases on days on which short-term yields rise will likely cause the Fund’s yield to increase. In the event of significant changes in short-term yields or significant net purchases, the Fund retains the discretion to close to new investments. However, the Fund is not required to close, and no assurance can be given that this will be done in any given circumstance.
- **Risk Associated with Use of Amortized Cost.** In the unlikely event that the Fund’s Board of Trustees (“Board”) were to determine, pursuant to Rule 2a-7, that the extent of the deviation between the Fund’s amortized cost per share and its market-based NAV per share may result in material dilution or other unfair results to shareholders, the Board will cause the Fund to take such action as it deems appropriate to eliminate or reduce to the extent practicable such dilution or unfair results.
- **Additional Factors Affecting Yield.** There is no guarantee that the Fund will provide a certain level of income or that any such income will exceed the rate of inflation. Further, the Fund’s yield will vary. Periods of very low or negative interest rates impact, in a negative way, the Fund’s ability to maintain a positive return, or yield, or pay dividends to Fund shareholders.

- California Risk.** Because the Fund will invest a significant portion of its assets in securities of California issuers, an investment in the Fund may involve additional risks compared to a fully diversified money market fund that invests in multiple states, and the Fund’s performance also may be negatively impacted by other local, state or regional factors. For example, natural disasters may affect the creditworthiness of municipal issuers or otherwise disrupt the local, state or regional economy or certain sectors of the economy. California’s credit strength is based on its large and diverse economy, manageable debt burden and strong demographics. However, California’s budget and fiscal operations face certain structural impediments and rely on revenue sources which have been historically sensitive to the economic environment. California’s diverse economy is the largest in the United States and one of the largest in the world with major components including high technology, trade, entertainment, manufacturing, tourism, construction, agriculture and services. Any downturn in these sectors or related industries may adversely affect the economy of the state.
- Technology Risk.** The Adviser uses various technologies in managing the Fund, consistent with its investment objective(s) and strategy described in this Prospectus. For example, proprietary and third-party data and systems are utilized to support decision making for the Fund. Data imprecision, software or other technology malfunctions, programming inaccuracies and similar circumstances may impair the performance of these systems, which may negatively affect Fund performance.

You could lose money by investing in the Fund. Although the Fund seeks to preserve the value of your investment at \$1.00 per share, it cannot guarantee it will do so. The Fund may impose a fee upon the sale of your shares. An investment in the Fund is not a bank account and is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. The Fund’s sponsor is not required to reimburse the Fund for losses, and you should not expect that the sponsor will provide financial support to the Fund at any time, including during periods of market stress.

**PERFORMANCE: BAR CHART AND TABLE**

**Risk/Return Bar Chart**

The bar chart and performance table below reflect historical performance data for the Fund and are intended to help you analyze the Fund’s investment risks in light of its historical returns. The bar chart shows the variability of the Fund’s SS class total returns on a calendar year-by-year basis. The Average Annual Total Return Table shows returns *averaged* over the stated periods. *The Fund’s performance will fluctuate, and past performance (before and after taxes) is not necessarily an indication of future results.* Updated performance information for the Fund is available under the “Products” section at [FederatedHermes.com/us](http://FederatedHermes.com/us) or by calling 1-800-341-7400.

Within the periods shown in the bar chart, the Fund’s SS class highest quarterly return was 0.78% (quarter ended June 30, 2024). Its lowest quarterly return was 0.00% (quarter ended March 31, 2022).

**Average Annual Total Return Table**

The following table represents the Fund’s SS class Average Annual Total Returns for the calendar period ended December 31, 2025.

Share Class	1 Year	5 Years	10 Years
SS:	2.28%	1.77%	1.17%

The Fund’s SS class 7-Day Net Yield as of December 31, 2025, was 2.54%. You may go to [FederatedHermes.com/us](http://FederatedHermes.com/us) or call the Fund at 1-800-341-7400 for the current 7-Day Net Yield.

**FUND MANAGEMENT**

The Fund’s Investment Adviser is Federated Investment Management Company.

## **PURCHASE AND SALE OF FUND SHARES**

The minimum initial investment amount for the Fund's SS class is generally \$10,000 and there is no minimum subsequent investment amount. Certain types of accounts are eligible for lower minimum investments. The minimum investment amount for Systematic Investment Programs is \$50.

Financial intermediaries may impose higher or lower minimum investment requirements on their customers than those imposed by the Fund. If an intermediary's aggregate account (omnibus account) meets the Fund's investment minimum requirements, there is no minimum requirement for the underlying sub-accounts. Keep in mind that financial intermediaries may charge you fees for their services in connection with your Share transactions.

You may purchase, redeem or exchange Shares of the Fund on any day the New York Stock Exchange (NYSE) is open. Shares may be purchased through a financial intermediary or directly from the Fund, by wire or by check. Please note that certain purchase restrictions may apply. Redeem or exchange Shares through a financial intermediary or directly from the Fund by telephone at 1-800-341-7400 or by mail.

The Fund operates as a retail money market fund. Accordingly, only accounts beneficially owned by natural persons ("Eligible Accounts") may be invested in the Fund. Accounts that are not Eligible Accounts are not permitted to invest in the Fund and will be redeemed in accordance with policies and procedures adopted by the Fund's Board.

Neither the Fund nor the Adviser will be responsible for any loss of income in an investor's account or tax liability resulting from an involuntary redemption.

## **TAX INFORMATION**

It is anticipated that Fund distributions will be primarily dividends that are exempt from federal regular income tax, although a portion of the Fund's dividends may not be tax exempt. Dividends may be subject to state and local taxes (except for California taxes, to the extent derived from California tax-exempt investments and eligible for tax-exempt treatment under California law). Although the Fund does not seek to realize capital gains, the Fund may realize and distribute capital gains from time to time as a result of the Fund's normal investment activities. Any Fund distributions of capital gains are taxable at applicable capital gains rates. The Fund is generally not a suitable investment for retirement accounts. Interest from the Fund's investments and the Fund's distributions to shareholders may be subject to AMT.

## **PAYMENTS TO BROKER-DEALERS AND OTHER FINANCIAL INTERMEDIARIES**

If you purchase the Fund through a broker-dealer or other financial intermediary (such as a bank), the Fund and/or its related companies may pay the intermediary for the sale of Fund Shares and related services. These payments may create a conflict of interest by influencing the broker-dealer or other intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary's website for more information.

## Fund Summary Information – Cash II Shares

### Federated Hermes California Municipal Cash Trust (the "Fund")

#### RISK/RETURN SUMMARY: INVESTMENT OBJECTIVE

The Fund is a money market fund that seeks to maintain a stable net asset value (NAV) of \$1.00 per Share. The Fund's investment objective is to provide current income exempt from federal regular income tax and the personal income taxes imposed by the State of California consistent with stability of principal.

#### RISK/RETURN SUMMARY: FEES AND EXPENSES

This table describes the fees and expenses that you may pay if you buy, hold and sell the Fund's Cash II Shares (CII). **You may pay other fees, such as brokerage commissions and other fees to financial intermediaries, which are not reflected in the tables and examples below.**

#### Shareholder Fees (fees paid directly from your investment)

	CII
Maximum Sales Charge (Load) Imposed on Purchases (as a percentage of offering price) .....	None
Maximum Deferred Sales Charge (Load) (as a percentage of original purchase price or redemption proceeds, as applicable) .....	None
Maximum Sales Charge (Load) Imposed on Reinvested Dividends (and other Distributions) (as a percentage of offering price) .....	None
Redemption Fee (as a percentage of amount redeemed, if applicable) .....	None
Exchange Fee .....	None

#### Annual Fund Operating Expenses (expenses that you pay each year as a percentage of the value of your investment)

	CII
Management Fee <sup>1</sup> .....	0.25%
Distribution (12b-1) Fee .....	0.20%
Other Expenses .....	0.38%
Total Annual Fund Operating Expenses <sup>1</sup> .....	0.83%
Fee Waivers and/or Expense Reimbursements <sup>1,2</sup> .....	(0.15)%
Total Annual Fund Operating Expenses After Fee Waivers and/or Expense Reimbursements .....	0.68%

1 The Management Fee, Total Annual Fund Operating Expenses and Fee Waivers and/or Expense Reimbursements have been restated to reflect current fees due to a reduction in the stated gross Management Fee for the Fund effective January 1, 2025.

2 The Adviser and certain of its affiliates, on their own initiative, have agreed to waive certain amounts of their respective fees and/or reimburse expenses. Total annual fund operating expenses (excluding acquired fund fees and expenses, extraordinary expenses, interest expense and proxy-related expenses, if any) paid by the Fund's CII class (after the voluntary waivers and/or reimbursements) will not exceed 0.68% (the "Fee Limit") up to but not including the later of (the "Termination Date"): (a) March 1, 2027; or (b) the date of the Fund's next effective Prospectus. While the Adviser and its affiliates currently do not anticipate terminating or increasing these arrangements prior to the Termination Date, these arrangements may only be terminated or the Fee Limit increased prior to the Termination Date with the approval of the Fund's Board of Trustees.

#### Example

This Example is intended to help you compare the cost of investing in the Fund with the cost of investing in other mutual funds.

The Example assumes that you invest \$10,000 for the time periods indicated and then redeem or hold all of your Shares at the end of those periods. The Example also assumes that your investment has a 5% return each year and that operating expenses remain the same. The Example does not reflect sales charges (loads) on reinvested dividends. If these sales charges (loads) were included, your costs would be higher. Although your actual costs and returns may be higher or lower, based on these assumptions your costs would be:

1 Year	\$ 85
3 Years	\$ 265
5 Years	\$ 460
10 Years	\$1,025

## RISK/RETURN SUMMARY: INVESTMENTS, RISKS AND PERFORMANCE

### What are the Fund's Main Investment Strategies?

The Fund invests primarily in a portfolio of high-quality California tax-exempt securities maturing in 397 days or less. The Fund will invest its assets so that, normally, distributions of annual interest income are exempt from federal regular income tax and California state income tax. Interest from the Fund's investments may be subject to the federal alternative minimum tax for individuals (AMT).

Tax-exempt securities are fixed-income securities that, in the opinion of bond counsel to the issuer or on the basis of another authority believed by Federated Investment Management Company (the "Adviser") to be reliable, pay interest that is not subject to federal regular income taxes. The types of securities in which the Fund may principally invest include: (a) tax-exempt securities such as the following types, some of which may be subject to credit enhancement: variable rate demand instruments, municipal notes, general obligation bonds, special revenue bonds, private activity bonds and tax-exempt commercial paper; and (b) interests in securities of other investment companies.

In pursuing its investment objective and implementing its investment strategies, the Fund will comply with Rule 2a-7 under the Investment Company Act of 1940, as amended ("1940 Act"). In response to unusual circumstances, such as adverse market, economic or other conditions (for example, to help avoid potential losses, or during periods when there is a shortage of appropriate tax-exempt securities), to maintain liquidity to meet shareholder redemptions, or to accommodate cash inflows, the Adviser may leave a portion of the Fund's assets uninvested, or may invest in securities subject to state and/or federal income tax. The Adviser invests in securities subject to the AMT in an attempt to seek appropriate risk adjusted returns and provide diversification.

Under normal circumstances, the Fund will invest its assets so that at least 80% of its annual interest income will be exempt from federal regular income tax and California state income tax or so that 80% of its net assets is invested in obligations, the interest income from which is exempt from federal regular income tax and California state income tax. This policy may not be changed without shareholder approval.

The Fund will count securities subject to the AMT toward satisfaction of the 80% basket in accordance with Rule 35d-1 under the 1940 Act.

### What are the Main Risks of Investing in the Fund?

Pursuant to Rule 2a-7 the Fund is designated as a "retail" money market fund and is permitted to use amortized cost to value its portfolio securities and to transact at a stable \$1.00 net asset value. As a retail money market fund, the Fund has adopted policies and procedures reasonably designed to limit investments in the Fund to accounts beneficially owned by natural persons.

All mutual funds take investment risks. Therefore, even though the Fund is a money market fund that seeks to maintain a stable NAV, it is possible to lose money by investing in the Fund. The primary factors that may negatively impact the Fund's ability to maintain a stable NAV, delay the payment of redemptions by the Fund, or reduce the Fund's daily dividends include:

- **Tax-Exempt Securities Risk.** The securities in which the Fund invests may include those issued by state or local governments, other political subdivisions or authorities, or directly or indirectly supported by taxes, assessments, tolls, fees or other revenue collected by or otherwise derived from or through such issuers. Special factors, such as legislative changes, and state and local economic and business developments, may adversely affect the yield and/or value of the Fund's investments in tax-exempt securities. Changes in tax policy could adversely affect the tax-exempt status of securities held by the Fund.
- **Issuer Credit Risk.** It is possible that interest or principal on securities will not be paid when due. Money market funds try to minimize this risk by purchasing higher-quality securities.
- **Counterparty Risk.** A party to a transaction involving the Fund may fail to meet its obligations. This could cause the Fund to lose money or to lose the benefit of the transaction or prevent the Fund from selling or buying other securities to implement its investment strategies.
- **Risk Related to the Economy.** The value of the Fund's portfolio may decline in tandem with a drop in the overall value of the markets in which the Fund invests and/or other markets. Global economic, political and financial conditions, including geopolitical and other events (e.g., wars, sanctions and terrorism), legislative changes, industry or economic trends and developments, natural disasters or public health risks, such as epidemics or pandemics, may, from time to time, and for varying periods of time, have a significant effect on the economies of many nations, including the U.S., and financial markets generally and cause the Fund to experience volatility, illiquidity, loss of value, shareholder redemptions and/or other potentially adverse effects.

- **Liquidity Fees Risk.** Pursuant to Rule 2a-7, the Fund may impose discretionary liquidity fees on redemptions subject to a determination by the Fund's Board, or its delegate, that such a liquidity fee is in the Fund's best interests. Such determination will be based on current market conditions and the Fund's particular circumstances, and it is expected that such fee would be imposed, if at all, during periods of extraordinary market stress. If the Fund's Board, including a majority of the Independent Trustees, or its delegate, determines that imposing a liquidity fee is in the Fund's best interests, the Fund will impose a discretionary liquidity fee not to exceed 2% of the value of the shares redeemed. The discretionary liquidity fee would be applied to all Fund redemptions and would remain in effect until the Fund's Board, or its delegate, determines that the fee is no longer in the Fund's best interests. If the Fund imposes a liquidity fee, depending on how the redemption order is communicated, the proceeds delivered may be for an amount that is less than the original redemption.
- **Interest Rate Risk.** Prices of fixed-income securities (including tax-exempt securities) generally fall when interest rates rise. Recent and potential future changes in monetary policy made by central banks and/or their governments are likely to affect the level of interest rates. Very low or negative interest rates magnify interest rate risk. During periods when interest rates are low or there are negative interest rates, the Fund's yield (and total return) also is likely to be lower or the Fund may be unable to maintain a positive return, or yield, or a stable NAV.
- **Call Risk.** The Fund's performance may be adversely affected by the possibility that an issuer of a security held by the Fund may redeem the security prior to maturity at a price below or above its current market value.
- **Sector Risk.** A substantial part of the Fund's portfolio may be comprised of securities issued or credit enhanced by businesses with similar characteristics or by issuers located in the same state. As a result, the Fund will be more susceptible to any economic, business, political or other developments which generally affect these issuers or entities.
- **Tax Risk.** In order to be tax exempt, tax-exempt securities must meet certain legal requirements. Failure to meet such requirements may cause the interest received and distributed by the Fund to shareholders to be taxable. The Fund and the Adviser will rely on the opinions of issuers' bond counsel on the tax-exempt status of interest on municipal bonds. The Fund and the Adviser do not guarantee or represent that such opinions are correct when issued or that underlying facts and circumstances will not change such that such opinions remain correct, and the Fund and the Adviser will not undertake independent investigations to review the bases for or ongoing effect of those tax opinions. Income from tax-exempt securities held by the Fund could also become taxable because of changes in tax laws or interpretations by taxing authorities, resulting in a higher tax liability for shareholders and potentially impacting Fund performance. The Fund may invest in securities whose interest is subject to state tax, federal regular income tax or AMT. Consult your tax professional for more information.
- **Liquidity Risk.** Liquidity risk is the risk that the Fund will experience significant net redemptions of Fund Shares at a time when it cannot find willing buyers for its portfolio securities or can only sell its portfolio securities at a material loss.
- **Credit Enhancement Risk.** The securities in which the Fund invests may be subject to credit enhancement (for example, guarantees, letters of credit or bond insurance). If the credit quality of the credit enhancement provider (for example, a bank or bond insurer) is downgraded, a security credit enhanced by such credit enhancement provider also may be downgraded. Having multiple securities credit enhanced by the same enhancement provider will increase the adverse effects on the Fund that are likely to result from a downgrading of, or a default by, such an enhancement provider. Adverse developments in the banking or bond insurance industries also may negatively affect the Fund, as the Fund may invest in securities credit enhanced by banks or by bond insurers without limit.
- **Risk Associated with Investing Share Purchase Proceeds.** On days during which there are net purchases of Fund Shares, the Fund must invest the proceeds at prevailing market yields or hold cash. If the yield of the securities purchased is less than that of the securities already in the Fund's portfolio, or if the Fund holds cash, the Fund's yield will likely decrease. Conversely, net purchases on days on which short-term yields rise will likely cause the Fund's yield to increase. In the event of significant changes in short-term yields or significant net purchases, the Fund retains the discretion to close to new investments. However, the Fund is not required to close, and no assurance can be given that this will be done in any given circumstance.
- **Risk Associated with Use of Amortized Cost.** In the unlikely event that the Fund's Board of Trustees ("Board") were to determine, pursuant to Rule 2a-7, that the extent of the deviation between the Fund's amortized cost per share and its market-based NAV per share may result in material dilution or other unfair results to shareholders, the Board will cause the Fund to take such action as it deems appropriate to eliminate or reduce to the extent practicable such dilution or unfair results.
- **Additional Factors Affecting Yield.** There is no guarantee that the Fund will provide a certain level of income or that any such income will exceed the rate of inflation. Further, the Fund's yield will vary. Periods of very low or negative interest rates impact, in a negative way, the Fund's ability to maintain a positive return, or yield, or pay dividends to Fund shareholders.

- California Risk.** Because the Fund will invest a significant portion of its assets in securities of California issuers, an investment in the Fund may involve additional risks compared to a fully diversified money market fund that invests in multiple states, and the Fund’s performance also may be negatively impacted by other local, state or regional factors. For example, natural disasters may affect the creditworthiness of municipal issuers or otherwise disrupt the local, state or regional economy or certain sectors of the economy. California’s credit strength is based on its large and diverse economy, manageable debt burden and strong demographics. However, California’s budget and fiscal operations face certain structural impediments and rely on revenue sources which have been historically sensitive to the economic environment. California’s diverse economy is the largest in the United States and one of the largest in the world with major components including high technology, trade, entertainment, manufacturing, tourism, construction, agriculture and services. Any downturn in these sectors or related industries may adversely affect the economy of the state.
- Technology Risk.** The Adviser uses various technologies in managing the Fund, consistent with its investment objective(s) and strategy described in this Prospectus. For example, proprietary and third-party data and systems are utilized to support decision making for the Fund. Data imprecision, software or other technology malfunctions, programming inaccuracies and similar circumstances may impair the performance of these systems, which may negatively affect Fund performance.

You could lose money by investing in the Fund. Although the Fund seeks to preserve the value of your investment at \$1.00 per share, it cannot guarantee it will do so. The Fund may impose a fee upon the sale of your shares. An investment in the Fund is not a bank account and is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. The Fund’s sponsor is not required to reimburse the Fund for losses, and you should not expect that the sponsor will provide financial support to the Fund at any time, including during periods of market stress.

**PERFORMANCE: BAR CHART AND TABLE**

**Risk/Return Bar Chart**

The bar chart and performance table below reflect historical performance data for the Fund and are intended to help you analyze the Fund’s investment risks in light of its historical returns. The bar chart shows the variability of the Fund’s CII class total returns on a calendar year-by-year basis. The Average Annual Total Return Table shows returns *averaged* over the stated periods. *The Fund’s performance will fluctuate, and past performance (before and after taxes) is not necessarily an indication of future results.* Updated performance information for the Fund is available under the “Products” section at [FederatedHermes.com/us](http://FederatedHermes.com/us) or by calling 1-800-341-7400.

Within the periods shown in the bar chart, the Fund’s CII class highest quarterly return was 0.75% (quarter ended December 31, 2023). Its lowest quarterly return was 0.00% (quarter ended March 31, 2022).

**Average Annual Total Return Table**

The following table represents the Fund’s CII class Average Annual Total Returns for the calendar period ended December 31, 2025.

Share Class	1 Year	5 Years	10 Years
CII:	2.13%	1.65%	1.06%

The Fund’s CII class 7-Day Net Yield as of December 31, 2025, was 2.39%. You may go to [FederatedHermes.com/us](http://FederatedHermes.com/us) or call the Fund at 1-800-341-7400 for the current 7-Day Net Yield.

**FUND MANAGEMENT**

The Fund’s Investment Adviser is Federated Investment Management Company.

## **PURCHASE AND SALE OF FUND SHARES**

The minimum initial investment amount for the Fund's CII class is generally \$10,000 and there is no minimum subsequent investment amount. Certain types of accounts are eligible for lower minimum investments. The minimum investment amount for Systematic Investment Programs is \$50.

Financial intermediaries may impose higher or lower minimum investment requirements on their customers than those imposed by the Fund. If an intermediary's aggregate account (omnibus account) meets the Fund's investment minimum requirements, there is no minimum requirement for the underlying sub-accounts. Keep in mind that financial intermediaries may charge you fees for their services in connection with your Share transactions.

You may purchase, redeem or exchange Shares of the Fund on any day the New York Stock Exchange (NYSE) is open. Shares may be purchased through a financial intermediary or directly from the Fund, by wire or by check. Please note that certain purchase restrictions may apply. Redeem or exchange Shares through a financial intermediary or directly from the Fund by telephone at 1-800-341-7400 or by mail.

The Fund operates as a retail money market fund. Accordingly, only accounts beneficially owned by natural persons ("Eligible Accounts") may be invested in the Fund. Accounts that are not Eligible Accounts are not permitted to invest in the Fund and will be redeemed in accordance with policies and procedures adopted by the Fund's Board.

Neither the Fund nor the Adviser will be responsible for any loss of income in an investor's account or tax liability resulting from an involuntary redemption.

## **TAX INFORMATION**

It is anticipated that Fund distributions will be primarily dividends that are exempt from federal regular income tax, although a portion of the Fund's dividends may not be tax exempt. Dividends may be subject to state and local taxes (except for California taxes, to the extent derived from California tax-exempt investments and eligible for tax-exempt treatment under California law). Although the Fund does not seek to realize capital gains, the Fund may realize and distribute capital gains from time to time as a result of the Fund's normal investment activities. Any Fund distributions of capital gains are taxable at applicable capital gains rates. The Fund is generally not a suitable investment for retirement accounts. Interest from the Fund's investments and the Fund's distributions to shareholders may be subject to AMT.

## **PAYMENTS TO BROKER-DEALERS AND OTHER FINANCIAL INTERMEDIARIES**

If you purchase the Fund through a broker-dealer or other financial intermediary (such as a bank), the Fund and/or its related companies may pay the intermediary for the sale of Fund Shares and related services. These payments may create a conflict of interest by influencing the broker-dealer or other intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary's website for more information.

## Fund Summary Information – Cash Series Shares

### Federated Hermes California Municipal Cash Trust (the "Fund")

#### RISK/RETURN SUMMARY: INVESTMENT OBJECTIVE

The Fund is a money market fund that seeks to maintain a stable net asset value (NAV) of \$1.00 per Share. The Fund's investment objective is to provide current income exempt from federal regular income tax and the personal income taxes imposed by the State of California consistent with stability of principal.

#### RISK/RETURN SUMMARY: FEES AND EXPENSES

This table describes the fees and expenses that you may pay if you buy, hold and sell Cash Series Shares (CS) of the Fund. **You may pay other fees, such as brokerage commissions and other fees to financial intermediaries, which are not reflected in the tables and examples below.**

#### Shareholder Fees (fees paid directly from your investment)

	CS
Maximum Sales Charge (Load) Imposed on Purchases (as a percentage of offering price) .....	None
Maximum Deferred Sales Charge (Load) (as a percentage of original purchase price or redemption proceeds, as applicable) .....	None
Maximum Sales Charge (Load) Imposed on Reinvested Dividends (and other Distributions) (as a percentage of offering price) .....	None
Redemption Fee (as a percentage of amount redeemed, if applicable) .....	None
Exchange Fee .....	None

#### Annual Fund Operating Expenses (expenses that you pay each year as a percentage of the value of your investment)

	CS
Management Fee <sup>1</sup> .....	0.25%
Distribution (12b-1) Fee .....	0.60%
Other Expenses .....	0.38%
Total Annual Fund Operating Expenses <sup>1</sup> .....	1.23%
Fee Waivers and/or Expense Reimbursements <sup>1,2</sup> .....	(0.20)%
Total Annual Fund Operating Expenses After Fee Waivers and/or Expense Reimbursements .....	1.03%

1 The Management Fee, Total Annual Fund Operating Expenses and Fee Waivers and/or Expense Reimbursements have been restated to reflect current fees due to a reduction in the stated gross Management Fee for the Fund effective January 1, 2025.

2 The Adviser and certain of its affiliates, on their own initiative, have agreed to waive certain amounts of their respective fees and/or reimburse expenses. Total annual fund operating expenses (excluding acquired fund fees and expenses, extraordinary expenses, interest expense and proxy-related expenses, if any) paid by the Fund's CS class (after the voluntary waivers and/or reimbursements) will not exceed 1.03% (the "Fee Limit") up to but not including the later of (the "Termination Date"): (a) March 1, 2027; or (b) the date of the Fund's next effective Prospectus. While the Adviser and its affiliates currently do not anticipate terminating or increasing these arrangements prior to the Termination Date, these arrangements may only be terminated or the Fee Limit increased prior to the Termination Date with the approval of the Fund's Board of Trustees.

#### Example

This Example is intended to help you compare the cost of investing in the Fund with the cost of investing in other mutual funds.

The Example assumes that you invest \$10,000 for the time periods indicated and then redeem or hold all of your Shares at the end of those periods. The Example also assumes that your investment has a 5% return each year and that operating expenses remain the same. The Example does not reflect sales charges (loads) on reinvested dividends. If these sales charges (loads) were included, your costs would be higher. Although your actual costs and returns may be higher or lower, based on these assumptions your costs would be:

1 Year	\$ 125
3 Years	\$ 390
5 Years	\$ 676
10 Years	\$1,489

## RISK/RETURN SUMMARY: INVESTMENTS, RISKS AND PERFORMANCE

### What are the Fund's Main Investment Strategies?

The Fund invests primarily in a portfolio of high-quality California tax-exempt securities maturing in 397 days or less. The Fund will invest its assets so that, normally, distributions of annual interest income are exempt from federal regular income tax and California state income tax. Interest from the Fund's investments may be subject to the federal alternative minimum tax for individuals (AMT).

Tax-exempt securities are fixed-income securities that, in the opinion of bond counsel to the issuer or on the basis of another authority believed by Federated Investment Management Company (the "Adviser") to be reliable, pay interest that is not subject to federal regular income taxes. The types of securities in which the Fund may principally invest include: (a) tax-exempt securities such as the following types, some of which may be subject to credit enhancement: variable rate demand instruments, municipal notes, general obligation bonds, special revenue bonds, private activity bonds and tax-exempt commercial paper; and (b) interests in securities of other investment companies.

In pursuing its investment objective and implementing its investment strategies, the Fund will comply with Rule 2a-7 under the Investment Company Act of 1940, as amended ("1940 Act"). In response to unusual circumstances, such as adverse market, economic or other conditions (for example, to help avoid potential losses, or during periods when there is a shortage of appropriate tax-exempt securities), to maintain liquidity to meet shareholder redemptions, or to accommodate cash inflows, the Adviser may leave a portion of the Fund's assets uninvested, or may invest in securities subject to state and/or federal income tax. The Adviser invests in securities subject to the AMT in an attempt to seek appropriate risk adjusted returns and provide diversification.

Under normal circumstances, the Fund will invest its assets so that at least 80% of its annual interest income will be exempt from federal regular income tax and California state income tax or so that 80% of its net assets is invested in obligations, the interest income from which is exempt from federal regular income tax and California state income tax. This policy may not be changed without shareholder approval.

The Fund will count securities subject to the AMT toward satisfaction of the 80% basket in accordance with Rule 35d-1 under the 1940 Act.

### What are the Main Risks of Investing in the Fund?

Pursuant to Rule 2a-7 the Fund is designated as a "retail" money market fund and is permitted to use amortized cost to value its portfolio securities and to transact at a stable \$1.00 net asset value. As a retail money market fund, the Fund has adopted policies and procedures reasonably designed to limit investments in the Fund to accounts beneficially owned by natural persons.

All mutual funds take investment risks. Therefore, even though the Fund is a money market fund that seeks to maintain a stable NAV, it is possible to lose money by investing in the Fund. The primary factors that may negatively impact the Fund's ability to maintain a stable NAV, delay the payment of redemptions by the Fund, or reduce the Fund's daily dividends include:

- **Tax-Exempt Securities Risk.** The securities in which the Fund invests may include those issued by state or local governments, other political subdivisions or authorities, or directly or indirectly supported by taxes, assessments, tolls, fees or other revenue collected by or otherwise derived from or through such issuers. Special factors, such as legislative changes, and state and local economic and business developments, may adversely affect the yield and/or value of the Fund's investments in tax-exempt securities. Changes in tax policy could adversely affect the tax-exempt status of securities held by the Fund.
- **Issuer Credit Risk.** It is possible that interest or principal on securities will not be paid when due. Money market funds try to minimize this risk by purchasing higher-quality securities.
- **Counterparty Risk.** A party to a transaction involving the Fund may fail to meet its obligations. This could cause the Fund to lose money or to lose the benefit of the transaction or prevent the Fund from selling or buying other securities to implement its investment strategies.
- **Risk Related to the Economy.** The value of the Fund's portfolio may decline in tandem with a drop in the overall value of the markets in which the Fund invests and/or other markets. Global economic, political and financial conditions, including geopolitical and other events (e.g., wars, sanctions and terrorism), legislative changes, industry or economic trends and developments, natural disasters or public health risks, such as epidemics or pandemics, may, from time to time, and for varying periods of time, have a significant effect on the economies of many nations, including the U.S., and financial markets generally and cause the Fund to experience volatility, illiquidity, loss of value, shareholder redemptions and/or other potentially adverse effects.

- **Liquidity Fees Risk.** Pursuant to Rule 2a-7, the Fund may impose discretionary liquidity fees on redemptions subject to a determination by the Fund's Board, or its delegate, that such a liquidity fee is in the Fund's best interests. Such determination will be based on current market conditions and the Fund's particular circumstances, and it is expected that such fee would be imposed, if at all, during periods of extraordinary market stress. If the Fund's Board, including a majority of the Independent Trustees, or its delegate, determines that imposing a liquidity fee is in the Fund's best interests, the Fund will impose a discretionary liquidity fee not to exceed 2% of the value of the shares redeemed. The discretionary liquidity fee would be applied to all Fund redemptions and would remain in effect until the Fund's Board, or its delegate, determines that the fee is no longer in the Fund's best interests. If the Fund imposes a liquidity fee, depending on how the redemption order is communicated, the proceeds delivered may be for an amount that is less than the original redemption.
- **Interest Rate Risk.** Prices of fixed-income securities (including tax-exempt securities) generally fall when interest rates rise. Recent and potential future changes in monetary policy made by central banks and/or their governments are likely to affect the level of interest rates. Very low or negative interest rates magnify interest rate risk. During periods when interest rates are low or there are negative interest rates, the Fund's yield (and total return) also is likely to be lower or the Fund may be unable to maintain a positive return, or yield, or a stable NAV.
- **Call Risk.** The Fund's performance may be adversely affected by the possibility that an issuer of a security held by the Fund may redeem the security prior to maturity at a price below or above its current market value.
- **Sector Risk.** A substantial part of the Fund's portfolio may be comprised of securities issued or credit enhanced by businesses with similar characteristics or by issuers located in the same state. As a result, the Fund will be more susceptible to any economic, business, political or other developments which generally affect these issuers or entities.
- **Tax Risk.** In order to be tax exempt, tax-exempt securities must meet certain legal requirements. Failure to meet such requirements may cause the interest received and distributed by the Fund to shareholders to be taxable. The Fund and the Adviser will rely on the opinions of issuers' bond counsel on the tax-exempt status of interest on municipal bonds. The Fund and the Adviser do not guarantee or represent that such opinions are correct when issued or that underlying facts and circumstances will not change such that such opinions remain correct, and the Fund and the Adviser will not undertake independent investigations to review the bases for or ongoing effect of those tax opinions. Income from tax-exempt securities held by the Fund could also become taxable because of changes in tax laws or interpretations by taxing authorities, resulting in a higher tax liability for shareholders and potentially impacting Fund performance. The Fund may invest in securities whose interest is subject to state tax, federal regular income tax or AMT. Consult your tax professional for more information.
- **Liquidity Risk.** Liquidity risk is the risk that the Fund will experience significant net redemptions of Fund Shares at a time when it cannot find willing buyers for its portfolio securities or can only sell its portfolio securities at a material loss.
- **Credit Enhancement Risk.** The securities in which the Fund invests may be subject to credit enhancement (for example, guarantees, letters of credit or bond insurance). If the credit quality of the credit enhancement provider (for example, a bank or bond insurer) is downgraded, a security credit enhanced by such credit enhancement provider also may be downgraded. Having multiple securities credit enhanced by the same enhancement provider will increase the adverse effects on the Fund that are likely to result from a downgrading of, or a default by, such an enhancement provider. Adverse developments in the banking or bond insurance industries also may negatively affect the Fund, as the Fund may invest in securities credit enhanced by banks or by bond insurers without limit.
- **Risk Associated with Investing Share Purchase Proceeds.** On days during which there are net purchases of Fund Shares, the Fund must invest the proceeds at prevailing market yields or hold cash. If the yield of the securities purchased is less than that of the securities already in the Fund's portfolio, or if the Fund holds cash, the Fund's yield will likely decrease. Conversely, net purchases on days on which short-term yields rise will likely cause the Fund's yield to increase. In the event of significant changes in short-term yields or significant net purchases, the Fund retains the discretion to close to new investments. However, the Fund is not required to close, and no assurance can be given that this will be done in any given circumstance.
- **Risk Associated with Use of Amortized Cost.** In the unlikely event that the Fund's Board of Trustees ("Board") were to determine, pursuant to Rule 2a-7, that the extent of the deviation between the Fund's amortized cost per share and its market-based NAV per share may result in material dilution or other unfair results to shareholders, the Board will cause the Fund to take such action as it deems appropriate to eliminate or reduce to the extent practicable such dilution or unfair results.
- **Additional Factors Affecting Yield.** There is no guarantee that the Fund will provide a certain level of income or that any such income will exceed the rate of inflation. Further, the Fund's yield will vary. Periods of very low or negative interest rates impact, in a negative way, the Fund's ability to maintain a positive return, or yield, or pay dividends to Fund shareholders.

- California Risk.** Because the Fund will invest a significant portion of its assets in securities of California issuers, an investment in the Fund may involve additional risks compared to a fully diversified money market fund that invests in multiple states, and the Fund’s performance also may be negatively impacted by other local, state or regional factors. For example, natural disasters may affect the creditworthiness of municipal issuers or otherwise disrupt the local, state or regional economy or certain sectors of the economy. California’s credit strength is based on its large and diverse economy, manageable debt burden and strong demographics. However, California’s budget and fiscal operations face certain structural impediments and rely on revenue sources which have been historically sensitive to the economic environment. California’s diverse economy is the largest in the United States and one of the largest in the world with major components including high technology, trade, entertainment, manufacturing, tourism, construction, agriculture and services. Any downturn in these sectors or related industries may adversely affect the economy of the state.
- Technology Risk.** The Adviser uses various technologies in managing the Fund, consistent with its investment objective(s) and strategy described in this Prospectus. For example, proprietary and third-party data and systems are utilized to support decision making for the Fund. Data imprecision, software or other technology malfunctions, programming inaccuracies and similar circumstances may impair the performance of these systems, which may negatively affect Fund performance.

You could lose money by investing in the Fund. Although the Fund seeks to preserve the value of your investment at \$1.00 per share, it cannot guarantee it will do so. The Fund may impose a fee upon the sale of your shares. An investment in the Fund is not a bank account and is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. The Fund’s sponsor is not required to reimburse the Fund for losses, and you should not expect that the sponsor will provide financial support to the Fund at any time, including during periods of market stress.

**PERFORMANCE: BAR CHART AND TABLE**

**Risk/Return Bar Chart**

The bar chart and performance table below reflect historical performance data for the Fund and are intended to help you analyze the Fund’s investment risks in light of its historical returns. The bar chart shows the variability of the Fund’s CS class total returns on a calendar year-by-year basis. The Average Annual Total Return Table shows returns *averaged* over the stated periods. *The Fund’s performance will fluctuate, and past performance (before and after taxes) is not necessarily an indication of future results.* Updated performance information for the Fund is available under the “Products” section at [FederatedHermes.com/us](http://FederatedHermes.com/us) or by calling 1-800-341-7400.

Within the periods shown in the bar chart, the Fund’s CS class highest quarterly return was 0.66% (quarter ended December 31, 2023). Its lowest quarterly return was 0.00% (quarter ended June 30, 2022).

**Average Annual Total Return Table**

The following table represents the Fund’s CS class Average Annual Total Returns for the calendar period ended December 31, 2025.

Share Class	1 Year	5 Years	10 Years
CS:	1.77%	1.40%	0.83%

The Fund’s CS class 7-Day Net Yield as of December 31, 2025, was 2.04%. You may go to [FederatedHermes.com/us](http://FederatedHermes.com/us) or call the Fund at 1-800-341-7400 for the current 7-Day Net Yield.

**FUND MANAGEMENT**

The Fund’s Investment Adviser is Federated Investment Management Company.

## **PURCHASE AND SALE OF FUND SHARES**

The minimum initial investment amount for the Fund's CS class is generally \$1,000 and there is no minimum subsequent investment amount. Certain types of accounts are eligible for lower minimum investments. The minimum investment amount for Systematic Investment Programs is \$50.

Financial intermediaries may impose higher or lower minimum investment requirements on their customers than those imposed by the Fund. If an intermediary's aggregate account (omnibus account) meets the Fund's investment minimum requirements, there is no minimum requirement for the underlying sub-accounts. Keep in mind that financial intermediaries may charge you fees for their services in connection with your Share transactions.

You may purchase, redeem or exchange Shares of the Fund on any day the New York Stock Exchange (NYSE) is open. Shares may be purchased through a financial intermediary or directly from the Fund, by wire or by check. Please note that certain purchase restrictions may apply. Redeem or exchange Shares through a financial intermediary or directly from the Fund by telephone at 1-800-341-7400 or by mail.

The Fund operates as a retail money market fund. Accordingly, only accounts beneficially owned by natural persons ("Eligible Accounts") may be invested in the Fund. Accounts that are not Eligible Accounts are not permitted to invest in the Fund and will be redeemed in accordance with policies and procedures adopted by the Fund's Board.

Neither the Fund nor the Adviser will be responsible for any loss of income in an investor's account or tax liability resulting from an involuntary redemption.

## **TAX INFORMATION**

It is anticipated that Fund distributions will be primarily dividends that are exempt from federal regular income tax, although a portion of the Fund's dividends may not be tax exempt. Dividends may be subject to state and local taxes (except for California taxes, to the extent derived from California tax-exempt investments and eligible for tax-exempt treatment under California law). Although the Fund does not seek to realize capital gains, the Fund may realize and distribute capital gains from time to time as a result of the Fund's normal investment activities. Any Fund distributions of capital gains are taxable at applicable capital gains rates. The Fund is generally not a suitable investment for retirement accounts. Interest from the Fund's investments and the Fund's distributions to shareholders may be subject to AMT.

## **PAYMENTS TO BROKER-DEALERS AND OTHER FINANCIAL INTERMEDIARIES**

If you purchase the Fund through a broker-dealer or other financial intermediary (such as a bank), the Fund and/or its related companies may pay the intermediary for the sale of Fund Shares and related services. These payments may create a conflict of interest by influencing the broker-dealer or other intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary's website for more information.

## Fund Summary Information – Capital Shares

### Federated Hermes California Municipal Cash Trust (the "Fund")

#### RISK/RETURN SUMMARY: INVESTMENT OBJECTIVE

The Fund is a money market fund that seeks to maintain a stable net asset value (NAV) of \$1.00 per Share. The Fund's investment objective is to provide current income exempt from federal regular income tax and the personal income taxes imposed by the State of California consistent with stability of principal.

#### RISK/RETURN SUMMARY: FEES AND EXPENSES

This table describes the fees and expenses that you may pay if you buy, hold and sell the Fund's Capital Shares (CAP). **You may pay other fees, such as brokerage commissions and other fees to financial intermediaries, which are not reflected in the tables and examples below.**

#### Shareholder Fees (fees paid directly from your investment)

	CAP
Maximum Sales Charge (Load) Imposed on Purchases (as a percentage of offering price) .....	None
Maximum Deferred Sales Charge (Load) (as a percentage of original purchase price or redemption proceeds, as applicable) .....	None
Maximum Sales Charge (Load) Imposed on Reinvested Dividends (and other Distributions) (as a percentage of offering price) .....	None
Redemption Fee (as a percentage of amount redeemed, if applicable) .....	None
Exchange Fee .....	None

#### Annual Fund Operating Expenses (expenses that you pay each year as a percentage of the value of your investment)

	CAP
Management Fee <sup>1</sup> .....	0.25%
Distribution (12b-1) Fee .....	None
Other Expenses .....	0.38%
Total Annual Fund Operating Expenses <sup>1</sup> .....	0.63%
Fee Waivers and/or Expense Reimbursements <sup>1,2</sup> .....	(0.25)%
Total Annual Fund Operating Expenses After Fee Waivers and/or Expense Reimbursements .....	0.38%

1 The Management Fee, Total Annual Fund Operating Expenses and Fee Waivers and/or Expense Reimbursements have been restated to reflect current fees due to a reduction in the stated gross Management Fee for the Fund effective January 1, 2025.

2 The Adviser and certain of its affiliates, on their own initiative, have agreed to waive certain amounts of their respective fees and/or reimburse expenses. Total annual fund operating expenses (excluding acquired fund fees and expenses, extraordinary expenses, interest expense and proxy-related expenses, if any) paid by the Fund's CAP class (after the voluntary waivers and/or reimbursements) will not exceed 0.38% (the "Fee Limit") up to but not including the later of (the "Termination Date"): (a) March 1, 2027; or (b) the date of the Fund's next effective Prospectus. While the Adviser and its affiliates currently do not anticipate terminating or increasing these arrangements prior to the Termination Date, these arrangements may only be terminated or the Fee Limit increased prior to the Termination Date with the approval of the Fund's Board of Trustees.

#### Example

This Example is intended to help you compare the cost of investing in the Fund with the cost of investing in other mutual funds.

The Example assumes that you invest \$10,000 for the time periods indicated and then redeem or hold all of your Shares at the end of those periods. The Example also assumes that your investment has a 5% return each year and that operating expenses remain the same. The Example does not reflect sales charges (loads) on reinvested dividends. If these sales charges (loads) were included, your costs would be higher. Although your actual costs and returns may be higher or lower, based on these assumptions your costs would be:

1 Year	\$ 64
3 Years	\$202
5 Years	\$351
10 Years	\$786

## RISK/RETURN SUMMARY: INVESTMENTS, RISKS AND PERFORMANCE

### What are the Fund's Main Investment Strategies?

The Fund invests primarily in a portfolio of high-quality California tax-exempt securities maturing in 397 days or less. The Fund will invest its assets so that, normally, distributions of annual interest income are exempt from federal regular income tax and California state income tax. Interest from the Fund's investments may be subject to the federal alternative minimum tax for individuals (AMT).

Tax-exempt securities are fixed-income securities that, in the opinion of bond counsel to the issuer or on the basis of another authority believed by Federated Investment Management Company (the "Adviser") to be reliable, pay interest that is not subject to federal regular income taxes. The types of securities in which the Fund may principally invest include: (a) tax-exempt securities such as the following types, some of which may be subject to credit enhancement: variable rate demand instruments, municipal notes, general obligation bonds, special revenue bonds, private activity bonds and tax-exempt commercial paper; and (b) interests in securities of other investment companies.

In pursuing its investment objective and implementing its investment strategies, the Fund will comply with Rule 2a-7 under the Investment Company Act of 1940, as amended ("1940 Act"). In response to unusual circumstances, such as adverse market, economic or other conditions (for example, to help avoid potential losses, or during periods when there is a shortage of appropriate tax-exempt securities), to maintain liquidity to meet shareholder redemptions, or to accommodate cash inflows, the Adviser may leave a portion of the Fund's assets uninvested, or may invest in securities subject to state and/or federal income tax. The Adviser invests in securities subject to the AMT in an attempt to seek appropriate risk adjusted returns and provide diversification.

Under normal circumstances, the Fund will invest its assets so that at least 80% of its annual interest income will be exempt from federal regular income tax and California state income tax or so that 80% of its net assets is invested in obligations, the interest income from which is exempt from federal regular income tax and California state income tax. This policy may not be changed without shareholder approval.

The Fund will count securities subject to the AMT toward satisfaction of the 80% basket in accordance with Rule 35d-1 under the 1940 Act.

### What are the Main Risks of Investing in the Fund?

Pursuant to Rule 2a-7 the Fund is designated as a "retail" money market fund and is permitted to use amortized cost to value its portfolio securities and to transact at a stable \$1.00 net asset value. As a retail money market fund, the Fund has adopted policies and procedures reasonably designed to limit investments in the Fund to accounts beneficially owned by natural persons.

All mutual funds take investment risks. Therefore, even though the Fund is a money market fund that seeks to maintain a stable NAV, it is possible to lose money by investing in the Fund. The primary factors that may negatively impact the Fund's ability to maintain a stable NAV, delay the payment of redemptions by the Fund, or reduce the Fund's daily dividends include:

- **Tax-Exempt Securities Risk.** The securities in which the Fund invests may include those issued by state or local governments, other political subdivisions or authorities, or directly or indirectly supported by taxes, assessments, tolls, fees or other revenue collected by or otherwise derived from or through such issuers. Special factors, such as legislative changes, and state and local economic and business developments, may adversely affect the yield and/or value of the Fund's investments in tax-exempt securities. Changes in tax policy could adversely affect the tax-exempt status of securities held by the Fund.
- **Issuer Credit Risk.** It is possible that interest or principal on securities will not be paid when due. Money market funds try to minimize this risk by purchasing higher-quality securities.
- **Counterparty Risk.** A party to a transaction involving the Fund may fail to meet its obligations. This could cause the Fund to lose money or to lose the benefit of the transaction or prevent the Fund from selling or buying other securities to implement its investment strategies.
- **Risk Related to the Economy.** The value of the Fund's portfolio may decline in tandem with a drop in the overall value of the markets in which the Fund invests and/or other markets. Global economic, political and financial conditions, including geopolitical and other events (e.g., wars, sanctions and terrorism), legislative changes, industry or economic trends and developments, natural disasters or public health risks, such as epidemics or pandemics, may, from time to time, and for varying periods of time, have a significant effect on the economies of many nations, including the U.S., and financial markets generally and cause the Fund to experience volatility, illiquidity, loss of value, shareholder redemptions and/or other potentially adverse effects.

- **Liquidity Fees Risk.** Pursuant to Rule 2a-7, the Fund may impose discretionary liquidity fees on redemptions subject to a determination by the Fund's Board, or its delegate, that such a liquidity fee is in the Fund's best interests. Such determination will be based on current market conditions and the Fund's particular circumstances, and it is expected that such fee would be imposed, if at all, during periods of extraordinary market stress. If the Fund's Board, including a majority of the Independent Trustees, or its delegate, determines that imposing a liquidity fee is in the Fund's best interests, the Fund will impose a discretionary liquidity fee not to exceed 2% of the value of the shares redeemed. The discretionary liquidity fee would be applied to all Fund redemptions and would remain in effect until the Fund's Board, or its delegate, determines that the fee is no longer in the Fund's best interests. If the Fund imposes a liquidity fee, depending on how the redemption order is communicated, the proceeds delivered may be for an amount that is less than the original redemption.
- **Interest Rate Risk.** Prices of fixed-income securities (including tax-exempt securities) generally fall when interest rates rise. Recent and potential future changes in monetary policy made by central banks and/or their governments are likely to affect the level of interest rates. Very low or negative interest rates magnify interest rate risk. During periods when interest rates are low or there are negative interest rates, the Fund's yield (and total return) also is likely to be lower or the Fund may be unable to maintain a positive return, or yield, or a stable NAV.
- **Call Risk.** The Fund's performance may be adversely affected by the possibility that an issuer of a security held by the Fund may redeem the security prior to maturity at a price below or above its current market value.
- **Sector Risk.** A substantial part of the Fund's portfolio may be comprised of securities issued or credit enhanced by businesses with similar characteristics or by issuers located in the same state. As a result, the Fund will be more susceptible to any economic, business, political or other developments which generally affect these issuers or entities.
- **Tax Risk.** In order to be tax exempt, tax-exempt securities must meet certain legal requirements. Failure to meet such requirements may cause the interest received and distributed by the Fund to shareholders to be taxable. The Fund and the Adviser will rely on the opinions of issuers' bond counsel on the tax-exempt status of interest on municipal bonds. The Fund and the Adviser do not guarantee or represent that such opinions are correct when issued or that underlying facts and circumstances will not change such that such opinions remain correct, and the Fund and the Adviser will not undertake independent investigations to review the bases for or ongoing effect of those tax opinions. Income from tax-exempt securities held by the Fund could also become taxable because of changes in tax laws or interpretations by taxing authorities, resulting in a higher tax liability for shareholders and potentially impacting Fund performance. The Fund may invest in securities whose interest is subject to state tax, federal regular income tax or AMT. Consult your tax professional for more information.
- **Liquidity Risk.** Liquidity risk is the risk that the Fund will experience significant net redemptions of Fund Shares at a time when it cannot find willing buyers for its portfolio securities or can only sell its portfolio securities at a material loss.
- **Credit Enhancement Risk.** The securities in which the Fund invests may be subject to credit enhancement (for example, guarantees, letters of credit or bond insurance). If the credit quality of the credit enhancement provider (for example, a bank or bond insurer) is downgraded, a security credit enhanced by such credit enhancement provider also may be downgraded. Having multiple securities credit enhanced by the same enhancement provider will increase the adverse effects on the Fund that are likely to result from a downgrading of, or a default by, such an enhancement provider. Adverse developments in the banking or bond insurance industries also may negatively affect the Fund, as the Fund may invest in securities credit enhanced by banks or by bond insurers without limit.
- **Risk Associated with Investing Share Purchase Proceeds.** On days during which there are net purchases of Fund Shares, the Fund must invest the proceeds at prevailing market yields or hold cash. If the yield of the securities purchased is less than that of the securities already in the Fund's portfolio, or if the Fund holds cash, the Fund's yield will likely decrease. Conversely, net purchases on days on which short-term yields rise will likely cause the Fund's yield to increase. In the event of significant changes in short-term yields or significant net purchases, the Fund retains the discretion to close to new investments. However, the Fund is not required to close, and no assurance can be given that this will be done in any given circumstance.
- **Risk Associated with Use of Amortized Cost.** In the unlikely event that the Fund's Board of Trustees ("Board") were to determine, pursuant to Rule 2a-7, that the extent of the deviation between the Fund's amortized cost per share and its market-based NAV per share may result in material dilution or other unfair results to shareholders, the Board will cause the Fund to take such action as it deems appropriate to eliminate or reduce to the extent practicable such dilution or unfair results.
- **Additional Factors Affecting Yield.** There is no guarantee that the Fund will provide a certain level of income or that any such income will exceed the rate of inflation. Further, the Fund's yield will vary. Periods of very low or negative interest rates impact, in a negative way, the Fund's ability to maintain a positive return, or yield, or pay dividends to Fund shareholders.

- California Risk.** Because the Fund will invest a significant portion of its assets in securities of California issuers, an investment in the Fund may involve additional risks compared to a fully diversified money market fund that invests in multiple states, and the Fund’s performance also may be negatively impacted by other local, state or regional factors. For example, natural disasters may affect the creditworthiness of municipal issuers or otherwise disrupt the local, state or regional economy or certain sectors of the economy. California’s credit strength is based on its large and diverse economy, manageable debt burden and strong demographics. However, California’s budget and fiscal operations face certain structural impediments and rely on revenue sources which have been historically sensitive to the economic environment. California’s diverse economy is the largest in the United States and one of the largest in the world with major components including high technology, trade, entertainment, manufacturing, tourism, construction, agriculture and services. Any downturn in these sectors or related industries may adversely affect the economy of the state.
- Technology Risk.** The Adviser uses various technologies in managing the Fund, consistent with its investment objective(s) and strategy described in this Prospectus. For example, proprietary and third-party data and systems are utilized to support decision making for the Fund. Data imprecision, software or other technology malfunctions, programming inaccuracies and similar circumstances may impair the performance of these systems, which may negatively affect Fund performance.

You could lose money by investing in the Fund. Although the Fund seeks to preserve the value of your investment at \$1.00 per share, it cannot guarantee it will do so. The Fund may impose a fee upon the sale of your shares. An investment in the Fund is not a bank account and is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. The Fund’s sponsor is not required to reimburse the Fund for losses, and you should not expect that the sponsor will provide financial support to the Fund at any time, including during periods of market stress.

**PERFORMANCE: BAR CHART AND TABLE**

**Risk/Return Bar Chart**

The bar chart and performance table below reflect historical performance data for the Fund and are intended to help you analyze the Fund’s investment risks in light of its historical returns. The bar chart shows the variability of the Fund’s CAP class total returns on a calendar year-by-year basis. The Average Annual Total Return Table shows returns *averaged* over the stated periods. *The Fund’s performance will fluctuate, and past performance (before and after taxes) is not necessarily an indication of future results.* Updated performance information for the Fund is available under the “Products” section at [FederatedHermes.com/us](http://FederatedHermes.com/us) or by calling 1-800-341-7400.

Within the periods shown in the bar chart, the Fund’s CAP class highest quarterly return was 0.82% (quarter ended June 30, 2024). Its lowest quarterly return was 0.00% (quarter ended September 30, 2021).

**Average Annual Total Return Table**

The following table represents the Fund’s CAP class Average Annual Total Returns for the calendar period ended December 31, 2025.

Share Class	1 Year	5 Years	10 Years
<b>CAP:</b>	2.43%	1.88%	1.29%

The Fund’s CAP class 7-Day Net Yield as of December 31, 2025, was 2.69%. You may go to [FederatedHermes.com/us](http://FederatedHermes.com/us) or call the Fund at 1-800-341-7400 for the current 7-Day Net Yield.

**FUND MANAGEMENT**

The Fund’s Investment Adviser is Federated Investment Management Company.

## **PURCHASE AND SALE OF FUND SHARES**

The minimum initial investment amount for the Fund's CAP class is generally \$25,000 and there is no minimum subsequent investment amount. Certain types of accounts are eligible for lower minimum investments. The minimum investment amount for Systematic Investment Programs is \$50.

Financial intermediaries may impose higher or lower minimum investment requirements on their customers than those imposed by the Fund. If an intermediary's aggregate account (omnibus account) meets the Fund's investment minimum requirements, there is no minimum requirement for the underlying sub-accounts. Keep in mind that financial intermediaries may charge you fees for their services in connection with your Share transactions.

You may purchase, redeem or exchange Shares of the Fund on any day the New York Stock Exchange (NYSE) is open. Shares may be purchased through a financial intermediary or directly from the Fund, by wire or by check. Please note that certain purchase restrictions may apply. Redeem or exchange Shares through a financial intermediary or directly from the Fund by telephone at 1-800-341-7400 or by mail.

The Fund operates as a retail money market fund. Accordingly, only accounts beneficially owned by natural persons ("Eligible Accounts") may be invested in the Fund. Accounts that are not Eligible Accounts are not permitted to invest in the Fund and will be redeemed in accordance with policies and procedures adopted by the Fund's Board.

Neither the Fund nor the Adviser will be responsible for any loss of income in an investor's account or tax liability resulting from an involuntary redemption.

## **TAX INFORMATION**

It is anticipated that Fund distributions will be primarily dividends that are exempt from federal regular income tax, although a portion of the Fund's dividends may not be tax exempt. Dividends may be subject to state and local taxes (except for California taxes, to the extent derived from California tax-exempt investments and eligible for tax-exempt treatment under California law). Although the Fund does not seek to realize capital gains, the Fund may realize and distribute capital gains from time to time as a result of the Fund's normal investment activities. Any Fund distributions of capital gains are taxable at applicable capital gains rates. The Fund is generally not a suitable investment for retirement accounts. Interest from the Fund's investments and the Fund's distributions to shareholders may be subject to AMT.

## **PAYMENTS TO BROKER-DEALERS AND OTHER FINANCIAL INTERMEDIARIES**

If you purchase the Fund through a broker-dealer or other financial intermediary (such as a bank), the Fund and/or its related companies may pay the intermediary for the sale of Fund Shares and related services. These payments may create a conflict of interest by influencing the broker-dealer or other intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary's website for more information.

## What are the Fund's Investment Strategies?

The Fund's investment objective is to provide current income exempt from federal regular income tax and the personal income taxes imposed by the State of California consistent with stability of principal. While there is no assurance that the Fund will achieve its investment objective, it endeavors to do so by following the strategies and policies described in this Prospectus.

The Fund invests primarily in a portfolio of high-quality California tax-exempt securities maturing in 397 days or less. The Fund will invest its assets so that, normally, distributions of annual interest income are exempt from federal regular income tax and California state income tax. Interest from the Fund's investments may be subject to the federal alternative minimum tax for individuals (AMT).

Federated Investment Management Company (the "Adviser") actively manages the Fund's portfolio, seeking to limit the credit risk taken by the Fund and to select investments, including securities subject to the AMT with appropriate risk-adjusted returns. The Adviser also invests in securities subject to the AMT in an attempt to provide diversification.

In response to unusual circumstances, such as adverse market, economic or other conditions (for example, to help avoid potential losses, or during periods when there is a shortage of appropriate tax-exempt securities), to maintain liquidity to meet shareholder redemptions, or to accommodate cash inflows, the Adviser may leave a portion of the Fund's assets uninvested, or may invest in securities subject to state and/or federal income tax.

The Fund seeks to invest in securities that present minimal credit risk, based on the Adviser's assessment of the issuer's credit quality, including the issuer's or guarantor's capacity to meet its financial obligations, among other factors.

The Adviser targets a dollar-weighted average portfolio maturity (WAM) range based upon its interest rate outlook and the tax-exempt securities available. The Adviser formulates its interest rate outlook by analyzing a variety of factors such as (among others): current and expected U.S. economic growth; current and expected interest rates and inflation; and the Federal Reserve's monetary policy. The Adviser structures the portfolio by investing in variable rate demand instruments and municipal notes, as well as other permissible investments as described in this Prospectus and in the Fund's Statement of Additional Information (SAI). The Adviser generally shortens the portfolio's maturity when it expects interest rates to rise and extends the maturity when it expects interest rates to fall. This strategy seeks to enhance the returns from favorable interest rate changes and reduce the effect of unfavorable changes.

The Fund will: (1) maintain a WAM of 60 days or less; and (2) maintain a weighted average life (WAL) of 120 days or less. Certain of the securities in which the Fund invests may pay interest at a rate that is periodically adjusted ("Adjustable Rate Securities"). For purposes of calculating WAM, the maturity of an Adjustable Rate Security generally will be the period remaining until its next interest rate adjustment. For purposes of calculating WAL, the maturity of an Adjustable Rate Security will be its stated final maturity, without regard to interest rate adjustments; accordingly, the 120-day WAL limitation could serve to limit the Fund's ability to invest in Adjustable Rate Securities.

Under normal circumstances, the Fund will invest its assets so that at least 80% of its annual interest income will be exempt from federal regular income tax and California state income tax or so that 80% of its net assets is invested in obligations, the interest income from which is exempt from federal regular income tax and California state income tax. This policy may not be changed without shareholder approval.

The Fund will count securities subject to the AMT toward satisfaction of the 80% basket in accordance with Rule 35d-1 under the 1940 Act.

### **TEMPORARY INVESTMENTS**

The Fund may temporarily depart from its principal investment strategies by investing its assets in taxable securities or holding cash. It may do this in response to unusual circumstances, such as: adverse market, economic or other conditions (for example, to help avoid potential losses, or during periods when there is a shortage of appropriate tax-exempt securities); to maintain liquidity to meet shareholder redemptions; or to accommodate cash inflows. It is possible that such temporary investments could affect the Fund's investment returns. If the Fund invests in taxable securities, it may receive and distribute taxable income to investors and to that extent fail to meet its investment objectives.

## What are the Fund's Principal Investments?

The following provides general information on the Fund's principal investments. The Fund's Statement of Additional Information (SAI) provides information about the Fund's non-principal investments and may provide additional information about the Fund's principal investments.

## **TAX-EXEMPT SECURITIES**

Tax-exempt securities are fixed-income securities that, in the opinion of bond counsel to the issuer or on the basis of another authority believed by the Adviser to be reliable, pay interest that is not subject to federal regular income taxes. Fixed-income securities pay interest, dividends or distributions at a specified rate. The rate may be a fixed percentage of the principal or adjusted periodically. In addition, the issuer of a fixed-income security must repay the principal amount of the security, normally within a specified time. Typically, states, counties, cities and other political subdivisions and authorities issue tax-exempt securities. The market categorizes tax-exempt securities by their source of repayment. Certain of these tax-exempt securities may be subject to credit enhancement. The following describes the principal types of tax-exempt securities in which the Fund may invest.

### **Variable Rate Demand Instruments (A Type of Tax-Exempt Security)**

Variable rate demand instruments are tax-exempt securities that require the issuer or a third party, such as a dealer or bank (the "Demand Provider"), to repurchase the security for its face value upon demand. The securities also pay interest at a variable rate intended to cause the securities to trade at their face value. Some variable rate demand instruments are "conditional," so that the occurrence of certain conditions discharges the Demand Provider's obligation to repurchase the security. Other variable rate demand instruments are "unconditional," so that there are no conditions under which the Demand Provider's obligation to repurchase the security can terminate. The Fund treats variable rate demand instruments as short-term securities even though their maturity may extend beyond 397 days because, within 397 days, their variable interest rate adjusts in response to changes in market rates and the repayment of their principal amount can be demanded. Certain variable rate demand instruments that may be invested in by the Fund, referred to as "synthetic" variable rate demand instruments, have certain features, such as call features, that make it possible that the Fund will realize capital gains.

### **Municipal Notes (A Type of Tax-Exempt Security)**

Municipal notes are short-term, tax-exempt securities. Many municipalities issue such notes to fund their current operations before collecting taxes or other municipal revenues. Municipalities may also issue notes to fund capital projects prior to issuing long-term bonds. The issuers typically repay the notes at the end of their fiscal year, either with taxes, other revenues or proceeds from newly issued notes or bonds.

### **General Obligation Bonds (A Type of Tax-Exempt Security)**

General obligation bonds are supported by the issuer's power to exact property or other taxes. The issuer must impose and collect taxes sufficient to pay principal and interest on the bonds. However, the issuer's authority to impose additional taxes may be limited by its charter or state law.

### **Special Revenue Bonds (A Type of Tax-Exempt Security)**

Special revenue bonds are payable solely from specific revenues received by the issuer such as specific taxes, assessments, tolls or fees. Bondholders may not collect from the municipality's general taxes or revenues. For example, a municipality may issue bonds to build a toll road and pledge the tolls to repay the bonds. Therefore, a shortfall in the tolls normally would result in a default on the bonds, or in certain cases, may result in a reduction in payments received in respect of the bonds.

### **Private Activity Bonds (A Type of Special Revenue Bond)**

Private activity bonds are special revenue bonds used to finance private projects. A certain percentage of the proceeds from a private activity bond is used for a private business use or a certain percentage of the debt service regarding a private activity bond is paid directly or indirectly from a private business use. A private business use is a trade or business carried on by any person or entity other than a governmental unit. Private activity bonds are secured primarily by revenues derived from loan repayments or lease payments due from the private entity, which may or may not be guaranteed by a parent company or otherwise secured. Private activity bonds generally are not secured by a pledge of the taxing power of the issuer of such bonds. For example, a municipality may issue bonds to finance a new factory to improve its local economy. The municipality would lend the proceeds from its bonds to the company using the factory, and the company would agree to make loan payments sufficient to cover interest and principal payments on the bonds. The bonds would be payable from the company's loan payments, and generally not from any other revenues of the municipality. Therefore, any default of the loan normally would result in a default on the bonds.

Types of private activity bonds include, for example: bonds issued to obtain funds to provide water, sewage and solid waste facilities, qualified residential rental projects, certain local electric, gas and other heating and cooling facilities, qualified hazardous waste facilities, high-speed intercity rail facilities, certain airports, docks, wharves and mass transportation facilities and qualified mortgages; qualified student loan bonds; qualified redevelopment bonds; and bonds used for certain organizations exempt from federal income taxation (qualified 501(c)(3) bonds).

The interest on many types of private activity bonds is subject to the AMT. Effective May 6, 2024, the Fund invests in bonds the interest on which is subject to AMT on a regular basis.

#### **Tax-Exempt Commercial Paper (A Type of Tax-Exempt Security)**

Tax-exempt commercial paper is an obligation issued by a tax-exempt issuer with a maturity of generally less than nine months. Tax-exempt issuers may issue commercial paper to pay for current expenditures or other permissible activities. Tax-exempt issuers may constantly reissue their commercial paper and use the proceeds (or other sources) to repay maturing paper. If the tax-exempt issuer cannot continue to obtain liquidity in this fashion, and if there is not another available source of liquidity, its commercial paper may default or there may be a reduction in payments received in repayment of the tax-exempt commercial paper.

#### **Credit Enhancement**

The Fund may invest in tax-exempt securities with credit enhancement. Credit enhancement consists of an arrangement in which a company agrees to pay amounts due on a fixed-income security if the issuer defaults. In some cases, the company providing credit enhancement makes all payments directly to the security holders and receives reimbursement from the issuer. Normally, the credit enhancer has greater financial resources and liquidity than the issuer. For this reason, the Adviser may evaluate the credit risk of a fixed-income security based solely upon its credit enhancement.

Common types of credit enhancement include guarantees, letters of credit, bond insurance and surety bonds. Credit enhancement also includes arrangements where securities or other liquid assets secure payment of a fixed-income security. If a default occurs, these assets may be sold and the proceeds paid to the security's holders. Either form of credit enhancement reduces credit risks by providing another source of payment for a fixed-income security. The Adviser evaluates credit enhancements based on its own credit assessment standards and analysis.

#### **Investing in Securities of Other Investment Companies**

The Fund may invest its assets in shares of other investment companies as an efficient means of implementing its investment strategies, managing its uninvested cash and/or other investment reasons consistent with the Fund's investment objective and investment strategies. These investments may include: shares of an affiliated fund including a money market fund; or preferred shares of a closed-end fund that are eligible for purchase by money market funds (generally, because such preferred shares are structured as unconditional demand instruments with a third-party Demand Provider). Other investment companies are managed independently of the Fund and incur additional fees and/or expenses which would, therefore, be borne indirectly by the Fund in connection with any such investment. These investments also can create conflicts of interest for the Adviser to the Fund and the investment adviser to the acquired fund. For example, a conflict of interest can arise due to the possibility that the Adviser to the Fund could make a decision to redeem the Fund's investment in the acquired fund. In the case of an investment in an affiliated fund, a conflict of interest can arise if, because of the Fund's investment in the acquired fund, the acquired fund is able to garner more assets, thereby growing the acquired fund and increasing the management fees received by the investment adviser to the acquired fund, which would either be the Adviser or an affiliate of the Adviser. However, the Adviser believes that the benefits and efficiencies of making investments in other investment companies should outweigh the potential additional fees and/or expenses and resulting conflicts of interest. The Fund may invest in money market securities directly.

#### **OTHER INVESTMENTS, TRANSACTIONS, TECHNIQUES**

##### **Additional Information Regarding the Security Selection Process**

As part of analysis in its security selection process, among other factors, the Adviser also evaluates whether environmental, social and governance factors could have a positive or negative impact on the risk/return profiles of many issuers or guarantors in the universe of securities in which the Fund may invest. This may include primary information that the Adviser and its affiliates capture through direct interactions or engagements with issuers or guarantors. Such interactions and engagements are undertaken to seek to improve long-term risk-adjusted returns and to create long-term value for investors, consistent with applicable fiduciary duties and relevant objectives. The level of interaction with a company, governmental body or other entity (as applicable) can be subject to any limitations required, either explicitly or implicitly, in the jurisdiction in which a company, governmental body or other entity (as applicable) is domiciled in an effort to comply with applicable laws and/or to avoid legal or regulatory risk for the Fund and/or investors. This qualitative analysis does not automatically result in including or excluding specific securities but may be used by Federated Hermes as an additional input in its primary analysis.

#### **MINIMAL CREDIT RISK**

Under Rule 2a-7, money market funds, such as the Fund, may generally invest in “Eligible Securities” which include securities issued by another money market fund, government securities or securities that have a remaining maturity of no more than 397 calendar days and are determined by the fund’s board or its delegate to present minimal credit risk based on an assessment of the issuer’s credit quality, including the capacity of the issuer or guarantor to meet its financial obligations. The Fund’s Board has adopted procedures by which the Adviser will conduct this initial and ongoing assessment, as required.

#### **What are the Specific Risks of Investing in the Fund?**

The following provides general information on the risks associated with the Fund’s principal investments. These are the primary factors that may negatively impact the Fund’s ability to maintain a stable NAV, delay the payment of redemptions by the Fund or reduce the Fund’s daily dividends. Any additional risks associated with the Fund’s non-principal investments are described in the Fund’s SAI. The Fund’s SAI also may provide additional information about the risks associated with the Fund’s principal investments.

#### **TAX-EXEMPT SECURITIES RISK**

The securities in which the Fund invests may include those issued by state or local governments, other political subdivisions or authorities, or directly or indirectly supported by taxes, assessments, tolls, fees or other revenue collected by or otherwise derived from or through such issuers. Special factors, such as legislative changes, and state and local economic and business developments, may adversely affect the yield and/or value of the Fund’s investments in tax-exempt securities. Changes in tax policy could adversely affect the tax-exempt status of securities held by the Fund. Legal, economic, political or other developments may raise impairments (such as, for example, limitations under applicable law on the issuer’s authority to raise taxes, prolonged budgetary processes, declining real estate values or declining tax revenues) to such issuer’s budgetary flexibility, liquidity and ability to satisfy its obligations. Like other issuers and securities, the likelihood that the credit risk associated with such issuers and such securities will increase is greater during times of economic stress and financial instability.

#### **ISSUER CREDIT RISK**

It is possible that interest or principal on securities will not be paid when due. Money market funds try to minimize this risk by purchasing higher-quality securities.

Many fixed-income securities (including tax-exempt securities) receive credit ratings from NRSROs such as Fitch Ratings, Inc., Moody’s Investor Services, Inc. and S&P Global Ratings that assign ratings to securities by assessing the likelihood of an issuer and/or guarantor default. Higher credit ratings correspond to lower perceived credit risk and lower credit ratings correspond to higher perceived credit risk. Credit ratings may be upgraded or downgraded from time to time as an NRSRO’s assessment of the financial condition of a party obligated to make payments with respect to such securities and credit risk changes. The impact of any credit rating downgrade can be uncertain. Credit rating downgrades may lead to increased interest rates and volatility in financial markets, which in turn could negatively affect the value of the Fund’s portfolio holdings, its share price and its investment performance. Credit ratings are not a guarantee of quality. Credit ratings may lag behind the current financial conditions of the issuer and/or guarantor and do not provide assurance against default or other loss of money. Credit ratings do not protect against a decline in the value of a security. If a security has not received a rating, the Fund must rely entirely upon the Adviser’s credit assessment. Ratings are just one factor that the Adviser considers in its credit assessment and analysis.

Fixed-income securities generally compensate for greater credit risk by paying interest at a higher rate. The difference between the yield of a security and the yield of a U.S. Treasury security or other appropriate benchmark with a comparable maturity (the “spread”) measures the additional interest paid for risk. Spreads may increase generally in response to adverse economic or market conditions. A security’s spread may also increase if the security’s rating is lowered, or the security is perceived to have an increased credit risk. An increase in the spread will cause the price of the security to decline if interest rates remain unchanged.

#### **COUNTERPARTY RISK**

Counterparty risk includes the possibility that a party to a transaction involving the Fund will fail to meet its obligations. This could cause the Fund to lose money or to lose the benefit of the transaction or prevent the Fund from selling or buying other securities to implement its investment strategy.

## **RISK RELATED TO THE ECONOMY**

The value of the Fund's portfolio may decline in tandem with a drop in the overall value of the markets in which the Fund invests and/or other markets based on negative developments in the U.S. and global economies. Global economic, political and financial conditions, including geopolitical and other events (e.g., wars, sanctions and terrorism), legislative changes, industry or economic trends and developments, natural disasters or public health risks, such as epidemics or pandemics, may, from time to time, and for varying periods of time, have a significant effect on the economies of many nations, including the U.S., and financial markets generally and cause volatility, illiquidity and/or other potentially adverse effects in the financial markets, including the fixed-income market.

The commencement or threat thereof, continuation or ending of government policies and economic stimulus programs, changes in monetary policy, tariffs and other trade restrictions, political or economic sanctions, increases or decreases in interest rates, or other factors or events that affect the financial markets, including the fixed-income markets, may contribute to the development of or increase in volatility, illiquidity, shareholder redemptions and other adverse effects which could negatively impact the Fund's performance. For example, the value of certain portfolio securities may rise or fall in response to changes in interest rates, which could result from a change in government policies, and has the potential to cause investors to move out of certain portfolio securities, including fixed-income securities, on a large scale across the market. This may increase redemptions from funds that hold impacted securities. Such a market event could result in decreased liquidity and increased volatility in the financial markets. Market factors, such as the demand for particular portfolio securities, may cause the price of certain portfolio securities to fall while the prices of other securities rise or remain unchanged.

Economies and financial markets throughout the world are becoming increasingly interconnected. In particular, the ongoing hostilities in the Middle East and between Russia and Ukraine as well as the Chinese government's substantial control over the Chinese economy and other governmental actions, and any sanctions or developments related to these events and actions, present material uncertainty and risk with respect to markets globally and the performance of the Fund, and its investments or operations could be negatively impacted whether or not the Fund invests in securities of issuers located in or with significant exposure to the countries or regions directly affected.

## **LIQUIDITY FEES RISK**

Pursuant to Rule 2a-7, the Fund may impose discretionary liquidity fees on redemptions, subject to a determination by the Fund's Board, or its delegate, that such a liquidity fee is in the Fund's best interests. Such determination, including the timing of the application of the liquidity fee, will be based on current market conditions and the Fund's particular circumstances, and it is expected that such fee would be imposed, if at all, during periods of extraordinary market stress. If the Board, including a majority of the Independent Trustees, or its delegate, determines that imposing a liquidity fee is in the Fund's best interests, the Fund will impose a discretionary liquidity fee not to exceed 2% of the value of the shares redeemed. The discretionary liquidity fee would be applied to all redemptions and would remain in effect until the Fund's Board, or its delegate, determines that the fee is no longer in the Fund's best interests. If the Fund imposes a liquidity fee, depending on how the redemption order is communicated, the proceeds delivered may be for an amount that is less than the original redemption.

## **INTEREST RATE RISK**

Prices of fixed-income securities (including tax-exempt securities) rise and fall in response to changes in interest rates. Generally, when interest rates rise, prices of fixed-income securities fall. However, market factors, such as the demand for particular fixed-income securities, may cause the price of certain fixed-income securities to fall while the prices of other securities rise or remain unchanged.

Recent and potential future changes in monetary policy made by central banks and/or their governments are likely to affect the level of interest rates. Money market funds try to minimize this risk by purchasing short-term securities. Negative or very low interest rates magnify the risks associated with changes in interest rates. In general, changing interest rates, including rates that fall below zero, have unpredictable effects on markets and expose debt and related markets to heightened volatility and may detract from Fund performance to the extent a Fund is exposed to such interest rates and/or volatility. During periods when interest rates are low or there are negative interest rates, a Fund's yield (and total return) also is likely to be low or otherwise adversely affected or the Fund may be unable to maintain a positive return, or yield, or minimize the volatility of the Fund's NAV per share or maintain a stable NAV.

Certain of the Fund's investments may also be valued, in part, by reference to the relative relationship between interest rates on tax-exempt securities and taxable securities. With respect to the Fund's investments described in the preceding sentence, the value of such Fund investments may be negatively affected (or positively affected) when the market for tax-exempt securities underperforms (or outperforms) the market for taxable securities.

**CALL RISK**

Call risk is the possibility that an issuer may redeem a fixed-income security (including a tax-exempt security) before maturity (a “call”) at a price below or above its current market price. An increase in the likelihood of a call may reduce the security’s price.

If a fixed-income security is called, the Fund may have to reinvest the proceeds in other fixed-income securities with lower interest rates, higher credit risks or other less favorable characteristics.

**SECTOR RISK**

A substantial part of the Fund’s portfolio may be comprised of securities issued or credit enhanced by businesses with similar characteristics or by issuers located in the same state. As a result, the Fund will be more susceptible to any economic, business, political or other developments which generally affect these issuers or entities. Developments affecting companies with similar characteristics might include changes in interest rates, changes in economic cycles affecting credit losses and regulatory changes.

**TAX RISK**

In order to pay interest that is exempt from federal or state/local regular income tax, tax-exempt securities must meet certain legal requirements. Failure to meet such requirements may cause the interest received and distributed by the Fund to shareholders to be taxable. The Fund and the Adviser will rely on the opinions of issuers’ bond counsel on the tax-exempt status of interest on municipal bonds. The Fund and the Adviser do not guarantee or represent that such opinions are correct when issued or that underlying facts and circumstances will not change such that such opinions remain correct, and the Fund and the Adviser will not undertake independent investigations to review the bases for or ongoing effect of those tax opinions. There is no assurance that the Internal Revenue Service will agree with such opinions and if interest on bonds is recharacterized as taxable interest, shareholders will face higher tax liability. Income from tax-exempt securities held by the Fund could also become taxable because of changes in tax laws or interpretations by taxing authorities, resulting in a higher tax liability for shareholders and potentially hurting Fund performance.

Changes or proposed changes in federal, state or local tax laws may cause the prices of tax-exempt securities to fall and/or may affect the tax-exempt status of the securities in which the Fund invests. The Fund may invest in securities whose interest is subject to state tax, federal regular income tax or AMT. Consult your tax professional for more information.

**LIQUIDITY RISK**

Liquidity risk is the risk that the Fund will experience significant net redemptions of Fund Shares at a time when it cannot find willing buyers for its portfolio securities or can only sell its portfolio securities at a material loss. An inability to sell portfolio securities may result from adverse market developments or investor perceptions regarding the portfolio securities. While the Fund endeavors to maintain a high level of liquidity in its portfolio so that it can satisfy redemption requests, the Fund’s ability to sell portfolio securities can deteriorate rapidly due to credit events affecting particular issuers or credit enhancement providers, or due to general market conditions and a lack of willing buyers.

**CREDIT ENHANCEMENT RISK**

The securities in which the Fund invests may be subject to credit enhancement (for example, guarantees, letters of credit or bond insurance). Credit enhancement is designed to help assure timely payment of the security; it does not protect the Fund against losses caused by declines in a security’s value due to changes in market conditions. Securities subject to credit enhancement generally would be assigned a lower credit rating if the rating were based primarily on the credit quality of the issuer without regard to the credit enhancement. If the credit quality of the credit enhancement provider (for example, a bank or bond insurer) is downgraded, a security credit enhanced by such credit enhancement provider also may be downgraded.

A single enhancement provider may provide credit enhancement to more than one of the Fund’s investments. Having multiple securities credit enhanced by the same enhancement provider will increase the adverse effects on the Fund that are likely to result from a downgrading of, or a default by, such an enhancement provider. Adverse developments in the banking or bond insurance industries also may negatively affect the Fund, as the Fund may invest in securities credit enhanced by banks or by bond insurers without limit. Bond insurers that provide credit enhancement for large segments of the fixed-income markets, including the municipal bond market, may be more susceptible to being downgraded or defaulting during recessions or similar periods of economic stress.

#### **RISK ASSOCIATED WITH INVESTING SHARE PURCHASE PROCEEDS**

On days during which there are net purchases of Fund Shares, the Fund must invest the proceeds at prevailing market yields or hold cash. If the Fund holds cash, or if the yield of the securities purchased is less than that of the securities already in the portfolio, the Fund's yield will likely decrease. Conversely, net purchases on days on which short-term yields rise will likely cause the Fund's yield to increase. The larger the amount that must be invested or the greater the difference between the yield of the securities purchased and the yield of the existing investments, the greater the impact will be on the yield of the Fund. In the event of significant changes in short-term yields or significant net purchases, the Fund retains the discretion to close to new investments. However, the Fund is not required to close, and no assurance can be given that this will be done in any given circumstance.

#### **RISK ASSOCIATED WITH USE OF AMORTIZED COST**

In the unlikely event that the Fund's Board of Trustees ("Board") were to determine, pursuant to Rule 2a-7, that the extent of the deviation between the Fund's amortized cost per share and its market-based NAV per share may result in material dilution or other unfair results to shareholders, the Board will cause the Fund to take such action as it deems appropriate to eliminate or reduce, to the extent practicable, such dilution or unfair results, including, but not limited to, considering suspending redemption of Shares and liquidating the Fund under Rule 22e-3 under the Investment Company Act of 1940.

#### **ADDITIONAL FACTORS AFFECTING YIELD**

There is no guarantee that the Fund will provide a certain level of income or that any such income will exceed the rate of inflation. Further, the Fund's yield will vary. A low or negative interest rate environment may prevent the Fund from providing a positive return, or yield, or paying Fund expenses out of current income and could impair the Fund's ability to maintain a stable NAV. The Fund's yield could also be negatively affected (both in absolute terms and as compared to other money market funds) by aspects of its investment program (for example, its investment policies, strategies or limitations) or its operational policies (for example, its cut-off time for purchases and redemptions of Shares).

#### **CALIFORNIA RISK**

Since the Fund invests primarily in issuers from California, the Fund may be subject to additional risks compared to a money market fund that invests in multiple states.

California's credit strength is based on its large and diverse economy, manageable debt burden and strong demographics. However, California's financial operations face significant structural budget impediments and rely on revenue sources which have been historically sensitive to the economic environment. Past periods of dramatic revenue underperformance have resulted in significant budgetary deficits and reduced liquidity.

Since the Fund invests primarily in issuers from California, its performance also may be negatively affected by other local, state or regional factors. For example, natural disasters may affect the creditworthiness of municipal issuers or otherwise disrupt the local, state or regional economy or certain sectors of the economy. California's diverse economy is the largest in the United States and one of the largest in the world. Major components include high technology, trade, entertainment, manufacturing, tourism, construction, agriculture and services. California's location is a benefit to its trade component; however, it also leads to above average exposure to international economic conditions. Any downturn in these sectors or related industries may adversely affect the economy of the state.

#### **TECHNOLOGY RISK**

The Adviser uses various technologies in managing the Fund, consistent with its investment objective(s) and strategy described in this Prospectus. For example, proprietary and third-party data and systems are utilized to support decision making for the Fund. Data imprecision, software or other technology malfunctions, programming inaccuracies and similar circumstances may impair the performance of these systems, which may negatively affect Fund performance.

## **What Do Shares Cost?**

#### **CALCULATION OF NET ASSET VALUE**

The Fund attempts to stabilize the NAV of its Shares at \$1.00 by valuing the portfolio securities using the amortized cost method. In addition, for regulatory purposes, the Fund calculates a market-based (or shadow) NAV per Share on a daily basis for purposes of confirming that its NAV continues to approximate fair value. For purposes of calculating the shadow NAV and monitoring its comparison to the amortized cost-based NAV, pursuant to Rule 2a-5 under the Investment Company Act, the Board has designated the Adviser as the Fund's valuation designee to perform any fair value determinations for securities and other assets held by the Fund. The Adviser, acting through its "Valuation Committee" is responsible for determining the fair value of investments in the shadow NAV for which market quotations are not readily

available. The Valuation Committee is comprised of officers of the Adviser and certain of the Adviser's affiliated companies and determines fair value and oversees the calculation of the NAV. The Valuation Committee is subject to Board oversight and certain reporting and other requirements intended to provide the Board the information it needs to oversee the Adviser's fair value determinations. The Fund cannot guarantee that its NAV will always remain at \$1.00 per Share. The Fund does not charge a front-end sales charge.

You can purchase, redeem or exchange Shares any day the NYSE is open (a "Regular Business Day"). You may also be able to purchase and redeem (but not exchange) Shares on certain days that the NYSE is closed on an unscheduled basis due to unforeseen or emergency circumstances, if the Fund's Board determines to allow Fund Share transactions on such days (a "Special Trading Day"). If the Fund declares a Special Trading Day, information regarding shareholder trading activities for the Special Trading Day (such as when NAV, and entitlement to that day's dividend, will be determined) will be available by calling the Fund at 1-800-341-7400 and will be posted on [FederatedHermes.com/us](http://FederatedHermes.com/us). **The information set forth in this Prospectus regarding times relevant to NAV determination and dividend entitlement applies only to Regular Business Days.** Please note that the times that might be specified for NAV determination and dividend entitlement on a Special Trading Day would not necessarily be the same as set forth in this Prospectus with respect to Regular Business Days. Although Federated Hermes will attempt to make such information available in advance of a particular Special Trading Day, given the nature of Special Trading Days, it may not be able to do so until the morning of the Special Trading Day.

When the Fund receives your transaction request in proper form (as described in this Prospectus under the sections entitled "How to Purchase Shares" and "How to Redeem and Exchange Shares"), it is processed at the next determined NAV. NAV is generally determined at 12:00 p.m., 1:00 p.m. and as of the end of regular trading on the NYSE (normally 4:00 p.m.) Eastern time each day the NYSE is open; except that on the day after Thanksgiving and Christmas Eve (when Christmas Eve falls on a weekday), the last NAV will be determined at 3:00 p.m. Eastern time. The times as of when NAV is determined, and when orders must be placed, may be changed as permitted by the SEC.

Because the Fund operates as a money market fund and seeks to maintain a stable \$1.00 price per share, a low or negative interest rate environment could impact the Fund's ability to maintain a stable \$1.00 share price. If the Fund has a negative gross yield as a result of negative interest rates (a "negative interest rate event"), the Fund may reduce the number of shares outstanding on a pro rata basis through a reverse distribution mechanism (RDM) to seek to maintain a stable \$1.00 price per share, to the extent permissible by applicable law and the Fund's organizational documents and subject to a determination by the Board that implementing an RDM is in the best interests of the Fund and its shareholders. Alternatively, if the Fund has a negative interest rate event and/or the Board determines that it is no longer in the best interests of the Fund and its shareholders to maintain a stable price of \$1.00 per share, the Board has the right to discontinue the use of a stable NAV of \$1.00 per share and establish a fluctuating NAV per share rounded to four decimal places. If the Fund uses an RDM, the Fund will maintain a stable price per share, despite losing value, by reducing the number of its outstanding shares. Investors in the Fund would observe a stable share price but a declining number of shares for their investment. If the Fund converts to a fluctuating NAV under these circumstances, the Fund's losses will be reflected through a declining share price. The Fund will notify shareholders of any such change. Shareholders should discuss any tax implications of implementing an RDM or converting to a fluctuating NAV with their tax adviser.

## How is the Fund Sold?

The Fund's Distributor, Federated Securities Corp., markets the Shares described in this Prospectus only to accounts beneficially owned by natural persons ("Eligible Accounts"). The Fund offers the following Share classes: Wealth Shares (WS), Service Shares (SS), Cash II Shares (CII), Cash Series Shares (CS) and Capital Shares (CAP), each representing interests in a single portfolio of securities. All Share classes have different expenses which affect their performance. Please note that certain purchase restrictions may apply.

Under the Distributor's Contract with the Fund, the Distributor, Federated Securities Corp., offers Shares on a continuous, best-efforts basis. The Distributor is a subsidiary of Federated Hermes, Inc. ("Federated Hermes," formerly, Federated Investors, Inc.).

The Fund may not be a suitable investment for retirement plans or for non-California taxpayers because it invests in California tax-exempt securities.

### **INTRA-FUND SHARE CONVERSION PROGRAM**

A shareholder in the Fund's Shares may convert their Shares at net asset value to any other share class of the Fund if the shareholder meets the investment minimum and eligibility requirements for the share class into which the conversion is sought, as applicable. Such conversion of classes should not result in a realization event for tax purposes. Contact your financial intermediary or call 1-800-341-7400 to convert your Shares.

## Payments to Financial Intermediaries

The Fund and its affiliated service providers may pay fees as described below to financial intermediaries (such as broker-dealers, banks, investment advisers or third-party administrators) whose customers are shareholders of the Fund, with the actual fee payment terms subject to an agreement with the financial intermediary.

### **RULE 12b-1 FEES**

#### **CS & CII Classes**

The Board has adopted a Rule 12b-1 Plan, which allows payment of marketing fees of up to 0.60% for CS class and 0.20% for CII class of average net assets to the Distributor for the sale, distribution, administration and customer servicing of the Fund's CS and CII classes. When the Distributor receives Rule 12b-1 Fees, it may pay some or all of them to financial intermediaries whose customers purchase Shares.

Because these Shares pay marketing fees on an ongoing basis, your investment cost may be higher over time than other shares with different marketing fees.

### **SERVICE FEES**

The Fund may pay Service Fees of up to 0.25% of average net assets to financial intermediaries or to Federated Shareholder Services Company (FSSC), a subsidiary of Federated Hermes, for providing services to shareholders and maintaining shareholder accounts. Intermediaries that receive Service Fees may include a company affiliated with management of Federated Hermes. If a financial intermediary receives Service Fees on an account, it is not eligible to also receive Account Administration Fees on that same account.

The Fund has no present intention of paying, accruing or incurring any such Service Fees on the WS class until such time as approved by the Fund's Board of Trustees.

### **ACCOUNT ADMINISTRATION FEES**

The Fund may pay Account Administration Fees of up to 0.25% of average net assets to banks that are not registered as broker-dealers or investment advisers for providing administrative services to the Fund and its shareholders. If a financial intermediary receives Account Administration Fees on an account, it is not eligible to also receive Service Fees or Recordkeeping Fees on that same account.

The Fund has no present intention of paying, accruing or incurring any such Account Administration Fees on the WS class until such time as approved by the Fund's Board of Trustees.

### **RECORDKEEPING FEES**

The Fund may pay Recordkeeping Fees on an average-net-assets basis or on a per-account-per-year basis to financial intermediaries for providing recordkeeping services to the Fund and its shareholders. If a financial intermediary receives Recordkeeping Fees on an account, it is not eligible to also receive Account Administration Fees or Networking Fees on that same account.

### **NETWORKING FEES**

The Fund may reimburse Networking Fees on a per-account-per-year basis to financial intermediaries for providing administrative services to the Fund and its shareholders on certain non-omnibus accounts. If a financial intermediary receives Networking Fees on an account, it is not eligible to also receive Recordkeeping Fees on that same account.

### **ADDITIONAL PAYMENTS TO FINANCIAL INTERMEDIARIES AND OTHER PERSONS**

The Distributor may pay, out of its own resources, amounts to certain financial intermediaries, including broker-dealers, banks, registered investment advisers, independent financial planners and retirement plan administrators, and other persons, that support the sale of Shares or provide services to the Fund and/or its shareholders. The amounts of these payments could be significant, and may create an incentive for the financial intermediary or its employees or associated persons or other persons to recommend or sell Shares of the Fund to you. Not all financial intermediaries and other persons receive such payments and the amount of compensation may vary. In some cases, such payments may be made by or funded from the resources of companies affiliated with the Distributor (including the Adviser). These payments are not reflected in the fees and expenses listed in the fee table section of the Fund's Prospectus and described above because they are not paid by the Fund.

These payments are negotiated and may be based on such factors as: the number or value of Shares that the financial intermediary or other person sells, may sell or arrange for the sale of Shares; the value of client assets invested; the level and types of services or support furnished by the financial intermediary; or the Fund's and/or other Federated Hermes funds' relationship with the financial intermediary. These payments may be in addition to payments, as described above, made by the Fund to the financial intermediary or other person. In connection with these payments, the financial

intermediary may elevate the prominence or profile of the Fund and/or other Federated Hermes funds, within the financial intermediary's organization by, for example, placement on a list of preferred or recommended funds and/or granting the Distributor preferential or enhanced opportunities to promote the funds in various ways within the financial intermediary's organization. You can ask your financial intermediary, or any other person that provides services to you, for information about any payments it receives from the Distributor or the Fund and any services provided, as well as about fees and/or commissions it charges.

## How to Purchase Shares

You may purchase Shares through a financial intermediary, directly from the Fund or through an exchange from another Federated Hermes fund. The Fund reserves the right to reject any request to purchase or exchange Shares. New investors must submit a completed New Account Form.

For important account information, see the section "Security and Privacy Protection."

The minimum initial investment amount for is generally \$1,000 for the CS class. There is no minimum subsequent investment amount.

The minimum initial investment amount is generally \$10,000 for the SS and CII classes. There is no minimum subsequent investment amount.

The minimum initial investment amount is generally \$25,000 for the CAP and WS classes. There is no minimum subsequent investment amount.

Financial intermediaries may impose higher or lower minimum investment requirements on their customers than those imposed by the Fund. If an intermediary's aggregate account (omnibus account) meets the Fund's investment minimum requirements, there is no minimum requirement for underlying sub-accounts. Keep in mind that financial intermediaries may charge you fees for their services in connection with your Share transactions.

The Fund operates as a retail money market fund. Accordingly, only accounts beneficially owned by natural persons ("Eligible Accounts") may be invested in the Fund. Examples of Eligible Accounts include accounts owned by individuals who have been issued a social security number, individuals holding accounts through omnibus accounts and natural persons investing through certain tax-advantaged accounts and trusts. These tax-advantaged accounts and trusts may include, among others: participant-directed defined contribution plans; individual retirement accounts; simplified employee pension arrangements; simple retirement accounts; custodial accounts; deferred compensation plans for government or tax-exempt organization employees; Archer medical savings accounts; college savings plans; health savings account plans; ordinary trusts and estate of natural persons; or certain other retirement and investment accounts, notwithstanding having an institutional decision maker (e.g., a plan sponsor in certain retirement arrangements or an investment adviser managing discretionary investment accounts). Accounts that are not Eligible Accounts are not permitted to invest in the Fund and will be redeemed in accordance with policies and procedures adopted by the Fund's Board. Pursuant to relief granted by the SEC, the Fund hereby notifies investors that it may redeem accounts that are not Eligible Accounts. Financial intermediaries will be required to take steps to remove any shareholders on behalf of whom they hold shares in the Fund that are not eligible to be invested in the Fund. Further, financial intermediaries may only submit purchase orders, if they have implemented policies and procedures reasonably designed to limit all investors on behalf of whom they submit orders to Eligible Accounts. Financial intermediaries may be required by the Fund or its shareholder servicing agent to provide a written statement or other representation that they have in place, and operate in compliance with, such policies and procedures prior to submitting purchase orders.

The Fund will not accept new accounts that are not Eligible Accounts. Neither the Fund nor the Adviser will be responsible for any loss of income in an investor's account or tax liability resulting from an involuntary redemption. The Fund has adopted policies and procedures such that the Fund will be able: (a) to limit the beneficial owners of shares to natural persons; and (b) to allow the Fund to impose liquidity fees.

### **THROUGH A FINANCIAL INTERMEDIARY**

Submit your purchase order to your financial intermediary by the time specified by your financial intermediary. Financial intermediaries are responsible for promptly submitting purchase orders and payment to the Fund by electronic means permitted by the Fund, or according to the instructions in the sections "By Telephone" or "By Mail" below.

If your financial intermediary submits your order electronically, your order will be processed and you will be entitled to dividends pursuant to operating procedures established by the Fund. If your financial intermediary submits your order by telephone or by mail, your order will be processed and you will be entitled to dividends as outlined in the section "By Telephone" or the section "By Mail" below.

If you deal with a financial intermediary, you will have to follow the financial intermediary's procedures for transacting with the Fund. For more information about how to purchase Shares through your financial intermediary, you should contact your financial intermediary directly.

## DIRECTLY FROM THE FUND

### By Telephone

You may purchase Shares by calling the Fund at 1-800-341-7400.

Your purchase will be priced at the NAV next calculated after the Fund receives your order. Receipt of a purchase order by a financial intermediary will be deemed received by the Fund to the extent that such financial intermediary has been duly authorized by the Fund to accept such orders. If you call the Fund or a duly authorized intermediary by 1:00 p.m. (Eastern time) and send your payment by wire by the close of the Federal Reserve wire transfer system, your order will receive that day's 1:00 p.m. NAV, your trade will be settled the same day, and you will be entitled to that day's dividend. If you call the Fund or a duly authorized intermediary after 1:00 p.m. Eastern time, but before 4:00 p.m. (Eastern time) and send your payment by wire by the close of the Federal Reserve wire transfer system on the next business day, your order will receive that day's 4:00 p.m. NAV but you will not be entitled to that day's dividend and your trade will be settled on the next business day.

Send your wire to:

State Street Bank and Trust Company  
Boston, MA  
Dollar Amount of Wire  
ABA Number 011000028  
BNF: 23026552  
Attention: Federated Hermes EDGEWIRE  
Wire Order Number, Dealer Number or Group Number  
Nominee/Institution Name  
Fund Name and Number and Account Number

If the Fund does not receive your purchase wire by the close of the Federal Reserve wire transfer system on your designated settlement date, your purchase will be canceled and you could be liable for any losses or fees incurred by the Fund or SS&C GIDS, Inc., the Fund's transfer agent.

You cannot purchase Shares by wire on days when wire transfers are restricted, even if the NYSE is open on such days (for example, Columbus Day and Veterans Day). The Fund does not consider wire purchase requests received on such days to be in proper form, and will not process such requests.

### By Mail

You may purchase Shares by sending your check payable to **The Federated Hermes Funds** at the following address:

The Federated Hermes Funds  
P.O. Box 219318  
Kansas City, MO 64121-9318

If you send your check by a **private courier or overnight delivery service** that requires a street address, send it to:

The Federated Hermes Funds  
801 Pennsylvania Avenue  
Suite 219318  
Kansas City, MO 64105-1307

**Please note your account number on your check.** Payment should be made in U.S. dollars and drawn on a U.S. bank. If your check does not clear, your purchase will be canceled and you could be liable for any losses or fees incurred by the Fund or SS&C GIDS, Inc., the Fund's transfer agent. The Fund reserves the right to reject **any** purchase request. For example, to protect against check fraud, the Fund may reject any purchase request involving a check that is not made payable to **The Federated Hermes Funds** (including, but not limited to, requests to purchase Shares using third-party checks) or involving temporary checks or credit card checks.

Your order will be priced at the NAV next calculated after the Fund receives your check and you will be entitled to dividends beginning on the day the check is converted into federal funds (normally the business day after the check is received).

### By Direct Deposit

You may establish Payroll Deduction/Direct Deposit arrangements for investments into the Fund by either calling a Client Service Representative at 1-800-341-7400; or by completing the Payroll Deduction/Direct Deposit Form, which is available on [FederatedHermes.com/us](http://FederatedHermes.com/us) under "Resources" and then "Literature and Forms," then "Forms." You will receive a confirmation when this service is available.

## **THROUGH AN EXCHANGE**

You may purchase Shares through an exchange from any Federated Hermes fund or share class that does not have a stated sales charge or contingent deferred sales charge, except shares of Federated Hermes Institutional Prime Obligations Fund, Federated Hermes Institutional Tax-Free Cash Trust, Class A Shares without a sales charge (“no-load Class A Shares”) and Class R Shares of any Fund provided that you meet any shareholder eligibility and minimum initial investment requirements for the Shares to be purchased (if applicable), both accounts have identical registrations, and you must receive a prospectus for the fund in which you wish to exchange.

### **By Online Account Services**

You may access your accounts online to purchase Shares through [FederatedHermes.com/us](https://FederatedHermes.com/us)'s Shareholder Account Access system once you have registered for access. Online transactions may be subject to certain limitations including limitations as to the amount of the transaction. For more information about the services available through Shareholder Account Access, please visit [FederatedHermes.com/us](https://FederatedHermes.com/us) and select “Sign In” and “Access and Manage Investments,” or call 1-800-341-7400, Option #4 to speak with a Client Service Representative.

### **BY SYSTEMATIC INVESTMENT PROGRAM (SIP)**

Once you have opened an account, you may automatically purchase additional Shares on a regular basis by completing the SIP section of the New Account Form or by contacting the Fund or your financial intermediary. The minimum investment amount for SIPs is \$50.

### **BY AUTOMATED CLEARING HOUSE (ACH)**

Once you have opened an account, you may purchase additional Shares through a depository institution that is an ACH member. This purchase option can be established by completing the appropriate sections of the New Account Form.

## **How to Redeem and Exchange Shares**

You should redeem or exchange Shares:

- through a financial intermediary if you purchased Shares through a financial intermediary; or
- directly from the Fund if you purchased Shares directly from the Fund.

Redemption proceeds normally are wired or mailed within one business day for each method of payment after receiving a timely request in proper form. Depending upon the method of payment, when shareholders receive redemption proceeds can differ. Payment may be delayed for up to seven days under certain circumstances (see “Limitations on Redemption Proceeds”).

For important account information, see the section “Security and Privacy Protection.”

## **THROUGH A FINANCIAL INTERMEDIARY**

Submit your redemption or exchange request to your financial intermediary by the time specified by your financial intermediary. Financial intermediaries are responsible for promptly submitting redemption or exchange requests to the Fund by electronic means permitted by the Fund, or according to the instructions in the sections “By Telephone” or “By Mail” below.

If your financial intermediary submits your redemption or exchange request electronically, your request will be processed and your proceeds will be paid pursuant to operating procedures established by the Fund. If your financial intermediary submits your redemption or exchange request by telephone or by mail, your request will be processed and your proceeds will be paid as outlined in the section “By Telephone” or the section “By Mail” below.

If you deal with a financial intermediary, you will have to follow the financial intermediary’s procedures for transacting with the Fund. For more information about how to redeem or exchange Shares through your financial intermediary, you should contact your financial intermediary directly.

## **DIRECTLY FROM THE FUND**

### **By Telephone**

You may redeem or exchange Shares by calling the Fund at 1-800-341-7400. Your redemption or exchange request will be priced at the NAV next calculated after the request is received by the Fund. Receipt of a redemption or exchange order by a financial intermediary will be deemed received by the Fund to the extent that such financial intermediary has been duly authorized by the Fund to accept such orders.

If you call the Fund or a duly authorized intermediary by noon Eastern time, and your redemption proceeds are wired to you the same day, you will not be entitled to that day’s dividend.

If you call the Fund or a duly authorized intermediary after noon Eastern time and before the end of regular trading (normally 4:00 p.m. Eastern time) on the NYSE, you will be entitled to that day's dividend and your redemption proceeds will be sent to you the following business day.

#### **By Mail**

You may redeem or exchange Shares by mailing a written request to the Fund.

Your redemption or exchange request will be priced at the NAV next calculated after the Fund receives your written request in proper form. If your redemption proceeds are wired to you the same day your order is priced, you will not be entitled to that day's dividend. If a check for your redemption proceeds is mailed to you on the next business day after your request is priced, you will be entitled to dividends through the day on which the Fund priced your request.

Send requests by mail to:

The Federated Hermes Funds  
P.O. Box 219318  
Kansas City, MO 64121-9318

Send requests by **private courier or overnight delivery service** to:

The Federated Hermes Funds  
801 Pennsylvania Avenue  
Suite 219318  
Kansas City, MO 64105-1307

All requests must include:

- Fund Name and Share Class, account number and account registration;
- amount to be redeemed or exchanged;
- signatures of all shareholders exactly as registered; and
- **if exchanging**, the Fund Name and Share Class, account number and account registration into which you are exchanging.

Call your financial intermediary or the Fund if you need special instructions.

#### **Signature Guarantees**

Signatures must be guaranteed by a financial institution which is a participant in a Medallion signature guarantee program if:

- your redemption will be sent to an address other than the address of record;
- your redemption will be sent to an address of record that was changed within the last 30 days;
- a redemption is payable to someone other than the shareholder(s) of record; or
- transferring into another fund with a different shareholder registration.

A Medallion signature guarantee is designed to protect your account from fraud. Obtain a Medallion signature guarantee from a bank or trust company, savings association, credit union or broker, dealer or securities exchange member. **A notary public cannot provide a signature guarantee.**

#### **By Online Account Services**

You may access your accounts online to redeem or exchange Shares through [FederatedHermes.com/us](https://FederatedHermes.com/us)'s Shareholder Account Access system once you have registered for access. Online transactions may be subject to certain limitations including limitations as to the amount of the transaction. For more information about the services available through Shareholder Account Access, please visit [FederatedHermes.com/us](https://FederatedHermes.com/us) and select "Sign In" and "Access and Manage Investments," or call 1-800-341-7400, Option #4 to speak with a Client Service Representative.

#### **PAYMENT METHODS FOR REDEMPTIONS**

Your redemption proceeds will be mailed by check to your address of record. The following payment options are available if you complete the appropriate section of the New Account Form or an Account Service Options Form. These payment options require a signature guarantee if they were not established when the account was opened:

- An electronic transfer to your account at a financial institution that is an ACH member; or
- Wire payment to your account at a domestic commercial bank that is a Federal Reserve System member.

#### **METHODS THE FUND MAY USE TO MEET REDEMPTION REQUESTS**

The Fund intends to pay Share redemptions in cash. To ensure that the Fund has cash to meet Share redemptions on any day, the Fund typically expects to hold a cash or cash equivalent reserve or sell portfolio securities.

In unusual or stressed circumstances, the Fund may generate cash in the following ways:

- **Inter-fund Borrowing and Lending.** The SEC has granted an exemption that permits the Fund and all other funds advised by subsidiaries of Federated Hermes (“Federated Hermes funds”) to lend and borrow money for certain temporary purposes directly to and from other Federated Hermes funds. Inter-fund borrowing and lending is permitted only: (a) to meet shareholder redemption requests; (b) to meet commitments arising from “failed” trades; and (c) for other temporary purposes. All inter-fund loans must be repaid in seven days or less.
- **Redemption in Kind.** Although the Fund intends to pay Share redemptions in cash, it reserves the right to pay the redemption price in whole or in part by an “in-kind” distribution of the Fund’s portfolio securities. Because the Fund has elected to be governed by Rule 18f-1 under the 1940 Act, the Fund is obligated to pay Share redemptions to any one shareholder in cash only up to the lesser of \$250,000 or 1% of the net assets represented by such Share class during any 90-day period. Redemptions in kind are made consistent with the procedures adopted by the Fund’s Board, which generally include distributions of a pro rata share of the Fund’s portfolio assets. Redemption in kind is not as liquid as a cash redemption. If redemption is made in kind, securities received may be subject to market risk and the shareholder could incur taxable gains and brokerage or other charges in converting the securities to cash.

#### **LIMITATIONS ON REDEMPTION PROCEEDS**

Redemption proceeds normally are wired or mailed within one business day after receiving a request in proper form. Payment may be delayed for up to seven days:

- to allow your purchase to clear (as discussed below);
- during periods of market volatility;
- when a shareholder’s trade activity or amount adversely impacts the Fund’s ability to manage its assets; or
- during any period when the Federal Reserve wire or applicable Federal Reserve banks are closed, other than customary weekend and holiday closings.

If you request a redemption of Shares recently purchased by check (including a cashier’s check or certified check), money order, bank draft or ACH, your redemption proceeds may not be made available for up to seven calendar days to allow the Fund to collect payment on the instrument used to purchase such Shares. If the purchase instrument does not clear, your purchase order will be canceled and you will be responsible for any losses incurred by the Fund as a result of your canceled order.

Any attempt to redeem Shares through checkwriting or debit card before the purchase instrument has cleared will be automatically rejected.

In addition, the right of redemption may be suspended, or the payment of proceeds may be delayed, during any period:

- when the NYSE is closed, other than customary weekend and holiday closings;
- when trading on the NYSE is restricted, as determined by the SEC;
- in which an emergency exists, as determined by the SEC, so that disposal of the Fund’s investments or determination of its NAV is not reasonably practicable; or
- in which there are emergency conditions, including liquidation of the Fund, as provided in Section 22(e), and rules thereunder, of the Investment Company Act of 1940.

You will not accrue interest or dividends on uncashed redemption checks from the Fund when checks are undeliverable and returned to the Fund.

#### **CERTAIN SPECIAL LIMITATIONS AFFECTING REDEMPTIONS**

Pursuant to Rule 2a-7, the Fund may impose discretionary liquidity fees on redemptions, subject to a determination by the Fund’s Board, or its delegate, that such a liquidity fee is in the Fund’s best interests. Such determination, including the timing of the application of the liquidity fee, will be based on current market conditions and the Fund’s particular circumstances, and it is expected that such fee would be imposed, if at all, during periods of extraordinary market stress. If the Board, including a majority of the Independent Trustees, or its delegate, determines that imposing a liquidity fee is in the Fund’s best interests, the Fund will impose a discretionary liquidity fee not to exceed 2% of the value of the shares redeemed. The discretionary liquidity fee would be applied to all redemptions and would remain in effect until the Fund’s Board, or its delegate, determines that the fee is no longer in the Fund’s best interests. In the event that a liquidity fee is imposed, the Board, or its delegate, may take certain other actions based on the particular facts and circumstances, including but not limited to modifying the timing and frequency of its NAV determinations.

If liquidity fees are imposed, the Fund will notify shareholders on the Fund’s website. In addition to identifying the Fund, such notifications will include the date of the liquidity fee and details regarding the amount of the liquidity fee. If the Board, including a majority of the Independent Trustees, or its delegate, changes or removes a liquidity fee, the Fund will notify shareholders in the same manner as described above. The imposition of a liquidity fee will also be reported by the Fund to the SEC on Form N-MFP.

All liquidity fees payable by shareholders of the Fund would be payable to the Fund and can be used to offset any losses realized by the Fund when seeking to honor redemption requests during times of market stress. The Fund expects to treat such liquidity fees as not constituting income to the Fund. Under certain circumstances, the Fund may honor redemption or exchange orders (or pay redemptions without adding a discretionary liquidity fee to the redemption amount) if the Fund can verify that the redemption or exchange order was received in good order by the Fund or the Fund's agent prior to the effective time of the discretionary liquidity fee.

A liquidity fee imposed by the Fund may reduce the amount you will receive upon the redemption of your shares and may decrease the amount of any capital gain or increase the amount of any capital loss you will recognize from such redemption. Although there is some degree of uncertainty with respect to the tax treatment of liquidity fees received by money market funds, it is anticipated at this time that a liquidity fee will have no tax effect for the Fund. As the tax treatment will likely be the subject of future guidance issued by the Internal Revenue Service (IRS), the Fund will re-visit the applicable tax treatment of liquidity fees when they are received.

In addition, the right of any investor to receive payment with respect to any redemption may be suspended or the payment of the redemption proceeds postponed during any period in which the NYSE is closed (other than weekends or holidays) or trading on the NYSE is restricted or, to the extent otherwise permitted by the 1940 Act, if an emergency exists as a result of which disposal by the Fund of securities owned by it is not reasonably practicable or it is not reasonably practicable for the Fund fairly to determine the value of its net assets. In addition, the SEC may by order permit suspension of redemptions for the protection of shareholders of the Fund.

Pursuant to rules under Section 22(e) of the 1940 Act, if the Fund's weekly liquid assets fall below 10% and the Board determines that it would not be in the best interests of the Fund to continue operating, the Board may suspend redemptions in the Fund and may approve the liquidation of the Fund. The Board may also suspend redemptions and liquidate the Fund if the Board determines that the deviation between its amortized cost price per share and its market-based NAV may result in material dilution or other unfair results to investors or existing shareholders. Prior to suspending redemptions, the Fund would be required to notify the SEC of its decision to liquidate and suspend redemptions. If the Fund ceases honoring redemptions and determines to liquidate, the Fund expects that it would notify shareholders on the Fund's website or by press release. Distributions to shareholders of liquidation proceeds may occur in one or more disbursements.

### **Involuntary Redemptions**

The Fund operates as a retail money market fund. Accordingly, only Eligible Accounts may be invested in the Fund. Accounts that are not Eligible Accounts are not permitted to invest in the Fund and will be redeemed in accordance with policies and procedures adopted by the Fund's Board. Financial intermediaries will be required to take steps to remove any shareholders on behalf of whom they hold shares in the Fund that are not eligible to be invested in the Fund. Further, financial intermediaries may only submit purchase orders if they have implemented policies and procedures reasonably designed to limit all investors on behalf of whom they submit orders to Eligible Accounts. Financial intermediaries may be required by the Fund or its shareholder servicing agent to provide a written statement or other representation that they have in place, and operate in compliance with, such policies and procedures prior to submitting purchase orders. Neither the Fund nor the Adviser will be responsible for any loss of income in an investor's account or tax liability resulting from an involuntary redemption.

### **EXCHANGE PRIVILEGE**

You may exchange Shares of the Fund for shares of any Federated Hermes fund or share class that does not have a stated sales charge or contingent deferred sales charge, except shares of Federated Hermes Institutional Prime Obligations Fund, Federated Hermes Institutional Tax-Free Cash Trust, no-load Class A Shares and Class R Shares of any Fund.

To do this, you must:

- meet any applicable shareholder eligibility requirements;
- ensure that the account registrations are identical;
- meet any applicable minimum initial investment requirements; and
- receive a prospectus for the fund into which you wish to exchange.

An exchange is treated as a redemption and a subsequent purchase, and is a taxable transaction. The Fund reserves the right to reject any request to purchase or exchange Shares. The Fund may modify or terminate the exchange privilege at any time.

## **SYSTEMATIC WITHDRAWAL/EXCHANGE PROGRAM**

You may automatically redeem or exchange Shares. The minimum amount for all new or revised systematic redemptions or exchanges of Shares is \$50 per transaction per fund. Complete the appropriate section of the New Account Form or an Account Service Options Form or contact your financial intermediary or the Fund. Your account value must meet the minimum initial investment amount at the time the program is established. This program may reduce, and eventually deplete, your account. Payments should not be considered yield or income.

## **CHECKWRITING**

### **SS, CII, CS & CAP Classes**

You may request checks to redeem your Fund Shares. Your account will continue to receive the daily dividend declared on the Shares being redeemed until the check is presented for payment.

## **DEBIT CARD**

### **SS, CII, CS & CAP Classes**

Effective September 30, 2016, the Fund began to reject new applications for a debit card. However, existing Fund shareholders who have a debit card will be permitted to continue to use it and, upon expiration of the debit card, will be permitted to renew the card. Debit card service is not transferable; it is applicable only to the account associated with the debit card service as of September 30, 2016. Shareholders with debit cards will continue to be subject to an annual service fee which the Fund will automatically deduct from their account.

Any attempt to redeem Shares through checkwriting or debit card before the purchase instrument has cleared will be automatically rejected.

## **ADDITIONAL CONDITIONS**

### **Telephone Transactions**

The Fund will record your telephone instructions. If the Fund does not follow reasonable procedures, it may be liable for losses due to unauthorized or fraudulent telephone instructions.

### **Share Certificates**

The Fund does not issue share certificates.

## **Security and Privacy Protection**

### **ONLINE ACCOUNT AND TELEPHONE ACCESS SECURITY**

Federated Hermes will not be responsible for losses that result from unauthorized transactions, unless Federated Hermes does not follow procedures designed to verify your identity. When initiating a transaction by telephone or online, shareholders should be aware that any person with access to your account and other personal information including PINs (Personal Identification Numbers) may be able to submit instructions by telephone or online. Shareholders are responsible for protecting their identity by using strong usernames and complex passwords which utilize combinations of mixed case letters, numbers and symbols, and change passwords and PINs frequently.

Using [FederatedHermes.com/us](http://FederatedHermes.com/us)'s Account Access website means you are consenting to sending and receiving personal financial information over the Internet, so you should be sure you are comfortable with the risks. You will be required to accept the terms of an online agreement and to establish and utilize a password in order to access online account services. The Transfer Agent has adopted security procedures to confirm that Internet instructions are genuine. The Transfer Agent will also send you written confirmation of share transactions. The Transfer Agent, the Fund and any of its affiliates will not be liable for losses or expenses that occur from fraudulent Internet instructions reasonably believed to be genuine.

The Transfer Agent or the Fund will employ reasonable procedures to confirm that telephone transaction requests are genuine, which may include recording calls, asking the caller to provide certain personal identification information, sending you written confirmation, or requiring other confirmation security procedures. The Transfer Agent, the Fund and any of its affiliates will not be liable for relying on instructions submitted by telephone that the Fund reasonably believes to be genuine.

## **ANTI-MONEY LAUNDERING COMPLIANCE**

To help the government fight the funding of terrorism and money laundering activities, federal law requires financial institutions to obtain, verify and record information that identifies each new customer who opens a Fund account and to determine whether such person's name appears on governmental lists of known or suspected terrorists or terrorist organizations. Pursuant to the requirements under the USA PATRIOT Act, the information obtained will be used for compliance with the USA PATRIOT Act or other applicable laws, regulations and rules in connection with money laundering, terrorism or other illicit activities.

Information required includes your name, residential or business address, date of birth (for an individual), and other information that identifies you, including your social security number, tax identification number or other identifying number. The Fund cannot waive these requirements. The Fund is required by law to reject your Account Application if the required information is not provided. If, after reasonable effort, the Fund is unable to verify your identity or that of any other person(s) authorized to act on your behalf, or believes it has identified potentially suspicious, fraudulent or criminal activity, the Fund reserves the right to close your account and redeem your shares at the next calculated NAV without your permission. Any applicable contingent deferred sales charge (CDSC) will be assessed upon redemption of your shares.

The Fund has a strict policy designed to protect the privacy of your personal information. A copy of Federated Hermes' privacy policy notice was given to you at the time you opened your account. The Fund sends a copy of the privacy notice to you annually. You may also obtain the privacy notice by calling the Fund, or through [FederatedHermes.com/us](https://www.federatedhermes.com/us).

## **Account and Share Information**

### **ACCOUNT ACTIVITY**

You will receive periodic statements reporting all account activity, including systematic transactions, dividends and capital gains paid.

### **DIVIDENDS AND CAPITAL GAINS**

The Fund declares any dividends daily and pays them monthly to shareholders.

The Fund does not expect to realize any capital gains or losses. However, the Fund may realize capital gains on certain securities, such as synthetic variable rate demand instruments, that may be redeemed in certain circumstances at a premium to their face value. If capital gains or losses were to occur, they could result in an increase or decrease in dividends. The Fund pays any capital gains at least annually, and may make such special distributions of dividends and capital gains as may be necessary to meet applicable regulatory requirements. Your dividends and capital gains distributions will be automatically reinvested in additional Shares without a sales charge, unless you elect cash payments. Dividends may also be reinvested without sales charges in shares of any class of any other Federated Hermes fund of which you are already a shareholder.

See "Tax Information" below for information on the tax consequences of the Fund realizing a capital gain.

Under the federal securities laws, the Fund is required to provide a notice to shareholders regarding the source of distributions made by the Fund if such distributions are from sources other than ordinary investment income. In addition, important information regarding the Fund's distributions, if applicable, is available via the link to the Fund and share class name at [FederatedHermes.com/us/FundInformation](https://www.federatedhermes.com/us/FundInformation).

### **SMALL DISTRIBUTIONS AND UNCASHED CHECKS**

Generally, dividend and/or capital gain distributions payable by check in an amount of less than \$25 will be automatically reinvested in additional shares. This policy does not apply if you have elected to receive cash distributions that are directly deposited into your bank account via wire or ACH.

Additionally, if one or more dividend or capital gain distribution checks are returned as "undeliverable," or remain uncashed for 180 days, all subsequent dividend and capital gain distributions will be reinvested in additional shares. No interest will accrue on amounts represented by uncashed distribution checks. For questions on whether reinvestment applies to your distributions, please contact a Client Service Representative at 1-800-341-7400.

Certain states, including the State of Texas, have laws that allow shareholders to designate a representative to receive abandoned or unclaimed property ("escheatment") notifications by completing and submitting a designation form that generally can be found on the official state website. If a shareholder resides in an applicable state and elects to designate a representative to receive escheatment notifications, escheatment notices generally will be delivered as required by such

state laws, including, as applicable, to both the shareholder and the designated representative. A completed designation form may be mailed to the Fund (if Shares are held directly with the Fund) or to the shareholder's financial intermediary (if Shares are not held directly with the Fund). Shareholders should refer to relevant state law for the shareholder's specific rights and responsibilities under his or her state's escheatment law(s), which can generally be found on a state's official website.

#### **ACCOUNTS WITH LOW BALANCES**

Federated Hermes reserves the right to close accounts if redemptions or exchanges cause the account balance to fall below:

- \$1,000 for the CS class;
- \$10,000 for the CII and SS classes;
- \$25,000 for the CAP and WS classes.

Before an account is closed, you will be notified and allowed at least 30 days to purchase additional Shares to meet the minimum.

#### **TAX INFORMATION**

The Fund and/or your financial intermediary provides year-end tax information and an annual statement of your account activity to assist you in completing your federal, state and local tax returns. It is anticipated that Fund distributions will be primarily dividends that are exempt from federal regular income tax, although a portion of the Fund's dividends may not be exempt. Dividends may be subject to state and local taxes, although the Fund's dividends will be exempt from the California taxes to the extent they are derived from interest on obligations exempt from such taxes. Although the Fund does not seek to realize capital gains, the Fund may realize and distribute capital gains from time to time as a result of the Fund's normal investment activities. Distributions of net short-term capital gains are taxable to you as ordinary income. Distributions of net long-term capital gains are taxable to you as long-term capital gains regardless of how long you have owned your Shares. Capital gains and non-exempt dividends are taxable whether paid in cash or reinvested in the Fund. Redemptions and exchanges are taxable sales. Please consult your tax adviser regarding your federal, state and local tax liability.

#### **FREQUENT TRADING POLICIES**

Given the short-term nature of the Fund's investments and its use of the amortized cost method for calculating the NAV of Fund Shares, the Fund does not anticipate that in the normal case frequent or short-term trading into and out of the Fund will have significant adverse consequences for the Fund and its shareholders. For this reason and because the Fund is intended to be used as a liquid short-term investment, the Fund's Board has not adopted policies or procedures to monitor or discourage frequent or short-term trading of the Fund's Shares. Regardless of their frequency or short-term nature, purchases and redemptions of Fund Shares can have adverse effects on the management of the Fund's portfolio and its performance.

Other funds in the Federated Hermes family of funds may impose monitoring policies. Under normal market conditions, such monitoring policies are designed to protect the funds being monitored and their shareholders, and the operation of such policies and shareholder investments under such monitoring are not expected to have a materially adverse impact on the Federated Hermes funds or their shareholders. If you plan to exchange your Fund Shares for shares of another Federated Hermes fund, please read the prospectus of that other Federated Hermes fund for more information.

#### **PORTFOLIO HOLDINGS INFORMATION**

Information concerning the Fund's portfolio holdings is available via the link to the Fund and share class name at [FederatedHermes.com/us](https://FederatedHermes.com/us). Such information is posted on the website five business days after both mid-month and month-end then remains posted on the website for six months thereafter. Summary portfolio composition information as of the close of each month is posted on the website 15 days (or the next business day) after month-end and remains until replaced by the information for the succeeding month. The summary portfolio composition information may include identification of the Fund's top 10 credit/obligor exposures, weighted average maturity, weighted average life and percentage breakdowns of the portfolio by effective maturity range and type of security. The Fund's WAM and WAL, Shadow NAV (market-based value of the Fund's portfolio), Weekly Liquid Assets and Daily Flows are posted every business day and remain posted on the website for six months thereafter.

You may also access portfolio information via the link to the Fund and share class name at [FederatedHermes.com/us](https://FederatedHermes.com/us). The Fund's Form N-CSR contains complete listings of the Fund's portfolio holdings as of the end of the Fund's second and fourth fiscal quarters. These reports are also available on the SEC's website at [sec.gov](https://sec.gov).

The Fund files with the SEC a complete schedule of its portfolio holdings as of the close of each month on “Form N-MFP.” Form N-MFP is available on the SEC’s website at [sec.gov](http://sec.gov). You may access Form N-MFP via the link to the Fund and share class name at [FederatedHermes.com/us](http://FederatedHermes.com/us).

In addition, from time to time (for example, during periods of unusual market conditions), additional information regarding the Fund’s portfolio holdings and/or composition may be posted to [FederatedHermes.com/us](http://FederatedHermes.com/us). If and when such information is posted, its availability will be noted on, and the information will be accessible from, the home page of the website.

## Who Manages the Fund?

The Board governs the Fund. The Board selects and oversees the Adviser, Federated Investment Management Company. The Adviser manages the Fund’s assets, including buying and selling portfolio securities. Federated Advisory Services Company (FASC), an affiliate of the Adviser, provides certain support services to the Adviser. The fee for these services is paid by the Adviser and not by the Fund.

The address of the Adviser and FASC is 1001 Liberty Avenue, Pittsburgh, PA 15222-3779.

The Adviser and other advisory subsidiaries of Federated Hermes combined, advise approximately 99 registered investment companies spanning equity, fixed-income and money market mutual funds and also manage a variety of other pooled investment vehicles, private investment companies and customized separately managed accounts (including non-U.S./offshore funds). Federated Hermes’ assets under management totaled approximately \$902.6 billion as of December 31, 2025. Federated Hermes was established in 1955 as Federated Investors, Inc. and is one of the largest investment managers in the United States with more than 2,000 employees. Federated Hermes provides investment products to more than 11,000 investment professionals and institutions.

The Adviser advises approximately 66 registered investment companies and also manages sub-advised funds. The Adviser’s assets under management totaled approximately \$575.4 billion as of December 31, 2025.

### **ADVISORY FEES**

The Fund’s investment advisory contract provides for payment to the Adviser of an annual investment advisory fee of 0.25% of the Fund’s average daily net assets. The Adviser may voluntarily waive a portion of its fee or reimburse the Fund for certain operating expenses. The Adviser and its affiliates have also agreed to certain “Fee Limits” as described in the footnote to the “Risk/Return Summary: Fees and Expenses” table found in the “Fund Summary” section of the Prospectus.

A discussion of the Board’s review of the Fund’s investment advisory contract is available in the Fund’s Form N-CSR for the periods ended October 31 and April 30, respectively.

## Financial Information

### **FINANCIAL HIGHLIGHTS**

The Financial Highlights will help you understand the Fund’s financial performance for its past five fiscal years. Some of the information is presented on a per Share basis. Total returns represent the rate an investor would have earned (or lost) on an investment in the Fund, assuming reinvestment of any dividends and capital gains.

This information has been audited by Ernst & Young LLP, an independent registered public accounting firm, whose report, along with the Fund’s audited financial statements, is included in the Fund’s filing on Form N-CSR.

## Appendix A: Hypothetical Investment and Expense Information

The following charts provide additional hypothetical information about the effect of the Fund's expenses, including investment advisory fees and other Fund costs, on the Fund's assumed returns over a 10-year period. The charts show the estimated expenses that would be incurred in respect of a hypothetical investment of \$10,000, assuming a 5% return each year, and no redemption of Shares. Each chart also assumes that the Fund's annual expense ratio stays the same throughout the 10-year period and that all dividends and distributions are reinvested. The annual expense ratios used in each chart are the same as stated in the "Fees and Expenses" table of this Prospectus (and thus do not reflect any fee waiver or expense reimbursement currently in effect). The maximum amount of any sales charge that might be imposed on the *purchase* of Shares (and deducted from the hypothetical initial investment of \$10,000; the "Front-End Sales Charge") is reflected in the "Hypothetical Expenses" column. The hypothetical investment information does not reflect the effect of charges (if any) normally applicable to *redemptions* of Shares (e.g., deferred sales charges, redemption fees). Mutual fund returns, as well as fees and expenses, may fluctuate over time, and your actual investment returns and total expenses may be higher or lower than those shown below.

### FEDERATED HERMES CALIFORNIA MUNICIPAL CASH TRUST - WS CLASS

**ANNUAL EXPENSE RATIO: 0.38%**

# Notes

An SAI dated February 28, 2026, is incorporated by reference into this Prospectus. Additional information about the Fund and its investments is contained in the Fund's SAI, Annual and Semi-Annual Reports to shareholders and in Form N-CSR as they become available. In Form N-CSR, you will find, among other information, the Fund's annual and semi-annual financial statements. The SAI contains a description of the Fund's policies and procedures with respect to the disclosure of its portfolio securities. To obtain the SAI, Annual Report, Semi-Annual Report and other information, such as financial statements, without charge, to make inquiries or request e-delivery, call your financial intermediary or the Fund at 1-800-341-7400. You may also access the Fund's Prospectus, SAI, Annual Report, Semi-Annual Report, financial statements and other information on the Fund's website at [FederatedHermes.com/us/FundInformation](https://FederatedHermes.com/us/FundInformation).

These documents, as well as additional information about the Fund (including portfolio holdings, performance and distributions), are also available on [FederatedHermes.com/us](https://FederatedHermes.com/us).

You can obtain information about the Fund (including the SAI) by accessing Fund information from the EDGAR Database on the SEC's website at [sec.gov](https://sec.gov). You can purchase copies of this information by contacting the SEC by email at [publicinfo@sec.gov](mailto:publicinfo@sec.gov).
